## LOUISVILLE METRO COUNCIL NEIGHBORHOOD DEVELOPMENT FUND APPLICATION

### SECTION 3 – AGENCY DETAILS

#### Describe Agency's Vision, Mission and Services:

**Alley Cat Advocates' Mission:** To provide for the humane treatment of unowned cats by directing a Trap-Neuter-Return (TNR) program in the safest, most efficient and cost effective way possible.

**Alley Cat Advocates' Vision:** To make our city the safest in the country for community cats.

Alley Cat Advocates was incorporated in 1999 as a non-profit organization whose efforts focus primarily on directing a Trap-Neuter-Return (TNR) program. TNR programs identify an unowned cat or colony of unowned cats (now called community cats), humanely traps the cat(s), spays or neuters it, and returns it to his/her outside home. Our group receives an average of 600 calls a month from persons in our area interested in getting the community cats for whom they care sterilized; from persons interested in learning how to best care for the community cats in their neighborhood; and also from persons interested in keeping community cats off of their property. We have sterilized just shy of 40,000 cats since our founding as this has proven the most effective way to reduce community cat numbers, thereby improving their lives while at the same time reducing complaints regarding their behavior. Our group also supports the work of Louisville Metro Animal Services by targeting areas of the community from which they receive the highest number of complaints regarding free-roaming cats, working closely with them to resolve those complaints.

**The process:** Citizens call our hotline and discuss their concerns with a trained team member. In cases that warrant, the cats about whom the citizen is calling are scheduled for spay/neuter surgery. The citizen typically borrows traps from Alley Cat Advocates on the Saturday prior to their surgery appointment, receiving training on the traps' safe and effective use and they are provided directions to the surgery location. The evening prior to the day of the surgery appointment, the citizen brings his/her safely trapped cat(s) to the Kentucky Humane Society's S.N.I.P. clinic for check-in by one of our staff and a team of volunteers. Spay or neuter surgeries, vaccinations, deworming, and flea preventative are provided by the S.N.I.P. staff. The S.N.I.P. organization bills Alley Cat Advocates for this part of the process. Cats are checked on and fed by our staff and volunteers the evening of their surgery and are discharged the following morning, traveling back home to their neighborhoods.

When responding to citizens complaining about community cats, we assess the situation by gathering all information possible. We work diligently to identify the source of the cat(s) and work with neighbors to get any cats for whom they care spayed or neutered and vaccinated. As the majority of behaviors found offensive to citizens are eliminated by spaying or neutering, this element of intervention is key to success in the neighborhood. When appropriate, we also loan commercial devices to the complaining citizen to deter cats from their property.

### SECTION 5 – PROGRAM/PROJECT NARRATIVE

**A: Describe the program/project start and end dates, a description of the program/project and applicable data with regards to specific client population the program will address (attach related flyers, planning minutes, designs, event permits, proposals for services/goods, etc.):**

The project proposed is scheduled to start May 1 and conclude no later than June 30, 2018.

The project proposed is one in which Alley Cat Advocates provides "no cost" surgeries for up to 750 cats during the proposed project dates.

Currently, citizens who reach out to us for spay or neuter support are asked to pay \$45 for our service. This is the amount that the Kentucky Humane Society's S.N.I.P. clinic bills us. While some citizens are able to contribute this amount to partially cover the cost of our service, for a large number - particularly in the lower socioeconomic areas where community cats are most commonly found - this fee is an obstacle. We propose eliminating that barrier during a time of the year when community cats are very visible in our city.

Flyer to publicize the project is attached. Likewise, we will canvas neighborhoods, as needed, to encourage citizens to reach out to us although with our call volume, word-of-mouth seems to have done the majority of the publicizing for us.

**B: Describe specifically how the funding will be spent including identification of funding to sub grantee(s):**

The funding will be used to cover the cost of the spay or neuter surgery (and additional services that are a part of the negotiated agreement between Alley Cat Advocates and the Kentucky Humane Society's S.N.I.P. clinic) that is billed by the S.N.I.P. clinic, up to 750 cats. Their itemized bill, listing each cat given services, will serve as needed financial documentation. Alley Cat Advocates' list of citizens served will document the location of the cats provided the service.

## LOUISVILLE METRO COUNCIL NEIGHBORHOOD DEVELOPMENT FUND APPLICATION

**E: Describe the program's benefits to those being served (measurable outcomes). Include the program's process for collecting data and the indicators that will be tracked to measure the benefits to those being served:**

Alley Cat Advocates works closely with Louisville Metro Animal Services (LMAS) to track the number of community cats brought to their agency for sheltering. This number, and the number of community cats that LMAS euthanizes each year, has declined significantly since the founding of our organization and particularly in the last several years. The use of these metrics has proven to be the best gauge, nationwide, of the success of TNR programs.

In Jefferson County, feline intake into our shelters has dropped from over 6000 per year to under 3000 per year (a 63% drop) from the years 2006 through 2016. Cats euthanized in our shelters has gone from 44% of those cats sheltered to just 8% of the cats sheltered during that same time period. While not the only change at our community's shelters, the institution of aggressive, targeted TNR has been the primary reason for these improvements. To sustain these numbers and to, ideally, continue to see these amazing changes, Alley Cat Advocates needs to continue diligently providing TNR services throughout the community.

To demonstrate the benefit of the progress for these two months of funding, Alley Cat Advocates will track the individual colonies assisted. At both 3 and 6 months from the project, staff will reach out to the individual citizens to learn of any new cats or kittens at each location. Success will be judged by zero growth in the number of cats in each colony provided service as well as a reduction in the number of complaints (if any were present at the start of the project) coming from neighbors near the colonies' locations.

**F: Briefly describe any existing collaborative relationships the organization has with other community organizations. Describe what those partners are bringing to the relationship in general and to this program/project specifically.**

Our strongest and most important collaborative relationship is that with Louisville Metro Animal Services. As partners for many years, we communicate daily regarding issues related to community cats and share responsibilities of all sorts as we work to keep the healthy, well-cared for community cats out of our municipal shelter. Simultaneously, we work together to keep them from being a nuisance to citizens in our community - in any number of ways. We also work together diligently to respond to medical issues as they are reported to either of our organizations so that no cat suffers from whatever might befall it in its outside home.

We have another strong partner in the Kentucky Humane Society. The spay/neuter surgeries their S.N.I.P. Clinic perform for us are done so as outlined in an annual Operating Agreement our two organizations refine and sign each year. Accounting for approximately 25% of their annual surgeries, their high quality work and their geographic location just around the corner from our physical location, help provide us the opportunity to efficiently work with the citizens of the community to spay or neuter a steady number of community cats each year.
