Lockett presented the applicant's proposal to renovate an existing warehouse structure on 1405 West Broadway for office and residential use. He clarified that the structure on 1404 Magazine Street is being renovated for storage use and parking. Jay Lockett stated that the structure on 1405 West Broadway is a registered historic site and parking will be provided alongside and in front of the main building. Lockett mentioned that a small portion of pavement is on the site of the structure located at 1404 Magazine Street and there is discussion on whether the appropriate amount is there. He confirmed that access to the alley will not be provided and the applicant will construct a wall on Magazine Street to screen the parking lot.

00:09:17 Commissioner Brown asked if the previous plan was a Category 2B.

00:09:29 Jay Lockett agreed. Lockett suggested adding an easement requirement for the existing pavement on the site.

00:12:47 Ashley Bartley responded that there will be 116 units on floors 2 through 5 and a drive-through ATM on the lower level. Bartley stated that due to it being affordable housing, there will be reduced parking.

00:13:21 Commissioner Carlson asked if the main building will have the same general appearance as it does now.

00:13:27 Ashley Bartley agreed. Bartley stated that the main building is receiving funding and going through architectural reviews.

00:13:41 Commissioner Carlson reiterated that the main building is not in use.

00:13:45 Ashley Bartley confirmed that it has been vacant for decades.

**Deliberation**

00:14:44 Commissioner Brown stated that the waivers are warranted because the buildings are being reused.

00:14:56 Commissioner Carlson agreed that reuse of a vacant building is good.

Project Name: Changing Image Sign Waiver  
Location: 5101 US Highway 42  
Owner: The Temple  
Applicant: Golden Rule Signs  
Jurisdiction: Louisville Metro  
Council District: 16 – Scott Reed  
Case Manager: Beth Jones, AICP, Planner II

Notices were sent by first class mail to those adjoining property owners whose names were supplied by the applicants.

The staff report prepared for this case was incorporated into the record. This report was available to any interested party prior to the DRC meeting. (The staff report is part of the case file maintained in Planning and Design Services offices, 444 South 5<sup>th</sup> Street.)

#### Agency Testimony:

00:15:43 Beth Jones presented the proposal to put a new sign in the center of the buffer zone, where the existing one is located. Jones explained that the buffer zone is infringing on a parking lot and residential properties. She stated that the changing image portion of the sign can make up 30% of the area, but the applicant is asking for 60%.

00:19:50 Commissioner Brown asked if the applicant can make the sign bigger and eliminate the second waiver. Brown questioned what the maximum size is for 30%.

00:20:04 Beth Jones explained that the maximum size is 24 square feet, but the applicant is asking for 30 square feet.

00:20:12 Commissioner Brown suggested that if the applicant makes the sign bigger, there can be a larger square footage of the changing image.

00:20:18 Beth Jones disagreed. Jones explained that if the sign is not in a neighborhood, it can be 60 square feet.

00:20:47 Commissioner Brown reiterated that the residential properties are behind the detention basin.

00:20:54 Beth Jones agreed.

00:22:08      Beth Jones agreed.

00:22:21      Commissioner Carlson asked if the condominiums are more than 300 feet from the sign.

00:22:37      Beth Jones confirmed that the condominiums are, but the parking lot is not.

Seth McNeal, 1083 Brooks Industrial Road, Shelbyville, KY 40065

**Summary of testimony of those in favor:**

00:23:56      Seth McNeal said that he is here on behalf of the Temple to represent Golden Rule Signs.

00:24:26      Commissioner Brown asked if the sign is modular. Brown questioned if the applicant is willing to go down to 24 square feet.

00:24:36      Seth McNeil agreed that the sign is modular. McNeil explained that the distance from the road to the sign makes it less visible. He stated that going down to 24 square feet will make it worse.

00:25:11      Commissioner Carlson asked if the vegetation will be removed.

00:25:29      Seth McNeil said that he is not aware. McNeil explained that the vegetation belongs to the residential properties.

00:25:38      Commissioner Brown surmised that when the area was rezoned, the vegetation was made a requirement.

00:25:50      Julia Williams agreed that the screening is there due to rezoning.

00:30:12 Molly Clark responded that it received approval.

00:30:17 Commissioner Brown asked if the DDRO acted on the waiver during their review.

#### The following spoke in favor of this request:

Cliff Ashburner, 101 South 5<sup>th</sup> Street, Suite 2500, Louisville, KY 40202

#### Summary of testimony of those in favor:

**DEVELOPMENT REVIEW COMMITTEE**  
**January 4, 2023**

**NEW BUSINESS**

**CASE NO. 22-CAT3-0004**

00:31:10 Cliff Ashburner confirmed that the DDRO approved the proposal under case number 22-OVERLAY-0018 on September 28<sup>th</sup>, 2022. Ashburner explained that the condition of approval concerns the frontage, where the retail space will be. He stated that this area will be activated so as not to showcase billboards or signage, but public art.

00:39:53 Commissioner Carlson stated that there is no requirement for parking in the area. Carlson asked where the residents who live there and the people who work there will park.

00:40:26 Cliff Ashburner responded that 1 to 1 parking will be provided per unit.

00:40:43 Commissioner Carlson clarified that the first floor will be commercial space. Carlson questioned the reason for not having clear windows there.

00:40:58 Cliff Ashburner explained that the glazing requirement applies to 7<sup>th</sup> and 8<sup>th</sup> Streets, not Muhammad Ali. Ashburner stated that the waiver is needed to screen the parking lot with building material.

00:41:45 Commissioner Carlson asked if the reason for the glazing requirement is for pedestrians to look inside the building.

00:42:12 Cliff Ashburner agreed. Ashburner stated that the glazing requirement is not designed for this sort of structure. He emphasized that the front of the building will be on Muhammad Ali, while the corners will wrap around 7<sup>th</sup> and 8<sup>th</sup> Streets.

**The following spoke neither for nor against the request:**

Bill Wells, 400 South 8<sup>th</sup> Street, Apartment 1411, Louisville, KY 40203

**Summary of testimony of those neither for nor against:**

00:44:24 Bill Wells stated that he knows the area well. Wells said that when he received the public notice 1 week ago, it indicated a degree of violation as he is disabled. He explained that when he came to the office, he was unable to speak with the staff.

00:50:09 Commissioner Carlson advised that he bring it back to the building, rather than make general statements.

00:50:25 Bill Wells responded that the general is to the nature of asking for a waiver and the specific of the design.

**CASE NO. 22-CAT3-0004**

00:50:39 Commissioner Carlson asked if he is against the waiver.

00:50:44 Bill Wells said that he is against the nature of noticing him. Wells stated that out of all the people in his apartment building, he showed up.

00:52:57 Commissioner Carlson explained that their mission is to evaluate the request for a waiver using the criteria. Carlson pointed out that Bill Wells is complaining about the criteria, which is a much larger discussion to be had.

00:53:27 Bill Wells maintained that the notice failed to get to his mailbox, which has not been considered in the design process. Wells stated that citizens have a right to speak.

00:55:32 Commissioner Carlson asked if he has ideas and stated that he would love to hear them.

00:55:38 Bill Wells insisted that the process was not honored as he just received the notice.

00:55:47 Commissioner Carlson stated that this is what the process is, and procedures are. Carlson explained that he will need to contact his Metro Council representative to adopt a new resolution on notice requirements.

00:56:24 Bill Wells stated that he has gone through his current and former Metro Council representative and is being dismissed because he is disabled.

00:56:38 Commissioner Carlson explained that at the beginning of each Metro Council meeting, citizens can make complaints or suggestions for their consideration.

00:56:55 Bill Wells asked if he can read a poem.

00:57:25 Commissioner Carlson said that he does not see how that is pertinent.

00:57:29 Bill Wells responded that the design and gifts inherent to life are the reason we are here. Wells said to look at the audience, who has the access and wealth to both affect and effect the area. He stated that the design should mirror nature and not have so harsh of a front.

**DEVELOPMENT REVIEW COMMITTEE**  
**January 4, 2023**

**NEW BUSINESS**

**CASE NO. 22-CAT3-0004**

00:59:01 Cliff Ashburner stated that the purpose of this hearing is to review the waiver request. Ashburner acknowledged that the review is limited and asked the Committee to consider the fact that the DDRO has approved the design.

01:00:30 Commissioner Carlson asked if he agrees to the proposed condition of approval.

01:00:40 Cliff Ashburner clarified that the proposed condition of approval is an additional right-of-way on 7<sup>th</sup> and 8<sup>th</sup> Streets. Ashburner agreed.

**Deliberation**

01:00:56 Commissioner Brown stated that it is not practical for a structure of this size to have windows on all sides. Brown said that he supports both the plan and waiver as it meets all the requirements of the Land Development Code.

01:01:30 Commissioner Carlson agreed.

01:01:32 Commissioner Brown concluded that Bill Wells can make an appeal to the Planning Commission.
