BOARD OF ZONING ADJUSTMENT MINUTES
May 23, 2022

BUSINESS SESSION

22-VARIANCE-0043

Request:	Variance to allow an existing accessory structure to encroach into the required side yard setback
Project Name:	Moran Variance
Location:	3615 Norbourne Blvd.
Owner/Applicant:	Matt Moran
Jurisdiction:	City of St. Matthews
Council District:	9 – Bill Hollander
Case Manager:	Chris French, AICP, Planning & Design Supervisor

The staff report prepared for this case was incorporated into the record. The Board members received this report in advance of the hearing, and this report was available to any interested party prior to the public hearing. (The staff report is part of the case file maintained at Planning and Design Services offices, 444 South 5th Street.)

BUSINESS SESSION

22-VARIANCE-0043

WHEREAS, the Board further finds that the requested variance will not cause a hazard or nuisance because the existing detached garage has existed on the subject property for a number of years without incident. In addition, the adjacent property potentially impacted by the requested variance is owned by the applicant as well, and

WHEREAS, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations since the detached garage has existed on the subject property for a number of years and keeping the structure in its current location would not circumvent the zoning regulations; now, therefore be it

RESOLVED, the Louisville Metro Board of Zoning Adjustment in Case Number 22-VARIANCE-0043 does hereby **APPROVE** Variance from Section 4.6.C.2.b of the St. Matthews Development Regulations to allow an existing accessory structure to encroach within the side yard setback (**Northeastern Side Yard Setback Requirement 6 ft., Request 0 ft., Variance 6 ft.**).

The vote was as follows:

Yes: Members Bond, Leanhart, Ford, Vozos, Vice Chair Buttorff, and Chair Howard

PUBLIC HEARING

CASE NUMBER 22-VARIANCE-0049

00:20:32 On a motion by Vice Chair Buttorff, seconded by Member Bond, the following resolution, based upon the Standard of Review and Staff Analysis, and the testimony heard today, was adopted:

WHEREAS, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare as it will not impede the safe movement of pedestrians or vehicles and will be constructed to comply with all building codes, and

WHEREAS, the Board further finds that the proposal will not alter the essential character of the general vicinity as it continues the current setback of the principal structure and it is located in an area where minimal setback from property lines and attached units are common, and

WHEREAS, the Board further finds that the requested variance will not cause a hazard or nuisance to the public as it is located to the rear of the property away from the public realm and maintains consistent setbacks to what is found in the area and on the subject site, and

WHEREAS, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations as it presents no adverse impacts to public safety, does not alter the character, and does not create a hazard or nuisance; now, therefore be it

RESOLVED, the Louisville Metro Board of Zoning Adjustment in Case Number 22-VARIANCE-0049 does hereby **APPROVE** Variance from Land Development Code Section 5.2.2 to reduce the side yard setback from 3' to 0'.

PUBLIC HEARING

CASE NUMBER 22-VARIANCE-0060

00:41:40 Board Members' deliberation

00:50:19 On a motion by Member Leanhart, seconded by Member Ford, the following resolution, based upon the Standard of Review and Staff Analysis, and the testimony heard today, was adopted:

WHEREAS, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare as the increase in height does not impede the safe movement of pedestrians or vehicles, and

WHEREAS, the Board further finds that the proposed height will alter the essential character of the general vicinity as the height of fences located in side yards is more common to be less than 8' and constructed of wood or chain link. The height along the alley appears consistent with taller fences or walls at the alley, including accessory structures, and

WHEREAS, the Board further finds that the requested variance will not cause a hazard or nuisance to the public as it does not interfere with the movement of people or vehicles and no natural features are impacted

WHEREAS, the Board further finds that the requested variance will allow an unreasonable circumvention of the zoning regulations as the fence was/is capable of being constructed or modified to be within the height limits, especially along the side property lines; now, therefore be it

RESOLVED, the Louisville Metro Board of Zoning Adjustment in Case Number 22-VARIANCE-0060 does hereby **DENY** Variance from Land Development Code Section 4.4.3 to allow a fence located in the rear and side yard setback to exceed the maximum height of 8' and be 8'6" in height.

PUBLIC HEARING

CASE NUMBER 22-VARIANCE-0030

01:00:24 Board Members' deliberation

01:01:10 On a motion by Member Vozos, seconded by Member Ford, the following resolution, based upon the Standard of Review and Staff Analysis, and the testimony heard today, was adopted:

Variance from Land Development Code Section 5.4.1.D.2 to allow a private yard area to be less than the required 30% of the area of the lot:

WHEREAS, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare, because the structure must be constructed to comply with all applicable building codes and the Land Development Code, except where relief is requested, and

WHEREAS, the Board further finds that the proposed garage will not alter the essential character of the general vicinity as it is going to be built with material that will be in character with the existing residence and surrounding residential neighborhood. There are other properties in the area that do not meet the private yard requirements, and

WHEREAS, the Board further finds that the requested variance will not cause a hazard or nuisance to the public because the structure must be constructed to comply with all building codes, and

WHEREAS, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations as the proposed garage will occupy approximately the same location as the existing garage but will be larger. There is additional open space that cannot be counted towards the private yard calculation. If this area could be counted toward the private yard, then a variance would not be required; and

Variance from Land Development Code Table 5.2.2 to allow an accessory structure to encroach into the rear yard setback:

WHEREAS, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare, because the proposed structure must be constructed to comply with all building codes and the Land Development Code, except where relief is requested, and

CASE NUMBER 22-VARIANCE-0030

WHEREAS, the Board further finds that the proposed garage will not alter the essential character of the general vicinity as it is going to be built with material that will be in character with the existing residence and surrounding residential neighborhood. The proposed garage setback is similar to others in the area, and

WHEREAS, the Board further finds that the requested variance will not cause a hazard or nuisance to the public because the structure must be constructed to comply with all building codes, and

WHEREAS, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations as the proposed garage setback will be similar to the existing garage and others in the area; now, therefore be it

RESOLVED, the Louisville Metro Board of Zoning Adjustment in Case Number 22-VARIANCE-0030 does hereby **APPROVE** Variance from Land Development Code Section 5.4.1.D.2 to allow a private yard area to be less than the required 30% of the area of the lot (**Private Yard Area Requirement 2,400 sq. ft., Request 1,338 sq. ft., Variance 1,062 sq. ft.**) and Variance from the Land Development Code Table 5.2.2 to allow an accessory structure to encroach into the rear yard setback (**Rear Yard Setback Requirement 5 ft., Request 3.08 ft., Variance 1.92 ft.**).

CASE NUMBER 22-VARIANCE-0032

01:08:55 Board Members' deliberation

01:09:02 On a motion by Member Leanhart, seconded by Member Bond, the following resolution, based upon the Standard of Review and Staff Analysis, and the testimony heard today, was adopted:

WHEREAS, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare, because the proposed structure must be constructed to comply with all building codes, including fire codes; however, staff is concerned that the variance could adversely affect the adjacent property owner because construction and maintenance of the structure may require encroachment onto the adjacent property to the south; **the Board finds that the variance will not adversely affect the public health, safety or welfare based upon the testimony heard today**, and

WHEREAS, the Board further finds that the requested variance will not alter the essential character of the general vicinity as the proposed use is a garage and the area has predominantly non-residential uses, and

WHEREAS, the Board further finds that the requested variance will not cause a hazard or nuisance to the public because the structure must be constructed to comply with all building codes, and

WHEREAS, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations as the subject property is only 27.5 ft. in width; now, therefore be it

RESOLVED, the Louisville Metro Board of Zoning Adjustment in Case Number 22-VARIANCE-0032 does hereby **APPROVE** Variance from Land Development Code Table 5.2.2 to allow a structure to encroach into the side yard setbacks (**North Side Yard Requirement 10 ft., Request 3.5 ft., Variance 6.5 ft.; South Side Yard Requirement 10 ft., Request 0 ft., Variance 10 ft.**).

must be constructed to comply with all applicable building regulations and the Land Development Code, except where relief is requested, and

WHEREAS, the Board further finds that the requested variance may alter the essential character of the general vicinity as there does not appear to be any fences in the area that exceed 96 inches in height. However, the design of this fence along with its neutral color reduce the impact of its height, and

WHEREAS, the Board further finds that the requested variance will not cause a hazard or nuisance to the public because the fence is located in the rear and side yards with no access to the public and must be constructed to comply with all building codes, and

WHEREAS, the Board further finds that the requested variance may allow an unreasonable circumvention of the zoning regulations as the fence is not a standard height for a privacy fence; now, therefore be it

RESOLVED, the Louisville Metro Board of Zoning Adjustment in Case Number 22-VARIANCE-0048 does hereby **APPROVE** Variance from Land Development Code Section 4.4.3.A.1.a.ii to allow a fence to exceed 96 inches in height in the rear and side yard setback (**Rear and Side Yard Fence Height Requirement 96 in., Request 100 in., Variance 4 in.**), **SUBJECT** to the following Condition of Approval.

PUBLIC HEARING

CASE NUMBER 22-VARIANCE-0050

02:41:06 Board Members' deliberation

02:41:07 On a motion by Member Leanhart, seconded by Vice Chair Buttorff, the following resolution, based upon the Standard of Review and Staff Analysis, and the testimony heard today, was adopted:

WHEREAS, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety or welfare, because the structure must be constructed to comply with all building codes, including fire codes, and

WHEREAS, the Board further finds that the requested variance will not alter the essential character of the general vicinity as there is another similar addition at the intersection of Hughes Road and Macon Avenue, and

WHEREAS, the Board further finds that the requested variance will not cause a hazard or nuisance to the public because the structure must be constructed to comply with all building codes, and

WHEREAS, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations as the addition is a similar distance as other additions in the vicinity; now, therefore be it

RESOLVED, the Louisville Metro Board of Zoning Adjustment in Case Number 22-VARIANCE-0050 does hereby **APPROVE** Variance from City of St. Matthews Development Code Section 4.7.C.2.c to allow a structure to encroach into the required street side yard setback (**Street Side Requirement 25 ft., Request 18 ft., Variance 7 ft.**), **SUBJECT** to the following Condition of Approval.

Condition of Approval:

1. A minor subdivision plat shall be approved by Planning & Design Services and recorded with the Jefferson County Clerk's Office prior to the issuance of building permits.

CASE NUMBER 22-VARIANCE-0042

03:17:21 Board Members' deliberation

03:17:47 On a motion by Member Leanhart, seconded by Member Bond, the following resolution, based upon the Standard of Review and Staff Analysis, and the testimony heard today, was adopted:

WHEREAS, the Louisville Metro Board of Zoning Adjustment finds that the requested variance will not adversely affect the public health, safety, and welfare, because the proposed structure must be constructed to comply with all building codes; however, staff is concerned that the variance could adversely affect the adjacent property owner because construction and future maintenance of the accessory structure may require encroachment onto the adjacent property, and

WHEREAS, the Board further finds that the requested variance will not alter the essential character of the general vicinity as since the proposed accessory structure replaces a previous accessory structure that was located the same distance from the property line, and

WHEREAS, the Board further finds that the requested variance will not cause a hazard or nuisance to the public because the structure must be constructed to comply with all building codes. In addition, the proposed accessory structure replaces an existing accessory structure that was setback the same distance from the side property line as the proposed accessory structure, and

WHEREAS, the Board further finds that the requested variance will not allow an unreasonable circumvention of the zoning regulations since the proposed accessory structure replaces an existing accessory structure that was setback the same distance from the side property line as the proposed accessory structure; now, therefore be it

RESOLVED, the Louisville Metro Board of Zoning Adjustment in Case Number 22-VARIANCE-0042 does hereby **APPROVE** Variance from Section 4.6.C.2.b of the St. Matthews Development Regulations to allow an accessory structure to encroach within the side yard setback (**Northeastern Side Yard Setback Requirement 6 ft., Request 0 ft., Variance 6 ft.**), with **RELIEF** from Standard A because the applicant has submitted a letter from the adjoining property owner allowing access for construction and maintenance.
