## **BOARD OF ZONING ADJUSTMENT MINUTES**

**August 1, 2022**

### **PUBLIC HEARING**

#### **Case No. 21-VARIANCE-0134**

00:44:33 In response to questions from Board Member Bond, Mr. Ashburner said the proposal today is to not have any portion of the proposed deck in the right-of-way. It will be pulled back to the property line.

00:46:57 In response to a question from Board Member Buttorff, Mr Ashburner said his client may be willing to landscape/do plantings along the front façade of the proposed structure.

#### **The following spoke in opposition of the request:**

Ella and Rick Peters, 914 Lydia Street, Louisville, KY 40217

#### **Summary of testimony of those in opposition:**

00:47:37 Ella Peters asked if the decks shown in Mr. Ashburner's presentation were permitted and legal, and questioned the precedent set in the neighborhood. She said the proposed deck is not in character with the surrounding neighborhood; it is a permanent loss of greenspace; and there are potential drainage/erosion issues. She said decks will deteriorate over time, and if not maintained, can become an eyesore next to the street and the sidewalk. She said decks and wooden steps become slick with ice and snow. She said that, next door to 914 Lydia Street, is an unfinished home with an owner who does not take care of his property and dumps building materials in his front yard. She said this deck sets a bad precedent, particularly to others in the neighborhood who do not maintain their homes.

00:53:31 Rick Peters said the homes in this neighborhood are small, with only about 20 feet separating them. This proposal is out of character.

#### **Rebuttal:**

00:55:10 Mr. Ashburner delivered rebuttal (see recording for detailed presentation.)

**Testimony was heard, but due to lack of quorum no action was taken.**

### **PUBLIC HEARING**

#### **Case No. 22-VARIANCE-0081**

01:04:53 Robin Reid, the applicant, said the encroachments were discovered after the building process had already started. See recording for detailed presentation and discussion.

01:09:48 In response to a question from Joe Reverman, Assistant Director of Planning & Design Services, Ms. Reid said that, according to a survey she had done, the garage as it is now is 1-foot, 1-inch inside their property. There will be no eaves or overhang from the roof.

01:12:15 David Howell, the builder, said he was told it was a setback from the side, not the rear. The side setback is 2 feet. He said the existing structure is located 1 foot onto the homeowner's property. The permit was obtained based on the same LOJIC map. He said it would "cost a couple thousand" to move the garage one foot.

No one spoke.

**\*\* Note: After the meeting, staff determined that the advertised variance request was incorrectly noted as a side yard. This case will be heard at a later meeting as a variance request to a required rear yard setback.**
