Hi Rachel,
I own property directly across Whipps Mill Rd from the proposed development. I'm not at all against it. I think they did a beautiful job rehabbing the existing facility so I'm sure this will be look nice as well. My concern lies with the physical condition of Whipps Mill Road in this area. It's full of potholes and roughly done patches. Is there any part of this plan that goes into repairing the road and possibly improving it to handle the additional traffic?

Thanks so much, in advance, for your time!
