Yes, thank you. Megan Metcalf from Metro Council district 8 Cassie Chambers Armstrong's office. I also have a few amendments on this, but, um.

uh, actually suit, um, women and teams who are, um, seeking job opportunities they also are helping, um, people who are working through court programs, um, diversion and people who are working through family unification. They really.

Offer a diverse, um, amount of services to women and teams who are primarily living in poverty, um, this cargo van, um, they're looking to purchase a Ford cargo van, which would also help them to do more outreach with, um, smaller organizations. That don't need the entire RV as well as a lot of, uh, youth services.

So they can actually tailor the types of clothing and technology that they're bringing to the population.

That they're serving um, so, uh, with that being said, I also have some amendments to offer. Would you like me to do that now, or? Sure and then council and would love to, um, he will propose that amendment. That's what he does.

The, the amendments that I have are, um, 500 dollars being appropriated from district 1 council office.

"Powell, Brian"

You're fine. That's fine. Um, this is a reconsideration. I believe we had to resubmit this because the India.

Was signed, but the paperwork was not returned in time for the original timeline.

Um, so we are just really submitting the request so that we can still give them money, even though.

The stuff's already occurred, but, um, hopefully they will get us all the information back in time. So that way they can get the funds.

So hopefully all right.

"Blackwell, Rick"

Questions or concerns you want to in a queue all those in favor say aye aye aye. Any opposed.

Item passes

Item 7 is appropriating 9,000 dollars from neighborhood development funds in the following manner. 4,500 dollars each from the 615 and 21 to public works for the West Florence Avenue right away closure.

"Peden, James"

Motion Peden.

"Triplett, Kevin"

2nd Triplett

"Blackwell, Rick"

Thank you. Item is before for us. You're up.

"Roarx, Rachel"

Does Rachel legislative aid for Councilwoman Nicole George district 21 the West Warren's Avenue right away.

Closure includes costs for collection of deeds and plants, um, for approximately 7 parcels and conducting a topographical survey to establish the existing right away developing the platform metro government review and to address comments, preparing up to 3 legal descriptions, setting property concerns for the right away and submitting final stamped plat to metro government. So it's all the prep work needed for this right away closure, which I'm hoping to.

Restore it to a different type of use, um, because right now there's no actual homes that are impacted by that right away um, being open. So we want to make sure that we're, um, being able to.

Do something different in that space? It's been a challenge for many years.

"Blackwell, Rick"

Okay, good questions or concerns.

"Peden, James"

I I do here in chambers.

"Blackwell, Rick"

Sure. Councilman Peden

"Peden, James"

So, is this an existing paved road or is it 1 of those imaginary right of ways that never actually got done? Because I've had a few of those

"Roarx, Rachel"

this 1 is a right of way. It's.

The sack and where it leads to right now, is it does not, like, connect to anything. It.

Connects back to circle K I guess you could say. So there's an extra opening to get into a gas station. Um.

But it does maybe Councilman Triplett can probably describe the space a little bit better about, like, how it came to be this way. Mm. Hmm. Um, but right now it's like, um, it is paved.

"Peden, James"

I guess the reason I'm asking is we, several of us on the council are dealing with, for instance.

Private roads that need a lot of work, but we don't own them. Now, we're giving this 1 up to go to someone else. I'm assuming.

"Roarx, Rachel"

Uh, Councilman Triplett. Would you like to describe the space?

"Triplett, Kevin"

I, I would, uh, thank you, Rachel.

And, uh, colleagues, this, uh, all I have to do is tell you this is the ramp that leads off the Watterson, the westbound Watterson off to 3rd street and the, um,

the problematic area that we've been wrestling with for several years right there at the circle K.

Uh, with the currency panhandling, homeless, uh, that's just scratching the surface. Uh, this is a an idea that we tossed around a couple of years.

Now, the actual, uh, that area now belongs to district 21. one

And it's an idea that we're going to revisit, we're going to get this a shot the road. That's just a cold. A 2nd leads nowhere many, many, many, many years ago.

That was that Florence Florence Avenue came off of 2nd street straight into 3rd long before that Waterson ramp.

Uh, exit was developed many, many years ago, so we did empty out into 3rd. It does not any longer. And what it does is just simply lends itself to.

Gathering a gathering spot for, uh, for unwanted activity and we've, we've, we've tried,

"Peden, James"

but my question is, we're giving it to someone or

"Triplett, Kevin"

No, it's just it's just going to be space. The the road will be closed.

"Peden, James"

That that's all. I'm asking.

I'm good. I just again, I was she was talking about all the re, parcels and all this other stuff, and I was picturing like, we're dividing it up among surrounding property owners or something and that's where this 9 grand is going. No, that's cool.

That's I mean, I guess we'll just pour some dirt down and plant some grass and call it a day. That's cool too.

"Roarx, Rachel"

Well, to be determined what happens to the space, but, um, yeah, not the way that it exists now

"Triplett, Kevin"

and and further and green heart is doing a major treat planting, uh. That area on the other side of the street, and we had the state remove the state easement to now keep that in mind. Uh, we had them remove some overgrown rubbish and brush and things like that. And we cleaned it up very, very nice.

Because it was just a nuisance so, uh, we, we were gonna try this. We will maintain a, we keep we keep the property councilman and, uh, we're, uh, we're gonna try and do approach on this.

"Peden, James"

Okay,

"Triplett, Kevin"

Thank you. Very much.

"Blackwell, Rick"
