PERSONAL PROFILE STATEMENT/CAREER OBJECTIVE

I love my neighborhood, Louisville's communities and believe that the best is yet to come. I remain confident that working together, we can accomplish great things that will benefit ALL of us. I truly enjoy giving back to my community. I also remain committed to listening and helping to make a difference. I believe that my passion for social justice, making a tangible difference in the community and resolving people's problems makes me the ideal Candidate for a demanding position in District 3. District 3 is a very diverse District, and there is a need to address the various outstanding members of these communities, and let them know we care, about their living conditions, and seeing that new businesses and housing will be investing in these areas as well.

I want to help our young people get back on track for a chance in this life as well as addressing our most precious senior Citizens that need our attention as well.

My vision is simple---Listen to the concerns of the residents, and determine how we can best use community resources to benefit our neighborhoods, support our police and place foot patrols in the neighborhoods to get to know their residents and be able to communicate with them to form more faith in each other. These are the reasons I am seeking to pursue the open seat, to represent District 3.
