Dear Mr. Liggin:

St John Center is happy to support your efforts to reduce homelessness by proposing to develop new low income housing for our Louisville residents.

St. Columba, F&M LLC, and The Liggin Foundation have historically been a good partner to St John Center in providing housing our PSH clients. The Liggin Foundation has demonstrated a genuine commitment to housing some of St. John Center most vulnerable clients. The foundation has given people second chances, and has been an involved landlord who both maintains quality apartments and cares about their residents. As St John Center experiences the impact of Louisville's affordable housing shortage on a daily basis, and know's that more housing *is* the solution to homelessness, we are excited to support the foundation's effort to create more housing options.

We wish you luck in your new housing development and we look forward to a continued partnership in support.

Sincerely,
