---

This is not a "blast wall". This is simply a wall that Welder's Supply has for security around the whole facility. It is not a requirement. It will be made of concrete and will be very similar to the wall that is around their other properties.

Subject: RE: 340 Byrne Avenue CUP

Is there any way we can request additional information about the 8'-10' concrete blast wall proposed to be built right on the property line?

Can you send me the plan for 340 Byrne Avenue? We have a Park and maintenance facility right next door to this address.
