CONTRACT SCOPE and PURPOSE (Attach additional documentation if necessary)

Amendments: Describe the circumstances under which a time extension or scope change is needed.

New: Be specific about the work to be performed / product to be purchased including but not limited to: scope of work; description of service; work product created; why the service / product is necessary; and benefit to Louisville Metro Government.

As Medical Director for the MORE Center, LMPHW's methadone clinic, Dr. Jorrisch will continue providing medical supervision services including, but not limited to: prescribing methadone, suboxone, and/or vivitrol; referring for additional care as medically appropriate; overseeing initial and ongoing annual physical examinations for patients; reviewing and revising counseling services protocol; reviewing and co-signing medical records; providing staff consultation; providing case conferences; and providing overall clinical direction and leadership. The specialized services provided by Dr. Jorrisch are critical to the MORE Center to address the current substance use crisis in Louisville.

The contract should specify Dr. Jorrisch will work up to 15 hours weekly for a flat fee of \$2175. Any hour worked beyond 15 hours weekly will be billed at a rate of \$145 per hour. The contract should also specify it includes \$3000 maximum reimbursement for professional meetings/education.

JUSTIFICATION FOR NON-COMPETITIVE GOOD/SERVICE (Attach additional documentation if necessary)

Provide justification including but not limited to: a description of the unique features that prohibit competition; research conducted to verify the vendor as the only known source (sole source); why the service (PSC) is not feasible to be provided by LMG staff or expertise does not exist; known compatibility, proprietary and/or timing issues.

Dr. Mark Jorrisch has been the Medical Director for LMPHW's MORE Center for more than 20 years. The MORE Center provides evidence-based treatment for opioid addiction, which includes psychosocial counseling and medication assisted treatment. Having an experienced field expert as the Medical Director of the MORE Center is critical to the MORE Center's success, and operating a successful MORE Center is an absolute necessity to Louisville Metro Government and the Louisville community to address the current opioid crisis.

Dr. Jorrisch has a doctorate degree in medicine, is licensed to practice in KY, and has practiced as an addictionologist with an addiction population for over 20 years at the MORE Center. Dr. Jorrisch has been instrumental in pioneering the MORE Center's medication assisted treatment program based upon an evidenced-based treatment approach for opioid addiction. Dr. Jorrisch has become the president elect of Kentucky's American Society of Addiction Medicine (ASAM), is ASAM certified, and is an addiction expert, providing guidance and training to other physicians, psychiatrists, medical interns and residents regarding opioid addiction and medication assisted treatment.

No other physician in the city of Louisville is more qualified to serve as the MORE Center Medical Director than Dr. Jorrisch because of his decades of experience, his profound expertise, and his steady leadership over the past 20+ years. He is uniquely qualified to serve in this role.

AUTHORIZATIONS: Per KRS 45A.380, I have determined that competition is not feasible for the above described good / service and there is a single source within a reasonable geographical area of the good / service to be procured; or the resulting contract is for the services of a licensed professional, technician, artist, or other non-licensed professional service.
