Good Afternoon,
I am writing to say that we are in favor of The Hardens at 506 Tiffany Lane being able to build their garage. They have done a beautiful job of bringing a once eyesore on the street back to life and in turn helped drive up the property value of the neighborhood. I have no doubt that the architecture of the new structure will keep with the general character of the existing house and neighborhood. Due to the odd shaped lot that the house sits on, they seemingly have no choice but to build what they are proposing. The variance that they are asking for is small and would likely go unnoticed. There are several other homes in the neighborhood with forward facing garages with the facade being in front of the primary structure. The unique build of each home in the neighborhood is what makes Rolling Fields so special.

Thank you,
Emily and Weston Adams
3718 Fairway Lane
