

**Unedited Captioning Transcript of Metro Council Meeting - February 16, 2023**

Metro TV 30 seconds 30 seconds metro TV.

The regular local metro council meeting of February of 16 2023 will please come to order.

Please rise for the pledge of allegiance to the flag.

The United States of America.

It to the republic for which stands? 1 nation.

Under God, indivisible with liberty and justice.

This meeting is being held pursuant to 61.8206 and counsel rule 5.

Madam clerk a roll call please counsel member Hawkins.

Council member Shanklin isn't council member Rashad.

President can't remember Arthur.

Council member purpose is it? I don't remember Baker.

Was it president pro temp training here? Council member Armstrong? Yeah counsel member Owen.

Your council member? Mulvihill your counsel member Kramer.

Your council member BLACKWELL council member signed.

Council member your council member chapel.

Your council member read president Winkler.

Here council member, Parker, counsel member and.

Council member Benson council member Roy.

Your council member angle resident council member Hudson.

Council member flood your council member by Shawn counsel member accuracy.

Madam president for Tim, you have 26 present and a quorum.

Thank you 1st, counseling councilman Shanklin wishes to recognize her special guests.

Councilwoman Shanklin the floor is yours? Madam chair resident I will not be going down. I don't want to take the 10 to go down steps.

Uh, Caleb in councilman biker, going to go there and I will take a picture with them if they come up here.

Okay.

Okay.

Okay.

Are we all okay. Perfect. This is Kayla empowered with district number 2 councilman Dr Shanklin. We just wanted to recognize Todd done for the work that he did for our Christmas event. It's an annual Christmas event. We got 20 bikes in our district. I know for the kids.

I'm not sure how many you went to district 6, but also a sizable amount went to district 6.

And we just wanted to give our sincere things. I know. The kids loved them. I was out there. I saw them, I saw them ride them around and that's 1 of the doctors tankless top things that she loves to do every year. And so we just want to give you a proclamation. I'll go ahead and read it now.

It's to whom these letters shall come greetings, knowing that the local metro council nearby issues, a proclamation honoring Todd done.

Whereas president of U. A. W local 862 Mr. Don has generously contributed to the well, being of the communities representative district, 2 and district 6.

And whereas Mr. don's partnership with make a wish foundation and Metro United way has positively impacted.

Are underserved communities and whereas we, thank Todd done for being so generous.

Giving his, all to spread hope and love in the community. Now therefore it'd be resolved at the local metro Council. Hereby confirm and pay tribute to him.

By way of this proclamation with all the rights privileges and responsibilities, they're on to.

In testimony, we have caused these letters to be made in the seal of the local metro government.

To be hearing to a fixed counsel. Dr Barbara.

Thank you and I also would like to have some time for councilman Baker to make a few comments.

Thank you chair anyone who knows, even though I'm a new elected councilman anybody who knows brother done here knows he is 1 of the most selfless people that we know he's always advocating for a youth,

which is always 1 of my top things as a counselor and district 6, and he always is fight entirely for those who don't have a voice from union workers. Again. He talked about making a wish foundation he gives he gives them gifts.

So on behalf of every constituent.

District 6, and thank you for all the love the bikes, the energy, whatever it may be. We appreciate you from the bottom of my heart and.

We appreciate people just like Todd died and we just thank you and want to give you your flowers while you're here. Thank you.

Mr. done would you like to have any comments? Yeah, I just want to. Thank the council. It's awesome to have a branch of government. That cares. You see both sides of the. I've been involved in politics and Chad to be a part of the footprint and part of the solution not the problem for so many years.

There's a lot of council members that's gone before he and current council members that I've worked with and I look over Rick black male that I've known for almost 30 years and we never stopped trying to do something good.

Community and labor, you know, talk about Todd done. It's not my award. It's all those in labor. We represent 54,000 members in the community. Those are labor families.

They help build the communities, and we want to continue to join metro council and leaving it better than we found it. And do that with mindfulness and not taking too much from ourselves.

But it's always important to have Council people who just like Barbara sanko who makes me smile when I see her. see her

Is how humble it is to just stay there and help somebody else that couldn't help themselves, even though they would want to, or have a chance later in life. So, again, thank you very much. I appreciate what you are doing and continue to make more of a better place.

Okay.

Hello.

Next, I believe councilman has invited a few special guests councilman. You have the Florida.

Don't see.

Hello.

Good evening colleagues this is 1 of those few times. You can really tell how short I am in real life.

I have some very, very special guests today.

And let me start off by introducing all of them. This is the University of women's volleyball team, and I want to introduce them each by name if you're here Please raise your hand.

And then I've got a few of the people who were part of this year's team that were unable to make it today as well. But Jones.

189 "Bennett, Olivia" (3844523520)

00:21:42.479 --> 00:21:45.899

Add in Bartlett and the beer.

Ellie charity looper.

Alexis Nina Moore.

Hannah Sherman.

Care cressy. Elena Scott.

Am I a, and coach Dan.

And unfortunately weren't able to be joined by the head coach tonight but let me also acknowledge some of the players that were part of this roster season who are not able to join us. And that's clear.

Alexa, Hendricks CC rush.

Page Morningstar Raquel, Lazaro and Sydney Chetan.

Ladies and gentlemen is a volleyball town.

We have more talent per square foot in this sport than in any other city in American. I'm convinced of that.

I brought my daughters when we moved here, they were 2 and a half years old, and I was a big soccer guy growing up. And so, of course, I rolled my girls in soccer and they were in the Catholic school system.

And I got absolutely hazed by all of my friends for why my daughters weren't playing volleyball.

And I didn't understand it until finally they hooked me.

And even this weekend, my family's heading out of town with thousands and really tens of thousands of other families to St. Louis of all places.

To play volleyball in a huge tournament of which these ladies are very familiar with.

I do want to take a minute a somber moment.

To acknowledge that actually, it was 2 it was 3 years ago.

2 days ago on valentine's day that we lost.

4 members of our volleyball community.

And Kerry and Casey McCall, Carrie was 44 years old. Casey was 12 years old.

Leslie and Ryan prefer.

Leslie was 40 and her daughter was 12 years old.

Who were killed, who was and Leslie was a member of our own local fire department.

Who were killed in a tragic car accident while heading to 1 of these tournament.

So, I wish everybody that's heading out, including my own family a safe weekend.

But part of the reason we are a volleyball town is because of this team right here.

And the amazing work of these ladies and their coaching staff.

Uh, 3 of the players themselves, although the team is recruited from literally internationally.

3 of the players come right from our own area 2 from Louisville and 1 from right across the river. And I have to tell you it is rare to find a team of this caliber where you get that many players coming from your local area.

My family and I are season ticket holders. We watched.

Last year through your undefeated season, which was just incredible through 2 final four's. Now, through the 2nd place finished this year in the N. C. double a tournament and God only knows what the future is going to bring, but it's going to be huge.

I just wanted to say to the ladies, you are truly role models, icons and idols.

For the young athletes, and particularly young female athletes.

I mentioned to you earlier, my daughter has attended the view of all overnight camp.

And her interactions with you all have been some of the greatest impacts.

Of a perception of a sport and overall teamwork it's very appreciated.

I would ask if you can do me a favor. I no CC rush couldn't be here. I do want to ask if you all could let her know that we have stolen or service chance. The thing you guys do pretty easy.

So, when my daughter CC comes up to play, I give her the same chance that CC rush gets.

And I did want to point out, I would tell stories about every single 1 of the ladies and the different stuff I've seen you do on the court. But I did mention, I was going to also point out Jones every team needs a hype girl or hype women and please for the love of God, keep it up.

You know, as I mentioned earlier when 2nd and 4th set 2nd row, please bump anytime we'd love to.

And last thing I want to say, maybe more broadly to the university level administration.

Um, many of that don't know and if you haven't been to 1 of the volleyball games, you got to go the stadium's. Awesome. It's very tight. It's very it's got a great feel to it.

But I would say to the administration is this program has grown and evolved and with all the attention it's getting nationally, let's make sure it's properly resourced.

I just hope it was a nasty rumor that I heard at 1 point about needing assistance and.

Recognizing some of the achievements that you all have made, and I will tell you the stadium is constantly sold out. So if, if it's a revenue issue, build a bigger stadium, so more of us can enjoy your matches.

And if there's ever any problems with recognizing your achievements.

Give me a call and we'll figure it out. Okay. With that said, I'd like to present this proclamation today. It reads as such to all to all whom these letters shall come.

Greetings Nagy that the global metro council here by honors and recognizes February 16th 2023 as the University of global women's volleyball recognition day and recognition of their outstanding accomplishments over the last several years. over the last several years

The University of liberal women's volleyball team and coaching staff are leaders at a beacon for women's and girls sports everywhere.

We recognize that they are not only 1 of the most successful athletic programs at the University of Louisville, but our, but our role models to young girls and athletes who dream of excellence both academically and athletically.

Some of their accomplishments over the last few years, include the 1st ACC team to reach an N. C. double a championship match runners up in the

2022 ncwa championship match back to back final 4 appearances in 2021 and 2022. the 1st, undefeated regular season. 2008.

and two thousand and twenty two the first undefeated regular season two thousand and eight

The 1st woman coach with an undefeated regular season in 2022 and Danny bus, boom, Kelly, the 1st final for appearance in the University of global program history in 2021 and the 20,202,021, ABC, national coach of the year award.

We're here by confer this honor with all the rights privileges and responsibilities there to appertaining and testimony wherever we have these letters to be made, and the sea of a little global government to be hearing to a fixed ladies and gentlemen. Please welcome.

little global government to be hearing to a fixed ladies and gentlemen please welcome

Please join me and congratulating. Are you a women's volleyball team?

Please, forgive me if I stumble over my words, I'm a little emotional, um.

My name is Michael Jones, and we on behalf of my team, we just really want to say, thank you for inviting us here and presenting us with this proclamation. I think.

Or I know it means a lot to us, it means a lot to those who aren't able to be here. It means a lot to our universities or athletic department. And, like you said, to the city of local, I think.

You talk about role models that people standing behind and beside me are some of my biggest role models, and I think we feed off of each other's energy and we try to.

Be good people, and we try to let those who watch us play.

Feel that and enjoy that and I think that's 1 of the biggest reasons why we have been able to do all those things that you just said and we are grateful that you are able to see that and that you've chosen to recognize that it means a lot to us,

and we will continue to do our best to hold the standard high.

Thank you councilman re, would like a few words very,

very quickly and I express myself earlier saying that I probably like many people in the city that are 1st time volleyball fans, but just a couple of things watching you over the course of the year.

1, you're a match against UK when you were being abused by their students section, and you hung in there. I was very impressed with that.

And to the enthusiasm with which you play, I mean, it's infectious. It really is. So congratulations. And do it again next year. So, let me just say because of the UK, the UK.

Kicking this year was fine. It was that UK, whatever their their fans are terrible whatever, but so.

The universe fans much better. Wonderful people. Very exciting.

I will say last year's you rebel UK game at.

Was ridiculous. It was so close ended up winning by 2 in the 5th set.

It was such a close match overall across the 5 sets.

You have all scored 102 points, UK scored 101 points and right after the game. I'll never forget you guys just started running the stadium and high fiving everybody. And it was truly a magical thing.

That rivalry is a lot of fun and I'm just messing with you guys and nobody hurt me over UK comments. Right? But, yeah, we love our U of our team. That's a magical game. If you ever get to see a game, that's the 1 to say. game that's the one to say

All right, let's go from here.

You don't work with me.

Council members who want to join in the picture.

Please join.

Okay.

Okay.

I can stand on that.

Hello.

That's.

Right.

Ready all right.

123 take a couple of.

1, 2, 3.

Awesome.

Thanks.

I'm like.

Yea, absolutely feelings mutual. I appreciate you guys, thank you.

September 17.

Okay.

Thank you thank you.

Right.

Next.

Counsel woman has invited Mrs Wanda Trimble and her team and special guests.

Council on the floor is yours?

Thank you. I'm.

Madam, Tim, y'all would like to come out.

So, behind me, I have got.

Wanda tremble who is just a standing of what she does, you know, her, because she brings food to us all the time, which is so.

A blessing so much a blessing that she also organizes behind the scenes and make sure that kids from Valley high school have a good holiday season and.

Make sure that kids in around Valley station have coats to wear when it's cold outside through wayside code project. So I'm here today to.

Honor her for her hard work, and those of the community that stepped up to help make it possible. 1st, we have Matt.

Matt DoD is with mcdonald's in Valley station and his assistant Don dusky.

Do so much for the community, and we appreciate you being here and I'm going to read this 1 time because they all saw the say the same thing.

So, it's to all of these.

To whom all these letters come? Greetings no, Jesus, the little metro council here about honors and recognizes.

Matt DoD Don, dusky from mcdonald's at Dixie highway for their contribution and generosity to the valley Christmas project, and the wayside code project that helped numerous Valley high school families through the holidays.

We hear back and forth this honor with all of this rights and responsibilities. They're into appertaining and testimony. They're aware of we have caused these letters to be made.

And the sale of metro level here into a fixed. So I'm going to give that to you, Matt to pass on and there's.

Little metro for you and awesome. Thank you. And then we have.

Wait arwyn and James. Ray.

Bark head hitting an air between them and others. There was well, you all contributed over 1300 dollars to the project, which is astounding and wonderful.

So, I'm not going to read it again, but there's the little pins for you both.

Thank you and then we have.

Jason diamond, you all know Jodi amendment. This is his big brother. If you'll come out Jason.

He is the fire chief at.

Bar, and we appreciate the efforts that you made, because you all brought in, let's see over 1500 dollars.

So, thank you for that. And then.

Total between them and about 10 other. We had Jen Jen care.

Freedom seniors services, Walmart, outer loop Meyers on Dixie coes and.

Bluegrass auto fleet and then, of course, Wanda, who helped make this all possible with over 6,000 dollars going to the kids at Valley, high school. So thank you.

And here here is a proclamation for you as well.

Thank you appreciate it. Yeah, we can do it right here.

Yeah, I want to come in and we'll do a picture.

Perfect.

Okay.

Okay.

Hello.

And.

Thank you.

There's some stuff.

Okay.

Hello.

Is your office open where and get this stuff.

Is your office open?

Thank you miss Trimble and congratulations. Gentlemen. We are so very proud of you and very, very honored to have you today. Well, deserved.

I like to remind everyone to silence your phones and other electronic devices. Madam clerk are there any addresses to the council?

Yes, ma'am there are let me remind those addressing the counsel to please refrain from using any profanity or making derogatory statements to council members.

Madam clerk please call the 1st speaker Rashad McLain.

Uh, greetings or a metro council members.

1st of all, thank you all for providing leadership.

It matters, and it does make a difference.

Sure, I stood in his chamber and I asked 1 simple question.

That if a wise orders were correct when saying it takes a village to raise a child.

What happens if we fail.

If I understand there's 1.4Million constituents that represent lower Metro.

Each 1 of you have been entrusted with.

A leadership role that means the world to the senior citizens.

People living below poverty.

And even you have constituents who are yet to be born.

So, what is wrong with the idea of little metro being the 1st city in the nation.

With a permanent gun by by policy when an amnesty component. And each 1 of 2006 representatives buying into that.

So that we save 1 precious life at a time.

Because this thing that's facing us as a community.

It has no loyalty to 1.

Section or the other, and the students that just loved you.

They are part of this community and so I asked.

If you will have discussion about Louisville being the 1st city in the nation.

To have a permanent gun buy back strategy.

26 counsel representatives.

500 to 1000 dollars, gives the city 13 to 26,000 dollars at a discretionary funds annually.

And the research that I did a few years ago, all the surrounding states, West Virginia.

Tennessee, Indiana, they all ran out of money.

I just don't think that that should be a strong enough reason why we shouldn't.

Focus on providing that Thank you.

Thank you honey Marshall.

Okay.

I'm sorry, I don't have a lot of pleasant things to say. I'm going to tell you about the corruption in this town that involves several officials and I don't have enough time to tell you about all. I'm going to tell you about some of them. My name is Connie Marshall. My website is justice for all citizens dot com.

My email address is Connie Marshall at Gmail dot com. My topic is police corruption. L. G. E.

corruption and circle of corrupt officials in Kentucky, Tim Melton manager and, and he sent a death threat to himself and sign my name as the sender after I.

Told him, I was going to report him to his corporate office for sending people to install items without ID, refusing to give their names and telling me I could not record them.

David Malay security Jeremy livers, detective and other police who have previously sent 38 sexual degradation.

That threats to me, and confessed in writing, they sent them participated in creating the death threat to Milton said to himself. See exhibit 2 that I gave you all. all

Ronald detective is also involved in the corruption LGB illegally, attached harassing to my home, which caused a fire in my home frequencies that affected my health intercept and destroy the electrical appliances and killed by 2 poodles.

When I filed against horizons with FCC, Verizon stated, they had nothing to do with it and that algae need attach the lines.

Seeds of the 3 I turned into you all I filed against with FCC and the algae, and he came and removed the lines. They have attached other illegal devices recorder, fiber optic, et cetera around.

My profit there is a corrupt circle of officials in Kentucky, and it's not just the police law, the metro police send people to murder me twice and confess to it 3 times in writing and also confess in adios. Exhibit 1.

I gave you all county Attorney's office fabricated force the facts and stated came from my neighbors in which they stated that my neighbors said, please do something about this lady. She is spitting on cars talking bad about the police. We are afraid to let our children out.

I gave all my neighbors a copy. They didn't send the fax county attorney's fax numbers at the top, which means they fax it to themselves. Gigantic office. And Russell comments. Previous U.S attorney told me they sent my information to the FBI analyst, the conversation lane and to call them for assistance because I gave package to John Yarmouth and Russell. Colin, I contacted the FBI and I take them.

They said, we told you not to call her. I take them several times saying, we told you not to call her as soon as I give my name.

So, corruption is in a lot of offices I contact the Department of criminal investigations for assistance, which is the DCI and wolf. I can't think of his 1st name.

I've taped everybody threaten me and stated I know about your dealings with a little metro police, and we are not going to assist you and if you don't stop column, we're going to come down there. Are we going to? And I said, are you threatening me.

How do you know I'm telling the truth I can assure everybody in here. Nobody is going to sue me for defamation libel designation slander. None of that on 2 cars.

What's a jaguar converter I own my home and I work antibiotic going to sue me, but they are using directed energy weapons, which I know about because of smoking. Washington about it. I'm on my website. Just they're all citizens dot com speaking about Thank you.

You better know that the corruption is not just the police department.  
the addresses a council.

Thank you, man clerk next we have approval of council minutes for the regular meeting of February. The 2nd 2023. are there any corrections or deletions?

Now, I have a motion motion to approve.

2nd, so I can the minutes have been properly moved and seconded all those in favor say, aye.

Opposed the eyes habit these minutes are approved as written.

Next we have approval of the following minutes.

Of the committee in 2023 special committee of the hall February the 2nd regular is planning and zoning committee February the 7th.

Labor and economic committee, February to 7th equity.

Community Affairs, housing, health and education committee. February, 8th, government, oversight, audit and appointment committees February 8th parks and sustainability committee committee February the 9th budget and appropriations committee.

February the 9th. Are there any corrections or deletions? or deletions

Motion to approve the minutes, have been properly moved and seconded all those in favor. Say, aye aye.

Opposed the eyes habit these minutes are approved as written.

Our next order of business is a consent calendar. The consent calendar comprises items 13 through 17. are there any additions or deletions?

Madam clerk a 2nd reading of these items.

The following legislation was forwarded from the budget and appropriations committee. Adam, 13 in ordinance, amending ordinance number 083 series, 2022 and ordinance number 084 series 22.

2022 relating to the fiscal year, 2022, 2023, operating a capital budget respectively, by far in 100,000 dollars from the district to neighborhood development fund to the district 2 capital infrastructure fund item. 14 is an ordinance appropriate 7,168 dollars from district, 18 neighborhood development funds through the office of management budget to win my place homeowners association for sidewalk, repair and maintenance.

neighborhood development funds through the office of management budget to win my place homeowners association for sidewalk repair and maintenance

The following legislation was forwarded from the government oversight and audit and appointments committee item 15 on the appointment of Brian Schmidt to the Jefferson town fire protection district board term expires June 23, 2023 items 16 the appointment of.

Mark read them into the Jeffersons town fire protection district board term expires June to 32,020 for the following legislation was forwarded from the labor and economic development committee item 17 a resolution approving the.

And granted of local incentives to consumer cellular incorporated in any subsequent societies, as approved affiliates, they were pursuing to chapter 154 sub chapter 32, right? In full.

Thank you may I have a motion and 2nd for approval motion. Good. The consent calendar has been properly moved and seconded requiring a row called vote. Will you please call the row of mountain?

I'll open the voting council member Arthur.

Council member purpose.

Yes, council member chapel.

Yes, thank you. Council member. I'm sorry president Winkler.

Shh.

Yes, I don't know if you can hear me. I'm sorry. Sorry I, we got you. I'm so sorry.

Madam President give a 24 years.

Without objection, the voting is closing.

The voting is closed clerk will announce the totals again.

24, yesterday, the consent calendar passes the next item of business is special legislation. Madame clerk, a reading of item 18 please resolution, amending rule. 58.02 of the rules of the legislative council.

The local Jefferson County, Metro government regarding the notice, required to initiate a video teleconference meeting, read in full motion to approve. in full motion to approve

May I get a 2nd, secondary? The resolution is before us is there any discussion council member?

Just, thank you, uh.

Madam President, pro temp these are some original change. Some changes that we had proposed and we had held a couple of weeks ago.

Relate to our rules on being able to initiate virtual meetings.

The intent to sme's original changes were to make the requests more specific.

And encourage people to utilize this building, right to come back to city hall to come back downtown. I believe there are some proposals for amendments. So I'll turn it back to the.

A president pro temp for those that I would like to make amendments. Thank you. Thank you. Councilman chambers Armstrong.

Thank you Madam President, pro temp. I had mentioned in caucus perhaps tabling because there was some outstanding legal questions. It's my understanding that.

Folks who prefer to go ahead and move that along. So I have no intention of making a motion to table and ask for folks support and going ahead and moving this role change for tonight. Thank you.

Thank you council woman, thank you. Madam. Pro, Tim. So what I have is, I hope a good solution.

For what you all have proposed, even though, you know, our state law.

Allows virtual meetings, you know, it's just the lay of the land understand. Everybody wants to get back.

To business, and I think most of us are here as much as, you know, every time the doors are open for a council meeting for sure. But this is the language.

All meetings shall be held fully in person. Unless a member of the body is scheduled to meet provides timely written notification of his or her intent to attend. Virtually only committee members may initiate a virtual meeting.

Of that committee, any member of the council may initiate a virtual meeting of council.

The member MLS notify the clerk and writing of their intent to participate virtually in a meeting via email and that email must be received by the clerk. No later than noon.

On the business day preceding the date of the meeting no notification received after 12 on the business day last preceding the date of the meeting.

Shall be effective if notification is untimely, the meeting should proceed fully in person and any member must be physically present in person to participate.

And then and this is all on uploaded on your system.

Under see, the changes would be, um.

2nd sentence if the clerk receives the tally notice of virtual participation for a council meeting the clerk chef forward the request, only the council member, requesting a virtual meeting.

And the clerk shall promptly notice the meeting as a video teleconference meeting as required. Beth, Kentucky opened meetings act.

And basically that that's the gist of it.

Is there any questions? Do I hear a motion happens? 1st may I have a motion at a 2nd, for the floor amendment? 2nd motion wake with.

Motion by President Winkler seconded by.

Councilman Kramer.

It was councilman mother Hill is there further discussion?

Hearing none this is a resolution allowing a.

I'm in the queue. That's where I got your name councilman Kramer. Thank you, man, president.

I'm going to ask my colleagues if they would please consider a no vote on this particular amendment without a whole lot of discussion and debate. There will be a.

And, uh, a following amendment coming, I've got an amendment also in the system. I would point out to my colleagues that in the intervening weeks between the last time we met.

And today I've engaged in conversations with several members of the council. I thought as of Wednesday. I thought that that we were moving forward together on an amendment.

I found out today that amendment that I thought we were in agreement on and.

We're moving forward with was going to be ignored and I found out today that the amendment that's before you now would be proffered. I'm only after it was proffered.

So I was a little bit surprised that, you know, I was working with leadership and I thought we were moving in a direction and then I found out that I wasn't working with leadership. Instead we had this resolution before us.

So, I'm going to ask my colleagues please don't know if they choose to vote. Yes, I'm going to ask that. They please at least keep an open.

Demand for the following resolution.

Thank you. No.

1, in the queue.

All those in favor of the amended version of the special resolution, please.

Signify by saying, aye. Hi.

Oppose no, Madam chair. I'm man. President may request a roll call. Please. Oh oh, please.

Open up the voting committee member Arthur.

Yes, committee member purpose.

Yes, committee member chapel.

Yes, and president Winkler.

Yes.

Madam President, you had 16 years and 9 and.

The eyes have it, the resolution is adopted.

I mean, the amendment has been adopted now we're back to.

Um, the actual.

Resolution is there any discussion.

Councilman Kramer, thank you, Madam President. If our colleagues would log into the system, there's a 2nd amendment there. It's the 2nd, 1 down.

This is an amendment that I had preferred the language, and I was working on the language as late as this morning.

And sent a copy of the language that is before you.

Um, to the folks with whom I had been working in order to try and find some.

Some way of recognizing the importance of what we do here. I have felt strongly and have never wavered and feeling strongly that.

Meet virtual meetings are not as effective as meeting in person. I would venture to say that that's not just a preference of man, but there's lots and lots and lots of research out there that supports the reality that.

We do not do things as well in a virtual setting as we do in person. I would also point out that.

Is a growing tourist town,

and 1 of the biggest reasons that we see and draw tourism is because of conventions conditioners businesses recognize and understand the tremendous value of being in the same place as people that

they are doing business with. And they travel a great expense touch to our delight to places like our community. I point out further.

That as folks who who are setting the example for our constituencies and setting the example for businesses and local,

we need to recognize and to understand the downtown mobile can't survive with just tourism.

If we don't get folks who work downtown back downtown, the restaurants that are supported by the tourist industry, won't be able to survive. It's a 3 legged stool. You can't you can't do it with just.

With just tourism we need, we need people in office businesses down here and so we need to be.

1st ourselves, recognizing that, that we will be more effective when we are in person and we need to recognize that we can send the message a clear and strong message.

That level is open for business and we're back at work and we need to send a message to every other company in town that.

We really believe being back in our office is back downtown back together in 1 place makes a difference.

Again, I haven't wavered in that. Anybody's listened to me. Speak knows that's where I've been all along in my efforts to try and find consensus, at least to find 14 votes that that.

Would agree that it's important. 1 of the things I've come to understand is, you know, there's.

Some of the committee work that we do, it requires quite a bit of a commitment to get down here for a committee. And for some of us that live and work in the outer parts of the community, it takes longer to get downtown.

Then the committee meeting might last, and I was subject to that myself last week it took me 25 minutes to get down here for a 20 minute meeting. And that was the only meeting I had down here that day.

So,

I recognize that that may be an issue and so the language I crafted allows for that that we could continue to meet committees could continue to meet virtually unimpeded folks felt like that was necessary for them while again.

That might not be my 1st choice. I recognize understand that that is where we are. are

Change that we made and.

Again, I thought I was operating in good faith here was recognizing understanding that there are those exceptional times when being at a council meeting is more difficult and I've been doing this for 20 years.

I can look back over the years I've been here and I can tell you, I know of instances where colleagues have folks that I would consider friends.

We're out of town with family vacations, not they're not their immediate family, but their extended family, and they had to rush back home for a council meeting because it was in the middle of a budget.

Session and then turn around the next day and drive back the same distance that they drove to get to. I get that that's a challenge while while there's a part of me that says, hey, that's part of the job, right? It's what we do.

I recognize the world has changed 1 of my 1 of my colleagues pointed out. We're in a different world, right? So, the conversation was okay.

Let's limit it to twice a year, right? We, we don't.

I wouldn't think people would travel that terribly often and, you know, people do get sick.

So the suggestion was twice a year, rather than read the entire resolution to you, it's in front of you I would strongly encourage a quick reading of it.

But the underlying sections are the ones that are most important notifications to participate.

Virtually in either a metro council meeting or committee meeting shall include a stated reason for the members virtual participation, which shall be included within the minutes of the affected meeting someone in a conversation with me today suggested that.

That it didn't feel very appropriate, that council members would have to ask permission, which I thought was interesting. That that was the comment that was made to me. Because that was precisely the comment that I had made to some others. Right?

We are all elected by 29,000 people and none of our bosses are on this council. this council

So, we don't have to ask permission.  
The president of the council doesn't get to tell me what I can and can't do.

And I don't want to create a rule that gives the president.

That kind of authority so, if you read the, what what's proposed here in my language, I don't propose that the president has that authority.

What I propose instead is that council meetings would be in person. If I needs to attend virtually then I would notify the clerk.

And and to me easier, that council meeting would be able to attend virtually you don't need permission.

The only notice the, they only notice.

Excuse me, the notice that requires an explanation is in the public record. I'm not asking I'm not asking for you to tell me why you're not coming. So I can decide if it's a good enough reason or not.

The public has a right to know if you're not here.

Why are you traveling? Are you ill? Is there something going on is just a stated reason and it's not it's not when you wait for an answer, it goes in the record, right? And you can decide how you want to word that yourself.

Goes on saying metro council member participate virtually no more than 2 meetings per year. That's I think I read that. And then it allows for emergency provisions there might be in a situation or occasion where we run into another pandemic or where.

There's some kind of a natural emergency. And we may have to actually switch to virtual media in that case. So, it does allow for that. But primarily what it does is, it establishes that council meetings will be in person.

That it recognizes it understands that there might be those exceptional situations where someone may need to not be here and with a notice to the clerk.

That council member would be able to attend virtually, and they would be able to notify the clerk that they're attending. Every committee meeting virtually.

So, I'm asking for a yes. Vote. I'm happy to answer questions.

Thank you council council president Winkler.

Like that in form of motion.

The motion is before us, it has been seconded.

Is there any discussion president Winkler.

Yeah, I'll just make 1 very quick comment and just to say that it, I think the previous amendment.

Already covers this, I mean, the only the material difference here is.

Putting the limit of 2 I think it's an unnecessary change. I mean, 1, if you look at the room today, the only people who aren't there, I've been traveling or sick.

Um, I, I don't think it makes any sense whether you say.

It's twice, it's 3 times and I think you look at the last meetings of last year.

1st means of this year, basically whoever can pump is there.

And are much favor people having the ability to vote because the alternative is not.

To come, the alternative is to not be there and to not vote and not represent for 30,000 people that each of us represent. So.

I would encourage everybody to to book this moment down past the ordinate says the resolution is and move on. Thank you.

Housewarming purpose Thank you. I just would like to state that I am not going to be supporting this.

I really think that, um, this amendment of whatever you call a resolution.

Thank you all too far and, um, as.

President Winkle has already spoken. I'm not there because I'm sick. I don't want to get anybody else sick.

But, as I stated earlier in the 40 years, I've been on the Council, I don't know if anyone that is abuser, they're privilege of not attending any meetings.

Um, and so I think as long as we're there in person over here, virtually, we are still here representing the needs of our constituents. So I am not supporting this.

Thank you council council and Dr Rick BLACKWELL.

Thank you, um, just a couple of things I.

Unlike councilman Kramer who mentioned earlier, that he's been very consistent with his support of the position that he takes tonight.

My position tonight will be a little different from, from where I've been in the past, because I have been a supporter of bringing folks back for the council meetings and, and I still do believe that is the best situation.

I agree wholeheartedly that we work better as a body when we're here together when you can see each other, you can you can read body language much better.

And so, and what I've always argued is, it doesn't give you what I called the coward clause that allows you to if we're going to have a.

Room full of folks who are against the position that you're taking that that night. You suddenly go virtual. So those things are important. However, when I'm talking to council on weekly or president.

This point about what's the other option, you know, because I was thinking only in terms of folks who would choose.

Who would just simply choose not to be here as opposed to the folks that are on line tonight.

I'm certainly glad that they made the decision to be online, rather than to be here with us and just saw President sneezing fit. It looked like he had and they go so glad is there.

So I do recognize that.

I'm blessed in some ways, I don't have some of the family situations and other folks have and the family concerns that they have and I've been blessed being pretty healthy.

So, my situation maybe different from some other folks in, in, in our Council.

And so that's led to my change, because if it's a matter of sickness, or it's a matter of family obligations or whatever it might be, I think the president is exactly right. It's not a matter of that person will make the decision to come here.

If we're virtual and just, we're simply not going to have.

Council district represented on that night and so that's what's changed my mind. I wanted to explain to colleagues where I had changed my mind on my position on it.

Thank you thank you Arthur.

Sorry, I'm sorry.

Thank you Madam. Uh.

Madam president Pro, temp appreciate.

Counseling Blackwells position and.

I understand the logic makes some sense. I do want to say, I. Have been questioned about my ability.

To juggle with this job.

To represent my district, uh, and what that entails.

With my other obligations, those obligations include family.

Uh, we've all sacrificed, I think many of us here and sacrificed time with family to do this job.

That includes professional.

Sacrifices, um, there's all kinds of sacrifices that have been made here.

And that's a legitimate question. An assumption that people have, which is.

This we didn't, I don't think anybody here ran because they thought it was going to be convenient.

They ran to serve and I'd say that every single 1 of you who I've talked to, you ran because you wanted to serve. So, although I appreciate.

What you're saying, counsel BLACKWELL, I would say that it's the expectation.

That we make time for this, even if that means sacrifice. And again, I think what counseling Kramer here has done is balanced that.

Which was giving the opportunity for some of the flexibility while defaulting and saying we have an appointed place of duty.

Uh, and there was an expectation, uh, particularly when you look at.

The infrastructure that our taxpayers pay for to facilitate the work that we do, it's important. We use it. So that's my position. I'll be supporting councilman Kramer's amendment. Thank you.

Councilman Owen.

So, I've been involved in some of the conversations over these rules changes as well. And I have been a proponent also of getting people back, getting all of us back in person as much as possible.

And I talked last time about the symbolism.

Involved in that there is symbolism in words in a rule.

But I guess ultimately, the best symbol we can send to the people of metro Louisville.

Is by showing up by being here that is the most important symbol that we can make.

I've gone back and forth on this. I think at the end of the day, we're all in all adults and we all are responsible to our constituents.

And I encourage all of us to show up at every opportunity that we can possibly make to be here, showing up is more than half the battle. But I think at the end of the day, I will be voting no on this.

Is there any further discussion on this amendment?

Thank you president, Tim, I'm going to support councilman Kramer in this, and I'm going to pick it back a little bit off of counseling. His statement of sacrifice.

Um, we all do this job to to serve our communities and I think it's our fiduciary responsibility.

Not just for our districts, but for our city and a whole.

If we are not downtown, and we are not serving and showing that presence. What does that say to the rest of the community? What does that to say to the rest of the city.

As well, as the rest of the businesses in our community that have gone virtual, that should be back downtown.

Thing no 1 further in the queue.

The amendment is before us.

Roll call, or this could be a resolution allowing a voice vote.

All those in favor, say, aye aye.

Opposed no, let him share with you I met him president get off the roll call. Please please.

Madame clerk opened the voting committee member Arthur.

Oh, committee member purpose.

No, Mini member chapel.

Oh, 1 moment.

Okay, um, president Winkler.

No, Madam president Pro, Tim you have 9 yes. Votes and 16 notes.

Thank you Madam clerk the amendment.

Fails now we're on to the resolution.

Is there any discussion any further discussion on the resolution that's before us?

There being none all those in favor of the resolution item number 18, please say yes.

Yes, all right how those oppose.

Well, roll call vote please, Madam clerk.

Committee member Arthur yes.

Committee member yes. Yes.

A mini member chapel? Yes.

President Winkler? Yes, Madam President Tim. You have 17 yes. Votes and 9.

The resolution passes.

The next item of business is an emergency resolution.

Yes, this is, I'm sorry, Madam president pro temp. I just want to clarify whenever we did the amendment by substitution. That was accepted.

It shows that I think you and councilman Winkler were the, the sponsors. I just wanted to make sure that councilman teeny did not want to consider.

Consider continuing sponsorship.

Okay, this is a technical question. Would you like to continue being a sponsor or remove your name from what has been approved? Thank you, Madam president for a time and thank you to the metro clerk since I voted against it.

I think it would only be reasonable that I removed my sponsorship. Thank you. Thank you. Thank you.

The next item of business is an emergency resolution added after the publishing of the final council agenda to permit this late edition, we need to vote to suspend the rules pursuant to council rule. 5.12. the council may dispense with Council rules. 6.

406. rules six four hundred and six

To allow the late acceptance of this legislation with a 2 thirds vote.

Are there any questions motion to suspend the rules?

2nd 1 are there any questions.

All those in favor, say, aye.

All right, all those opposed say, no.

The ice habits do we need a roll call vote? Madame clerk. Oh, man.

I'm good.

Next persona to rule council row 7.01, eh, we will need a 2 thirds vote to consider the legislation as an emergency. Are there any questions.

Motion under rule 7.018.

Thing no questions may I have a motion and a 2nd to consider we have the motion by counsel woman.

Chambers Armstrong and the 2nd by councilwoman power.

All those in favor, say, aye.

All those opposed.

The eyes have it.

Madam clerk a rhythm of item, 19, the resolution and emergency resolution pursuant to the metro Council.

To metro Council, 7.01 a, requesting the local metro ethics commission to provide metro Council, with a formal opinion, regarding whether any actions of counsel member Anthony, in connection with the 6th round of American rescue plan, funding approved,

by Metro council constituted a violation of the local metro ethics code, red and form, have a motion and 2nd for approval. second for approval

The resolution is before us is there any discussion council member?

Councilman Anthony.

Thank you Madam President, I'll be abstaining from the vote because this is a vote related to myself.

And it would be, I think, a little obvious, hopefully, it's obvious why I'll be abstaining from that.

Uh, with that said, just as clarity and I think it is reflected in the language of the, whereas clauses.

Had provided written testimony to the ethics commission on Tuesday.

Spoken to the chairman of the ethics commission and asked for that review that meeting is this evening it's actually started at 40 PM.

So looking forward to the results from the ethics commission and moving forward with any with complying with. with

Their direction and complying with the ethics law moving forward. So thank you very much Madam President.

Thank you counsel women Thank you Madam Pro, Tim.

So, this, this was something that I thought after reading the article that was this morning, the last paragraph of the article indicated that the.

Ethics commission knew nothing of the request back. Houseman. I believe that it was because.

That request came after the question was asked of that of the president. I just want to read that the status of the commissions inquiries.

Unclear despite pigeon td's claim that he reached out to them about the situation on Tuesday commission chair. Delores loss. How do you say that.

Thank you said she did not know about any formal request related to any conflict of interest concern with. So, you know.

That that's what's going to be out there. That's what.

People are going to see and they're going to wonder what we're doing. So, I thought even though councilman has requested that formal.

Request from them that we, as a body should do that just to make sure that the viewing public knows that we.

Even, even though he has made that, and I know I've seen the emails, the general public does not know that. So, um.

Anyway, I wanted to read the resolution you all have that just section 1 and section 2,

the metro council here by request that the local metro ethics commission review the actions of council member connection with the debate on the enact of ordinance, 182 series,

2022 as thoroughly thoroughly and expeditiously as possible to determine whether any violations, a local metric. to determine whether any violations a local metric

Ethics code has occurred.

Section 2, the metro council here by request that the ethics commission issue, a formal opinion following its review, and to provide a copy of that opinion to the metro Council.

And so the urgency with that is also, I think, very important and I did speak with the Mr Boyd.

Today on on a different matter, and I told him that this would be forthcoming and, you know, that we really didn't want.

2 opinions as, you know, we know that councilman has already done. So, but just the perception to the public is important that they know we're doing something.

So, anyway, I appreciate your support on this.

Councilman Kramer, thank you, Madam President. I want to.

Begin by asking to be added as the CO sponsor.

And I want to follow that immediately with.

A bit of an explanation and a request of my colleagues to join me and yes, I've, I've had an opportunity to work on the vice chair of the budget committee.

I understood full well, what was going on in the, in the different work groups. I know the and teeny and councilman. Marcus Winkler brought together brought to us.

A proposal for a project that they jointly supported. I don't know of anything and look things can be going on that.

I'm not aware of, but I don't have any reason to believe that there was anything in here that was inappropriate.

And the sooner we haven't in the ethics folks, take a look at this the sooner we can put this behind us and we can move on and Katherine can be cleared of any potential or inappropriate claims. So I'm not, I don't want.

Anybody who's listening to think that my.

Signing on as a CO sponsors, because in any way shape or form, I think the ethics commission is going to find any kind of a problem with what he did. I think the opposite is true if however something is discovered, and I'm wrong.

Then I will have to look into a camera somewhere and say, I didn't think it was any there and clearly I was mistaken. And so I'm going to ask again. My colleagues vote. Yes. And then we get this investigation underway and get it taken care of.

So we can get back to business.

Thank you Hudson Thank you while I respect councilwoman feller statement that we're not asking for to.

Opinions here, just for my own point of clarity, uh.

I'd like to get an answer. Are we as Metro Council asking for a separate.

Investigation or are we joining the request that councilman has already initiated? Thank you. So, this is just an official request for them to.

Give us their opinion, it's not an investigation. There's nothing like that.

Planned, I hope that, you know, we won't have to go down that road. So this is just a formal request from us as a body.

Not just from councilman 2 separate.

Investing or not investing certifications.

Opinions, well, I would think that they're going to come back with 1 that coming from us as a body. You know, I'm hoping that the urgency will be there to get this over with the clarity.

Is there any further discussion? I don't see anyone in the queue.

This is a resolution allowing for a voice, a voice vote, all those in favor say, aye.

All oppose they know.

They always have it. The emergency resolution is a DOB Madam President. I think we have to do a roll call vote for, by extension.

Am I wrong? Yeah, thank you.

Clark roll call. Sorry.

Committee member Arthur yes.

Committee member purpose yes.

Committee member chapel.

Committee member chapel? Yes.

President Winkler yes, thank you.

Madam president put him we have 23 votes and 3 extensions.

Thank you council members in order of your district I would like for you to please explain your abstention.

As the again, please.

On an extension, if you would please give a reason for your extension.

Cause I just wanted to.

I just didn't want to.

Yeah or isn't there? Yeah.

Okay.

My extension is the reason why I'm staying, because I've been done by the same way by this counsel.

And I feel like that a lot of things they do here is not fair if he's already gone to the ethics commission himself.

I don't see why we need to do it again and that's just the way I feel. But once you've been done like that.

You know how somebody else feels so that's why I've stayed.

Madam Clark could you reread the totals? Please.

There are 22 yes, 2 extensions and 2 present votes.

And the resolution, right?

Thank you.

The next item of business is old business, Madam clerk or reading of item 20.

Resolution pursuant to the capital operating budget ordinance is approving the appropriation to fund the following noncompetitive and negotiate a professional service contract for a merger review study to be conducted on behalf of the local Metro, comprehensive review commission created pursuant to chapter 201 in 2022. Kentucky acts. University of local research foundation Inc 92.

university of local research foundation inc ninety two

1532 dollars as amended written.

I have a motion and 2nd for approval.

Motion to approving it, it's been moved and seconded by.

Council members Robin and.

2nd, councilman Reed, thank you.

Is there any discussion the amendment.

Any discussion.

Council member, thank you, Madam president pro temp. If I could. 721 "Bennett, Olivia" (3844523520)

Just for a moment, just think councilman councilman Shanklin for a comments, but specifically, uh, uh.

Specifically related to this resolution, um, this is related to a non competitive bid contract related to.

The study was required to do reviewing your call 20 years post merger.

This is a part of work required or necessary. Let's put it that way as part of a.

The bipartisan commission that was created related to house by 314 passed the last session this contracts with economics professor.

Emeritus from URL, and also a professor from the University of Kentucky, the university local professor did much of the economics work from the original study 20 years ago.

So, it made sense to continue using him and then engage with a colleague from outside the local area to get as much, you know, sort of, unbiased.

Quantitative data as possible so this was amended and passed unanimously out of committee was amended because the dollar amount was reduced a little bit and there were a few items that needed to be more.

Just small parts of the contract that had to be updated to reflect the current agreement that was signed by the mayor. Thank you Madam President, pro temp.

Councilman Kathy chamber Armstrong.

Thank you Madam President, pro temp. I will be abstaining from this, although employed by the University of law school, which is a separate entity from the local University of little research foundation, I will abstain out of an abundance of caution. Thank you.

Is there any further discussion?

Hearing none this is a resolution allowing for a roll call vote.

Open up the voting, please.

Council member Arthur yes.

Council member purpose yes. Council member chapel.

Yes, and president Winkler yes.

Madam president for Tim you have 25 yes. Votes and 1 extension.

Thank you the resolution passes.

Madam clerk reading of item 21 please.

Your resolution relating to the closure of bluegrass Avenue, containing approximately 0.25 acres and being a local metro case number 22 street closure 0017, written full.

May I have a motion in 2nd for approval?

2nd, moved by councilman by shown and seconded by counsel woman.

Flood the wilderness is before us. Is there any discussion counsel woman flood.

Thank you Madam President, Pro, Tim, the reason that this is on.

Oh, um.

Our new counseling, counseling and Baker, it was his 1st committee meeting to allow him to abstain. So he could see how the the committee actually worked and get his.

Get his feet wet on what we do in there and it was just, as it said, the closures from the unimproved portion of paragraph Avenue, 1 park North street closure. So I would ask for your support on this, but he would wants to abstain.

I believe tonight too. No, you're going to vote tonight. Okay but that's why it's on our business.

Okay, thank you. Is there the discussion.

Hearing none there is, this is an ordinance requiring a roll call vote, open up the voting. Please Madam clerk.

I don't remember Arthur.

Council member purpose yes.

Council member chapel? Yes.

And I'm president Winkler.

Yes, and I'm president for Tim. You have 24? Yes now I'm clear. Could you record our councilman purposes? Yes. Vote.

Yes, me, I'd probably did not. So sorry, thank you. 25 yes. Thank you the.

Ordinance is adopted Madame clerk reading of item 22.

A ordinance related to the zoning and a property located at 2997 3,212,313 and 2345, Lexington row containing approximately 4.24 acres and being a local metro case number 22 zone. 040043, red info. five lexington row containing approximately four point two four acres and being a local metro case number twenty two zone zero four zero zero four three red info

Motion to mingle 2nd, it's been moved and seconded moved by.

Council member angle and seconded by.

Councilman Michelle, thank you.

The ordinance is before us. Is there any discussion.

I was wondering flood, thank you, president. Pro, Tim.

The side is this this side is the side of the old Jim Porter's good time. Emporium acquired the property in 2015 for an underground storage, but it was not needed and subsequently sold in 2020.

other surrounding properties were acquired in 2021 1 park, North proposed development calls. For 2, mixed use buildings, 110 stories. The other 17 stories with the maximum density of 60 units per acre. The site is proposed to have 29,000 square feet of retail.

the site is proposed to have twenty nine thousand square feet of retail

Now, and 360,000 square feet of residential. This is a companion to the property 1 park south across Lexington road, which has not been constructed as of yet. Also we need to add change a binding element, binding element number 7.

and if it's okay, I'll read that into the record so we can vote on it. Yes. vote on it yes

It's quite lengthy, but the develop, the development slash owner shall be responsible for submitting an annual report to planning and design services staff at 12 month.

Intervals from the date of the 1st certificate of occupancy for residential units until all affordable owned owner occupied units have been issued building permits and for a period of 15 years after the last affordable rental unit building permit has been

be commercially responsible.

Excuse me, she'll be a commercially reasonable form approved by planning and design services staff and generally include, but not limited to be strictly limited to the name of the development.

The number the unit numbers, the unit addresses the sell price and or rental rates of the designated affordable units. And she'll certified that the developer slash owner has made a good faith effort to verify that the tenant slash purchasers.

Purchasers were income eligible at the time of rental purchase.

Report compliance shall not require the developer owner to utilize any 3rd party accounting or certification.

The annual report shot indicate separately the number of building permit issued for the owner occupied and for rental dwellings prior to selling any affordable housing, affordable units.

The developer slash owners shall work with the planning and design services staff to develop provisions that will cover any subsequent transfers of ownerships during the affordability period, which shall be 15 years.

From the day, the certificate of occupancy for such unit, such provisions shall be negotiated. Agreed to prior to the call of any units and I move that amendment with those changes.

Thank you counsel I'm in flood.

Thank you, it's been moved and seconded. Is there any further discussion?

Councilman on.

So, uh, I hope you guys will indulge me a little bit on this project. I promise I will not speak.

At such links on every zoning change project that comes in front of you from district 9. but this is a very prominent location within district 9 and is a.

Unique project, I think within district 9, so I want to start off by reminding everyone that Metro council approved. 1 park South.

Which is a similar project of size and scope across the street.

In 2019.

Many of my constituents have clearly voice their opposition to both 1 parks, North and South both before. And after I was sworn into office.

So, I don't want anything I say, to make it sound like, I believe everyone that lives in district 9 is in favor of this project.

With that said, I also don't want people to think that everyone in district 9, as opposed to this project, or projects of this type a mixed use more vertical construction with additional density.

Because a significant number of them have also expressed their support.

This project is without a doubt taller than we are used to seeing it is denser than we are used to seeing.

And it has more land use types, concentrated in a single mixed use development than when you're used to seeing.

And I understand those characteristics are scary because they are so different than what we're used to seeing.

But I also think if we focus on and embrace all of the potential positive impacts.

Of this project, it is also a very exciting 1.

So, I want to make it also clear that I have arrived at my, at this place, where my perspective on supporting projects of this type.

After literally decades of thinking about reading about and researching the topic.

Of neighborhood development, going back to my urban planning studies at the University of Virginia, 30 years ago.

I think of myself as a liberal as a progressive.

And that also helps inform my thinking on urban development.

It is my sincere belief that people that prioritize environment.

And housing, affordability and not separate projects that promote additional density.

From the concepts of urban sprawl, sustainable development.

Affordable housing and environmental justice. So, speaking of those things, if we say that we are not going to allow projects with additional density in our urban neighborhoods.

Then we are by default saying we want the vast majority of new development to occur in Oldham bullet and Shelby counties.

Where we are turning farmland into subdivisions when we do that, we ensure that our neighbors commutes are longer.

Our air and waterways are more polluted, and the footprint of our metro area has a much greater negative impact on the environment.

So, with that being said, building projects like this in locations where the infrastructure already exists.

The sidewalks are there, the roads are there, the sewers are there. The utilities are there.

The bus lines are there the parks are there makes more sense from an environmental standpoint.

And if we say we are supportive of these types of projects, just not in my neighborhood.

We are not walking the walk on the environment or on housing affordability. We are simply talking the talk.

So, we have a deficit, we also have a deficit of thousands of units of housing.

In this community, 75% of our land use in Jefferson County is dedicated to single family housing. And while the idea that everyone will own a single family house with a plot of land with a white picket fence fence is idealistic.

What it does as a result is put pressure.

On pricing of housing affordability across the spectrum. So it pushes housing prices up because we have too few units. It really ends up being just a simple supply demand dynamic.

And the fewer, the more deficit we have in housing units, the more it.

Pushes up prices across the spectrum. So of course, we need to focus on the affordability side of building new housing on the lowest end where people have the most acute need and are at risk of losing. Their houses are being evicted.

But every new unit that we bring on line.

Does some part in reducing that pressure pushing.

The cost of all housing higher.

As far as this particular site goes, um.

It is a unique site. I am not advocating that Lexington road be turned into Central Park West.

Although I have been accused of that this particular site.

In my opinion is a little bit. It's set off a little bit and its immediate neighbors are Cherokee park.

Cemetery i64.

And frankly, my neighborhood, which is not.

Right next to this location, but right up the hill Lexington.

Um, so because of that, I think this site is uniquely situated to support exactly this kind of development.

I also think these types of sites that promote additional density are good for business.

In a post covert world, as far as I'm concerned, the more people we have coming to a site like this.

Living at a site like this, the more customers we have for businesses along Lexington road and Frankfurt Avenue and that's a good thing.

It's good for public transit. A lot of times when we talk about public transit, we say it's hard to do public transit because we don't have enough density.

The more density we have in locations like this, the better our public.

Trends it works and the more efficient it is.

There isn't affordability component to this to this project. A lot of people have said, well, it's only 10% and it only lasts for 15 years and it's only 80% of the.

But what I would also say while we do need to focus on affordability.

What this does is opens up a specific number of units.

To in our neighborhood to a portion of the population that otherwise might might not be able to live there.

And so we can scoff at the numbers of the affordability component, but I don't think we should because I think it's important.

That more people get access into neighborhoods that they.

Maybe not wouldn't be able to afford otherwise there's going to be improved escape. Streetscape. There are environmental components to the project green roofs, bicycle, party, parking porous papers. Finally, I'll say.

1 of the biggest issues that people have here is they're worried about traffic.

And I won't sit here and say that I'm not at all worried about the traffic at this location.

It is a, like, the site is unique. The location is unique in the sense that to get from the highlands to Chris and Hill.

You have to go under 64 on grinstead drive.

It's a little bit of a pinch point and otherwise if you don't use that, you have to go down Lexington to paint street and around.

Or up, Lexington distills and around. So there is a traffic component to this. That does worry me some but when I weigh the potential benefits of the project.

Over and against the potential traffic congestion I fall on the positive sides of the ledger.

Far more than I do on the negative side. The ledger.

Finally, I want to remind everyone that what we're voting on today is on changing the zoning destination designation for these parcels.

We're not voting on how this project is financed.

That's a conversation that we will all be having in the very near future and we should have that conversation, but that discussion is entirely separate.

From what we're voting on here tonight, which is simply zoning.

So, I am in favor of this project, and I hope I have all of your support as well. Thanks. Thanks for.

Indulging me a little bit. Thank you. Council member.

Thank you Madam President, pro temp and I'll just say county council. I know we're going to get along swimming right here. 1st of all. I appreciate.

You reflecting both opinions of your constituents. It's, it's hard, right? And I faced tons of these decisions where you have, you know, people who are.

Some for some against, it's a hard thing to do you have to do what's right for the overall community plus what's right for your community so I appreciate the tough position you're in. But but I'll be supporting this as well. I also I want to point out.

Something related to your talk of density and height.

I've been blown away to find out that there are rules related to urban building in this city.

For example, new that you have to get waivers to go above 4 stories right? And this sort of idiocy right? This has driven us to put.

Or at least attempt to mix more urban style development. And I mean that by high density, I don't mean it by urban rural that's wrong. Density, high density into more suburban and rural areas of this community.

And I've spoken out about apartments, going on. Johnson wrote in my community, which is in the and environmentally sensitive area with no arterials on a road that is paved over farm road, right?

That makes no sense what does make sense is building up a new low. Right? What does make sense?

Is creating the volume that you're talking about and, as a matter of fact, the 1st debate I ever did, somebody asked me about affordable housing. I said, you know, you keep housing prices reasonable, you build right you build it is a supply and demand issue.

You're so right about that and I appreciate your perspective so much. This is exactly right. And to your point.

I get it scary. You write about people's perceptions on it.

And I'll absolutely join you in fighting for any infrastructure needs in the area to support it as I hope you will,

for those of us that have been dealing with development projects and our districts advocated for the East End middle school while I had

constituents buying and yelling and screaming screaming right infrastructure and I said you're right.

But we also need the middle school, right? You know, I mean, we couldn't wasn't.

Good enough to say, no to the middle school because we are screwing up the roads. We have to catch up on the roads.

We need more schools in this community. Um, so appreciate your stance. I really love it. And I do think we need to talk more about that density and the height.

That would create volume and do it in a sustainable way. Instead of what we've been doing, which is sort of splattering this stuff all over the place.

And again, I'm not saying, I don't no problem with some of the multi family that's gone to my district on Shelbyville road and major collectors, but in other places, it has been a struggle, but we need the volume. We need more buildings. So, thanks for your advocacy.

And I'm looking forward to voting for this, appreciate it.

Thank you Kelsall and flood. Thank you man approached him but I believe Sonia has this cover because we did not vote on the amendment for changes for binding number 7. so, if you will.

Ask for a vote, please on the amendment.

Yes, all those in favor do we need to repeat it?

No, because it was everybody good. Okay.

All those in favor of the amendment as read by councilman flood.

Say, aye, all the pools.

Okay, guys have it think I jumped the gun. Okay I must have allowed it. Okay. Now.

The ordinance as amended has been adopted.

It's a roll call vote on the amendment.

The amended version.

Are y'all clear.

Okay, roll call, vote, police clerk.

Council member Arthur counsel member purpose.

Yeah.

Council member chapel? Yes.

President Winkler.

Yes, Madam Madam Tim you have 26 yes. Votes.  
Thank you the amended ordinance.

Is adopted Madame clerk a reading of item 23 please.

898 "Bennett, Olivia" (3844523520)

01:48:48.329 --> 01:48:51.689

In order to relating to the closure of a portion of an unnamed.

899 "Bennett, Olivia" (3844523520)

01:48:51.689 --> 01:49:03.509

Unimproved Allie near 205 and 207 meridian Avenue, containing approximately 1781.54 square feet and being a local metric case number 22 street closure. 0, 22.

900 "Bennett, Olivia" (3844523520)

01:49:03.509 --> 01:49:06.779

Painful we have a motion and 2nd for approval.

901 "Bennett, Olivia" (3844523520)

2nd, thank you. It's been moved and seconded by councilman Shawn and counselor women.

Armstrong the ordinances before us is there any discussion.

903 "Bennett, Olivia" (3844523520)

01:49:21.869 --> 01:49:35.939

Thank you Madam president Pro, Tim, this is a non named Allie closure near 205 and 207 meridian Avenue. It's an old business so we could allow councilman Baker abstain in his 1st planning and zoning committee.

Okay, great. Um.

Is there any further discussion hearing none? This is an ordinance requiring a roll call vote.

Committee member Arthur.

Yes committee member purpose yes.

Committee member chapel.

President Winkler yes.

Thank you, sir. Madam president pro Tim. You have 25? Yes folks, thank you. Madam Clark the ordinance is adopted.

A resolution relating to the zoning of property is located at 205 and 207 already in Avenue, containing approximately 0.46 acres and being a local metro case number 22. 00065 right? Info.

Motion Mr. Benton. 2nd Armstrong.

Move the 2nd, ambition and Armstrong disorder necessity for us.

Councilman flood, thank you, Madam President approach him.

This proposal calls for 2 parcels to be consolidated in a change in zoning in order to construct 7, new multifamily units.

The site is already developed with 2, single family residents 1 of which is to be preserved with a total of 8 units on site. The site is generally surrounded by a mix of commercial, single family and institutional uses.

The city of St matthew's is adjacent to the property binding element. Number 7 addresses. A concern of commissioner Carlson that the drive lane into the.

Shall be designated as no parking fire line. The developer shall install signage and markings identifying the lane as such. And this is in councilman owen's district. He may need to address us.

California.

So, I'm going to be a little bit brief this time. A lot of the same thing. It's a very different project of course, but there are a lot of components, a little higher density, a little different type of housing. That is being offered here.

But a lot of the things I said, I said, previously apply here as well. So I am definitely supportive of this project and ask for your support as well. Thanks very much.

Is there any further discussion hearing? None of this is an ordinance requiring a roll call vote.

Adam clerk counsel, member, Arthur.

Yes, council member purpose.

Yes, council member chapel.

Yes, president Winkler.

President Pro, Tim you have 25 yes, those, thank you. The ordinance is adopted Madam clerk reading of item 25.

An ordinance related to the zoning and property located at 1325, Texas Avenue, containing approximately 0.1387 acres and being a little metro case number 22 zone 103, 2 red in full ocean steward. Benson. zero hundred and three two red in full ocean steward benson

2nd Armstrong move by Benson seconded by strong. The audiences for us. Is there any discussion counsel on the flood?

Thank you, man, approach him the proposal to resolve the existing makes you structure to permit a barber shop to continue to operate under a zoning district that permits that use.

The side has been used for non residential uses historically, but there is not nonconforming rights attached to the site. And this is in council woman chapel's district. She may wish to address us.

Council member chapel.

This is a building this about a block away from my house. I can probably see it from my doorstep, but it is has always operated with the 1st floor as a business.

And then the 2nd floor is a residence, and they've always been great stewards of this space. So I commend them for that. And I speak in favor of this rezoning change.

Is there any further discussion?

Hearing none this is an ordinance requiring a roll call vote Madame.

Remember Arthur? Yes.  
Council member per.

Yes, council member chapel.

Yes Winkler yes.

Adam president for Tim, you have 25? Yes, thank you. The ordinance is adopted Madam clerk reading of item 26.

An ordinance relating to the zoning and property located at 1008, East, Washington Street, containing approximately 0.12 acres and being the local metro case number 22 70150 as amended red and full.

Motion to approve. I can start Benson.

Thank you secondary Armstrong.

I mean, motion made by Armstrong seconded by Benson, the amendment amended ordinance.

Is before us? Councilwoman flood Thank you, Madam.

President Pro, Tim, the site currently was has 4 dwelling units and 2 buildings.

The Pro proposal would allow the renovation of the front building to have 1st floor, commercial space of 1258 square feet and maintain 3 dwelling units for a total of. dwelling units for a total of

2156 square feet as part of a mixture site. No external alteration to the site is proposed at this time.

The site is well served by multiple multi module, transportation networks and as near services and amenities, binding alumn we added a binding

element, which is a standard language. element which is a standard language

Stating that there's a change in use or change in density or the development plan it will require final action by the metro Council. And this is in councilman Arthur's district. He may wish to address us councilman author.

Questions comments concerns, but thank you share a little bit for the language to do that.

Is there any further discussion?

Hearing none this is an ordinance requiring a roll call vote Madam clerk please.

Committee or a council member Arthur? Yes.

Council member purpose yes. Council member chapel.

Yes, and president Winkler yes.

Madam president Pro, Tim, you have 25. yes, thank you. The amended ordinance is adopted Madame clerk reading of item 27.

And ordinance related to the zoning and property located at 7,411 St Andrews church road, containing approximately 0.92 acres and being in a local metro case number 21 70105 rainfall.

Thank you, man. I have a motion in 2nd. Okay.

And councilman angle.

Is there a further discussion Council? Women flood.

Thank you, Madam President, Pro, Tim, the change in zoning from C1 to, with the permit for outdoor storage. This side is currently under enforcement action for the applicant running a landscaping business with moul sale for the site.

The existing Paul barn was permitted to be constructed with a foot footprint, exceeding the footprint of the principle structure in 2018 under docket number 18 waiver. 116 the applicant. The applicant stated on the waiver that the structure was intended for.

that the structure was intended for

Indoor storage of boats and trailers, trucks and other utility and seasonal vehicles therefore they are going to continue to use it as a multi landscaping cell without door storage. If it's approved tonight.

And this is an councilman that Jones.

Excuse me, get a frog methro counseling Jones district if he would like to address us counseling. Thank you. Thank you.

I think we just, you know, we should move this along due to the fact that this property owner as well as business owner has.

Operated, uh, a good business over the years has submitted very detailed plans of the landscape.

Work as buffers around the residents that are in the area, uh, joining to this property. So I think we should just move this along. If I can ask my colleagues for this report.

Is there any further discussion hearing? None? The ordinance is requiring a roll call vote Madam clerk open the voting.

Council member Arthur yes.

Council member purpose yes. Counsel member chapel.

Yes, resident Winkler yes.

President Pro, Tim, you at 25 years votes. Thank you. The ordinance is adopted.

Madame clerk a reading of item 28 please.

In order to make the little metro code affordances chapter 39 to require organizations receiving incentives benefits, or contracts from global metro government to report instances of workplace,

sexual harassment and prohibiting the organizations from entering into certain types of non disclosure agreements that are contrary to the public interest right in full. full

Did I hear a motion chair councilman REE. Okay.

Back in several Council people, but we'll give it to sign.

Council woman, Chambers Armstrong, thank you, Madam president pro time. So I'll begin my comments with the preview of where I'm going. I'm going to be making a motion to lay this on the table at the end.

This is an ordinance that basically says, we don't believe that the tax dollars of the people of city of.

Of the city of global should be used to cover up workplace, sexual harassment, workplace, sexual assault or discrimination. This is a practice that has been prohibited in a lot of other jurisdictions, including federally. And this ordinance basically.

Says, if you're going to do business with the people of the city of, you can't use these harmful methods of covering up these, these practices that harm people.

So, it was originally pulled from consent and put onto old business because of some small technical amendments that were offered by those are loaded into the system as a floor amendment.

I received word from the administrations shortly before the meeting that they want to think about the workflow of this ordinance and who gets the reports.

And sort of what is written into the ordinance in terms of the structure of it and although they are supportive of the content and the goals they want to make sure that we are legislating this. Precisely. And not having to go back and amend it. And, of course, they're still kind of wrapping their heads around.

Some some things and getting up to speed on restructuring departments. So we agree that we would hold this at the council level for 2 weeks, and we will be asking for your support then, and moving the floor amendments then. So I am flagging it.

So, folks have lots of time to look over those amendments. Please be in touch with me, or counsel and Arthur with any concerns. And with that, I make a motion to table.

2nd, and moved and seconded to the table all those in favor, say, aye, all those oppose.

Thank you item is table Madam clerk or reading of item 29.

No worries amending ordinance number 083 series, 2022 and ordinance for series 2222 relating to the fiscal year, 2022, 2023, operating capital budget respectively by transferring 75,000 dollars from district, 17 neighborhood development fund to the district, 17 capital infrastructure on, and by transfer and 30,000 dollars from the district 19 neighborhood development fund to the district,

19 capital infrastructure structure fund, as amended written for. dollars from the district nineteen neighborhood development fund to the district nineteen capital infrastructure structure fund as amended written for

Ocean Stevenson.

Yes.

Ended ordinance is the.

Discussion councilman.

Blackwell, would you like to speak to this? Yes, thank you. So, this was it's our business because it was amended to include district 19.

The original was only district, 17 district 19 added to make the change as well.

Is there any further discussion?

Hearing none this is an ordinance requiring a roll call vote Madam clerk. Please open up the voting.

Council member Arthur counsel member purpose.

Yes, council member chapel.

Yes, president Pro, Tim, when I mean, president Winkler.

Madam president for Tim you have 24.

Yes votes Thank you. Ma'am. I'm sorry you have 25? Yes. Votes.

Okay, thank you. Madam clerk the amended ordinance is adopted Madam clerk the reading of item 30. please.

And only, it's appropriate 11,242 dollars and 86 from district 16 neighborhood development funds to the public works for a street lights in the James T Taylor, Jacob school neighborhood, including a 5 year lease agreement with a global gas and electric company credit for.

Motion 2nd Benson motion by.

Councilman 2nd, by councilman Benson, the ordinances before us, any further discussion council member BLACKWELL.

Thank you so, this item to your business because our colleague from district 10 needs to abstain.

Further discussion.

Councilman read. Okay. Oh, I'm sorry. Counsel on over here. It is.

It is counsel, but it was counseling Mulvihill who has to abstain.

You can call it any of them. That's your. I'm sorry I didn't mean to interrupt you councilman malva. Oh, please, I need to abstain from this to to my wife's employment with L. Jimmy. Thank you. Thank you. Councilman.

Thank you Madam president pro temp. You may recall 2 years ago we.

Approve the neighborhood plan for the James Taylor neighborhood, which is.

Just technically outside of prospect, but it's kind of insider prospect and it took forever to get this thing done. And some of the best people that I've, I've worked with over the years and really good constituents.

Well, it's taking them a long time to get an HR way together and they badly need lights, but they couldn't afford them.

So they came to us and through our NDA account, we're giving the L. g money to basically fund these for a period of 5 years.

So they'll pay a reduced rate for that 5 year period.

And then, after that 5 years, when their neighborhood association gets up and going and starts generating some cash flow, then they'll be able to pay for it themselves. So, I'm really happy about this. Um.

Ask for your support is there any further discussion.

Hearing now, this is an ordinance, requiring a roll call vote Madam clerk.

Mini council member Arthur.

Council member purpose.

Yes, and council member.

Chapel yes, councilman president Winkler.

Yes.

Thank you.

Madam president for Tim. You have 24? Yes. Votes and 1 extension.

Thank you the ordinance has adopted Madam clerk a reading of item 31 please.

Onto the legislative council, the local Jefferson County metro government authorizing and providing for the execution of delivery on behalf of metro government to the 1st amendment to loan agreement buying among metro government, Roman Catholic bishop of local, doing business as saint Mary's.

Saint Mary academy and fifth, third bank, National Association provided for the changes. I set forth there and related to the local Jefferson County, Metro government, industrial building, refunding revenue, bond series, 2013, Saint Mary Academy project, and taking other related action.

Motion by councilman Benson seconded by.

The ordinances before us, councilman BLACKWELL, I am going to.

Refer this to you further discussion.

I just want to point out that I will be abstaining on this. I have.

Actually have nothing to do with Saint Mary Academy. However, the archbishop of global is my boss as president of the sales. So I'll be abstaining for.

Out of an abundance of caution.

Any further discussion any questions.

Council on the flood, thank you Madam. Pro, Tim.

I am going to abstain myself while I do not have a pay position with the Roman Catholic bishop loyal. I do sit on 1 of his boards. I'm on the board of Catholic Charities and so just out of abundance of caution I will.

Abstain Thank you any further discussion.

Hearing now, this is an ordinance, requiring a roll call vote Madam clerk.

Council member Arthur.

I'm sorry, sir, I didn't hear you that time.

Yes, council member.

Yes, council member a chapel.

Yes, president Pro, Tim, I'm president willing Winkler.

Yes, uh, before you count the totals, also all council members wishing to vote. Have you voted.

It's locked them. Yes, yes. Yes. And so council member Shanklin.

Yes. Okay. President Madam President Tim you have 23? Yes those in 2. abstentions Thank you. The ordinance is adopted Madame clerk reading of item number 32 a resolution.

The resolution is for the Kentucky general assembly House bill, 66 to 8 requirements to prevent utility disconnection in runaway neighborhoods right? In full.

The major Benson.

Thank you for the emotion councilman Benson and the 2nd by councilwoman Fowler.

Is there any further discussion councilman author? Would you like to speak to this?

Yes, Madam, thank you so much. So this is support.

For 5 parties in house build to make sure we're not doing utility, shut offs for vulnerable families and emergency situations.

It's only on old business because 1 of our colleagues has to abstain. Otherwise it passed unanimously out of.

Sorry, thank you. Councilman Arthur councilman Mulvihill.

Yes, thank you. I need to abstain for the reason given earlier. My wife works for Thank you.

1065 "Bennett, Olivia" (3844523520)

02:09:09.689 --> 02:09:17.819

Is there any further discussion hearing none? This is a resolution and allowing for a voice vote.

1066 "Bennett, Olivia" (3844523520)

02:09:17.819 --> 02:09:29.249

All in favor, say, aye, you need to go to do a row. I'm sorry we did have an extension, so we must have a roll call. Madam clerk. Please open the voting. 3rd.

1067 "Bennett, Olivia" (3844523520)

02:09:29.249 --> 02:09:34.409

Council member Arthur yes. Council member purpose.

1068 "Chappell, Jennifer" (3567825664)

Yes, council member chapel.

Yes, president Winkler.

Yes, Madam clerk could you ask for district to vote? I'm sorry counsel member Shanklin.

Yes, Madam president for Tim we have 24. you have 2431 extension? I have it. The resolution is adopted. The next item of business is new business as you leave the chambers. Please do so quietly. So the clerk may read new business.

I would ask those council members that wish to make announcements to please remain in chambers and request to speak on your system under announcements. your system under announcements
