Ah, this is a revision that was submitted. I checked in our system and it was entered under the parcel ID. The address is 3003 Twin Creek Dr. It's a minor plat to create 2 lots from 1 on 0.56 acres in the R5A zoning district.
Best,
Heather

Hello,
I think I should be able to find that out. It's possible the property wasn't assigned an address. Did it list a case number or intake date? We received 7 this week but none of them are showing District 17 on our report.
Best,

There is a minor plat request listed in the latest weekly activity report for District 17, but no address is listed. Can you help me out with that?
