

LETTER OF EXPLANATION FOR THE MODIFIED CONDITIONAL USE PERMIT

When I originally started this for a Short Term Rental in 2018 I submitted and went through the entire Conditional Use App process and it was my understanding I had done what needed to be done. I was unaware that I had to register this as a short term rental via the Short Term Rental application at that time. When I went to file the STR I was made aware I needed to do a modified CUP application.
