Wanda,
Upon review of this alley, it is very difficult to determine the condition therefore we had to estimate as through the entire alley would need to be reconstructed. This may not be likely but the max cost to reconstruct and repave this alley is \$50,000 . Let me know if you have any questions.

Thanks,
Andrew

Sorry to be so long in responding. The answer is yes. Please do the estimate. Thank you.

Wanda,
I never heard back on this alley request. I wasn't sure if you were still interested or not.

Thanks,
Andrew

Wanda,
Is the alley you are requesting an estimate on the one that is behind 714 Creel Ave and behind 731 Algonquin Parkway?

Thanks,
Andrew

Hi Arnitra,

Would you be so kind to have a quote done for the alley above. Thanks!
