STREAM CONSTRUCTION PERMIT
For Construction In Or Along A Stream

Issued to: DSI Underground Systems Inc
Address: 1032 E Chestnut St
Louisville, KY 40204

Permit expires on

April 28, 2018

Permit No. 26804P

AL: 119766

In accordance with KRS 151.250 and KRS 151.260, the Energy and Environment Cabinet approves the application dated April 17, 2017 for construction of an approximately 30' x 50' two story office building in the left descending floodplain of South Fork Beargrass Creek at about stream mile 0.5, with coordinates 38.247602, -85.734231, in Louisville, Jefferson County.

There shall be no deviation from the plans and specifications submitted and hereby approved unless the proposed change shall first have been submitted to and approved in writing by the Cabinet. This approval is subject to the attached limitations. **Please read these limitations carefully!** If you are unable to adhere to these limitations for any reason, please contact this office prior to construction.

This permit is valid from the standpoint of stream obstruction only. Issuance of this permit does not relieve the permittee from the responsibility of obtaining any other permits or licenses required by this Cabinet and other state, federal and local agencies. Specifically if the project involves work in a stream, such as bank stabilization, dredging, relocation, or in designated wetlands, a 401 Water Quality Certification from the Division of Water will be required.

This permit is nontransferable and is not valid unless actual construction of this authorized work is begun prior to the expiration date noted above. Any violation of the Water Resources Act of 1966 as amended is subject to penalties as set forth in KRS 151.990.

If you have any questions regarding this permit, please call Mr. Jim Oertler at 502-782-7030.

Issued April 28, 2017.
