- It was stated that no vote would be taken on this Resolution this meeting
- This Resolution dates back to the last State legislative cycle -- 22RS HB 314 was passed and as part of it, created a bipartisan local and state commission to examine Louisville/Jefferson County's merger
- A brief review of the members who sit on this commission was provided
- The most crucial part of this examination is to run detailed data analysis to sort out budget (revenues and expenses) of the Urban Services District of Louisville as well as more suburban areas (unincorporated and suburban cities) -- examples of what will be reviewed was provided
- It was voted on by the commission to contract with Dr. Paul Coomes with the University of Louisville to partner with another professor with the University of Kentucky -- Dr. Paul Coomes did the original analysis for Louisville 20 years ago
- The only current delay in regards to the contract is the completion of paperwork with the University of Louisville and University of Kentucky
- The price of the contract has decreased from \$100,000 to approximately \$90,000
- It was asked whether this was mandated by the State or if Metro Government had a choice -- it was agreed that Metro Government would fund this since it directly impacts the city, though the State communicated they would split the cost.
- This work has to be completed by August 2023 -- recommendations must be finalized and returned to the State in September 2023

- Clarification was provided that the State required a comprehensive review be performed -- the State created a commission to perform this comprehensive review
- The State did not require a study to be performed by the University of Louisville and University of Kentucky -- the contract is not a State mandate
- It was stated that Chair Fowler would replace David James as the representative on the commission for geographical representation purposes
- It was requested by Council President Winkler to be added as sponsor
- 22RS HB 314 has language regarding changes in 2024 related to annexation and suburban city development -- one of the intents in creating the commission is to make recommendations that might change that language
- It was requested by Vice Chair Kramer to be added as a sponsor

A motion was made by Vice Chair Kramer, seconded by Committee Member Reed, that this Resolution be tabled.

The motion to table carried by a voice vote.
