it's before us questions or concerns seeing none, amendment is before us, all in favor say aye, opposed, ayes have it Now. We have the amended item before us any further questions or concerns.

Committee Member Peden

I do have a question.

I have a question question not about the amount, but is there a reason that you all are putting up India for music versus using that?

Don't we still get that contract with the 6 hours?

We do if you've all used all of yours, I'm sure someone else has theirs is kind of why I'm asking.

Shalanna Taylor

Yes, no, it's a great question. We actually they reached out to the entire Council for.

We would funds, they didn't get the amount, the full amount that they needed. So, president James suggested that they issue in India for the additional amount.

Amount so, for whatever reason, if someone just didn't have any money left over in theirs, he wanted to give another opportunity for someone to give.

Committee Member Peden

Gotcha cool. Thank you.

Before us Councilwoman Bowens, right?

Committee Member Bowens

Thank you well, uh, this kind of speaks for itself is just a pain, um, redoing the alley that is between 22nd 23rd off of, um. algonquin, so it's pretty much speaks for itself.

Chair Blackwell

Did we not have do we. Do we not have alley funds in the budget? I don't pay much attention. I don't have any allies in district 12 so.

Committee Member Bowens

We do, but this is not more like a, um. It's not like a well, you can kind of go in through, like, Alec, would you go into a street too? So it's not really an alley. Oh torn down a little alley. So.

But you can go through alley to get there. It's like, it's not like a coder site, but it's a small little street going off for 22nd

Chair Blackwell

Okay, so it was all wouldn't fit in a, uh, alley funds or whatever. It doesn't fit nicely in those funds.

Committee Member Bowens

No, no, I would fit in that.

Chair Blackwell

Gotcha. Okay. Questions or concerns.

All those in favor say, aye aye aye.
