Hello'

I live at Cardinal Oaks and am against the zone change from Residential to Commercial as it would make the area a strip mall within a residential area. The traffic would be non-stop for the area. There would be people non-stop on our property parking their cars to shop at that commercial store as Cardinal Oaks Drive, which is owned by COCA, which is next to store.

Are the owners going to try to take a section of Cardinal Oaks Drive from COCA for their store trucks to use as an entrance way?

Part of 7717 is on the flood plain zone per the Federal Government FEMA. You guys do know that right?

This construction would bring flooding to Cardinal Oaks. I will send photos of 2009 when Big Run Flooded out COCA.

Hello

This is a copy of the FEMA flood map

As you can see, a majority of 7717 is on a FEMA flood plain .The run off would flood out Caridnal Oaks.And put COCA back on the FEMA flood plain and additional Flood insurance for the residents if we could get it.

Hello

COCA and this area do not need a second Dollard store next to each other on the other side of Cardinal oaks road . My god why are they doing that? As they already are going to built the first dollar store next to Doss, we do not need a mega store of two dollar stores next to each other.

The traffic would be worse with the store semi trucks trying to go into and leave the same entrance as the customers.

The night time store lighting will shine in my bed room windows, and of other residents at night. We will have the lack peace and quite 24/7 due to store operations.

This area need to stay residential as there is very few areas for affordable housing being built. Is not that the mission of Louisville Metro more affordable housing?

August 17, 2022

Dante St. Germain
Planning and Zoning

Dear Dante:

I wanted to formally submit that I live within one mile of 7717 St. Andrew's Church Road and I strongly oppose the change from residential to commercial. I have spoken to several neighbors and we all are against the change. The traffic in that area is terrible and would only be negatively impacted by putting a store there.

This proposed change goes against Plan 2040. No sane person would want a business twenty to fifty feet from their front door. Especially a business that would likely be open 14+ hours per day. This business would infringe upon residents' ability to enjoy their property. There would be noise all day from delivery trucks coming and going. Additionally, there would be patrons all day and the annoying weekly dumpster arriving at 6 am on the dot.

We all know how annoying it can be listening to large trucks in reverse. Imagine being awoken daily by the beeeep-beeeep-beeeep of trucks backing into the delivery area at the rear of the property next to the many homes of Cardinal Oaks. Additionally, many loud, vibrating diesel engines would be left running throughout the delivery which could potentially take hours. It would be unfair to expect residents living in an R-4 zone to suddenly be subjected to a commercial business less than 100 feet from their property.

Of course, a change like this would negatively affect the property value of the homes in the Cardinal Oaks Subdivision. The subdivision is currently a relatively quiet area.

There are many areas along the St. Andrew's Church Road corridor that are already commercially zoned. The one at Blanton and St. Andrews sat for sale for two years. It is now being revitalized with a new gas station and will improve the area. Commercial growth is welcome in the area, but not at the expense of future housing.

I completely oppose businesses that look for residential property at lower prices to turn into commercial properties. This does nothing for the area except lower property values and does not support the vision of Plan 2040. Specific to Plan 2040, this change would NOT "create memorable places . . . where all people are able to achieve their full potential." Finally, our area is in need of housing. Rezoning residential areas to commercial permanently limits future housing for our area.

Thank you for your assistance in this matter.

Dear Dante:

I will be at the meeting today, but I wanted to submit in writing that I live within one mile of the location and I strongly oppose the change to commercial. I have spoken to several neighbors and we are all against it. The traffic in that area is terrible and would only be negatively impacted by putting a store there.

Additionally, there are multiple derelict business properties within one mile that could be utilized. The one at Blanton and St. Andrews sat for sale for two years. It is now being revitalized with a new gas station and will improve the area.

I completely oppose businesses that look for residential property at lower prices to turn into commercial properties. This does nothing for the area except lower property values.

Finally, The store would back up to a large residential area creating a noise and excessive traffic.

Thank you for your assistance in this matter.

Dante,

I see that the electronic notice was issued today, but it was issued to District 12. I'm not sure what district represented this property prior to redistricting, but I know that Amy Holton Stewart is in District 25 and her legislative assistant plans to be present tonight. The information on lojic indicates the property is now in District 25.

Also, the pre-application staff report is not in Accela.

Thank you.

Comments

As a home owner at Cardinal Oaks Condominiums I wish to state that I am against the zoning change to commercial for the property at 7717-7721 St Andrews Church Rd.

I understand the proposed change is to allow the building of a Dollar General/Family Dollar type business. My opposition stems from the following:

Added traffic to St Andrews Church Rd. Turning west out of Cardinal Oaks Dr is difficult at the best of times. The traffic backs up due to the light at Blanton Lane. During school drop off/pick up that traffic is doubled. Putting another entrance/exit within @ 100 ft of Cardinal Oaks Dr will make it near impossible.

I understand there is a plan to add a middle turn lane to St Andrews. I used to live off Blue Lick Road. For 25 years I heard that Blue Lick would be getting the third lane to help with traffic. That project is still not complete. AND a road construction project will only increase the issue of access to East/West St Andrews Church Rd.

This type of business uses semi truck to deliver their goods. St Andrews Church Rd is not conducive to this type of traffic.

Added foot traffic through the condo. The roads and sidewalks of Cardinal Oaks are maintained by the co-owners of Cardinal Oaks. This type of business will encourage additional foot traffic throughout complex. We are already experiencing walk throughs of the school kids from both Trunnel Elementary and Doss High. An increase in this type of traffic will increase our need for added security measures and maintain landscaping etc creating an added expense to our home owners.

Added trash blowing around the neighborhood. All you have to do is visit other Dollar stores to prove that the surroundings of these stores is not maintained.

Additional Dollar store not needed in this area. There are 5-7 Dollar General stores within 5 miles.

Added water/run off concerns. This area was recently removed from the MSD flood plain. Construction of this type may be the cause of increased water retention to the Cardinal Oaks property.

An eyesore to the community. There is nothing attractive about a Dollar store. This eyesore can only have a negative affect on the property values at Cardinal Oaks.

It's not the amount of time you devote but what you devote to the time that counts.

Ms. Terry Stinnett

Home Owner

Cardinal Oaks Condominiums

Mrs. Watkins,

Thank you for your message and sharing your thoughts and concerns. I have added Dante St. Germain, the case manager for the Dollar General property.

To my knowledge the apartment complex does not yet have a case manger, but I will forward it to them as soon as I am aware of that case manager.

Your comments will be submitted for the record but I certainly recommend attending the upcoming neighborhood meeting scheduled for Monday, July 11 at Doss High School and future public hearings at the Planning Commission/subcommittees of the Planning Commission to ensure your concerns are heard by the Board Commissioners.

Dante,

Please ensure Mrs. Watkins concerns are reported to the Planning Commission and any subcommittee this zoning change will be heard by.

Thank you,

Brian Powell

Subject: Family Dollar/Apartment Complex St Andrew's Church Rd.

CAUTION: This email came from outside of Louisville Metro. Do not click links or open attachments unless you recognize the sender and know the content is safe

We were recently informed at Cardinal Oaks Condos about the sale of the property at the entrance to our complex. There are a number of issues surrounding the implementation of this project.

1. This area cannot support the additional traffic. We are located immediately next to Trunnel Elem School and Doss High School not to mention the number of apartment complexes already in the area. We have daily traffic jams and accidents on a 2 lane road. It is almost impossible to pull onto St Andrew's Church Rd. due to the volume of traffic. I also work at the 360 Salon which is across from Doss High School. Our clients complain constantly about the traffic and the hazards of trying to cross traffic.
2. The property in question is higher than Cardinal Oaks and the runoff of water and drainage will cause flooding and standing water. We currently have a mosquito problem and that will only worsen.
3. Cardinal Oaks is privately owned and the property has signage including Private Property, No Trespassing, and No Outlet. We have to financially support the maintenance of our roads and sidewalks. We get no county or city assistance. The tenants of the surrounding apartments have no respect for our property and use our sidewalks and roads for their personal walkways to St Andrew's Church. They leave trash, steal from our porches/patios, and play loud obscene music. The construction of additional apartments will put more of this problem directly in our face.
4. Cardinal Oaks has a 15 mph speed limit and speed bumps to assist in reducing speeding. People constantly use our private drive to get to the schools or to Fordhaven Dr. There is no outlet to either destination and we will not share our private drive with the apartments or a retail establishment. People enter and then speed out when they realize there is no outlet. More traffic will be added to our community along with danger to our children, senior citizens, and pets.
5. The residents in Cardinal Oaks have a vested interest in our community as we own our homes. People living in apartments have no vested interest and could care less how the property looks or in maintaining the condition. We will have trash blowing onto our property, increased traffic on foot and by vehicle, and people using our dumpster to dispose of unwanted items. Our property values will decline and no one will want to move into our community.
6. There are seven (7) Dollar Stores in a three (3) mile radius of this location. I have never set foot in a Family Dollar Store and find no need for another.

I feel that both of these facilities are unwanted, unneeded, and will be detrimental to our community. The South end of Louisville is a dumping ground for low income apartments to replace the neglected and rotting projects of the city of Louisville. The Southend is in need of higher quality restaurants not more fast food. We need quality clothing stores. If I need to buy clothing appropriate for my age and lifestyle, I have to drive to the East End or to Jeffersonville, Indiana. I realize the amount of theft that has come to the Southend is a deterrent but nothing is being done to stop the criminals. They are allowed to walk out of the store with no consequences. Make that a priority along with stopping the number of gunshots we hear daily.

Please work in harmony with us to prevent the implementation of another unwanted retail store and apartment complex.

Sincerely,

KATHY E WATKINS

Brian

One other concern I have that I failed to ask you about. The meeting at Doss HS the entrance has quite a few steps to climb getting into the meeting. Most of our residents are on the elderly or have handicap issues. Will there be a entrance at ground level to assure these residents will be able to attend. Meeting at Trunnell Elementary auditorium has no steps to enter, the entrance is on ground level and would have been the better option to hold this meeting to accommodate the special needs of the attendees. What I don't need is a group of older or people with disability's standing outside in the heat. Thanks for hearing my concern of location of this meeting.

Thank you
Harolah Cheser

Subject: 7717 St. Andrews Church Road Dollar General Zoning Change & 7727 St. Andrews Church Road Apartments

Harolah,

Thank you for your phone call earlier today. As we discussed, I will be in attendance at the neighborhood meeting to hear out the neighbor's concerns, questions, etc. for the proposed Dollar General store & C-1 zoning change.

Dante St. Germain is the case manager for the 7717 St. Andrews Church Road case and she may be reached via email at dante.st.germain@louisvilleky.gov or by phone at 502-574-4388. If you have specific questions about the planning & zoning process or questions about this application please feel free to reach out to her to assist you. I am also happy to answer any questions I can to assist you and your neighbors.

You also requested contact information for Ann Ramser of the Iroquois Neighborhood Association: iroquoisna@gmail.com

Finally, as I stated on the phone:

- The Dollar General C-1 Zoning change will require a zoning change and thus will need to be approved at the subcommittees of the Planning Commission with a recommendation of approval or denial by the Planning Commission to the Louisville Metro Council, each of these two meetings are Public Hearings allowing public comment in favor, neutral or opposed to speak to their concerns. The Louisville Metro Council will make their decision based upon the record of these meetings and do not permit public input.
- The proposed apartments at 7727 St. Andrews are already properly zoned and just require a Revised District Development Plan that the Planning Commission will review. This case will not come to Metro Council. If your community has any concerns with either of these proposals please encourage them attend and speak at the public hearings and to put their concerns in writing and send them to our office and Dante to ensure the commissioners have their concerns on the record before the public hearings.

I hope this information is helpful. If you need anything further, please feel free to reach out and I will help in any way I can.

Thank you,

Brian Powell

Hello Ms Stewat

We spoke at the trash day pick up at Doss high school. You ask me to call you, that you wanted to talk with me. I have attempted to do that, but can only get a recording which I did leave a message to return a call, which I have not received as of yet. Residents have been sent notification of a neighborhood meeting planned at Doss High School, in the the main library, July 11 at 6pm. I would very much like to receive a call from you since you represent us on the Council. I may be reached at 554-4402. Thank you for your time in this request and will await a return call from you.

Thank you

Subject: Dollar General Proposal on St. Andrews Church Road Case No. 22-ZONEPA-0081

CAUTION: This email came from outside of Louisville Metro. Do not click links or open attachments unless you recognize the sender and know the content is safe

Dante,

The property owner of 7717 St. Andrews Church Road filed a pre application to rezone the property from R 6 to C-1 to build a Dollar General store. I oppose this rezoning.

With a 30,000 housing shortage, I oppose rezoning any residential property to commercial property.

We have an over supply of dollar stores. I do not believe they are good for the area. In fact, I think they are bad for the area.

The proposed rezoning is close to Doss High School and Trunnel Elementary.

Along with the narrow two lane St. Andrews Church Road and nearness of the schools, I believe traffic will be an issue especially when school is in session.

Ann Ramser

Which case is this for specifically? The St. Andrews Church Road rezoning?
Yes. The rezoning for a Dollar Store.

Cheers,
Evan

It is important for locals to understand the underlying predatory behavior of Dollar Stores and their long-term negative effect on neighborhoods. Here are a few articles that I hope can help persuade people to fight against these businesses in our community.
