REQUEST

- Change in Zoning from R-6, Multi-Family Residential to OR-1, Office-Residential on .08 acres
- Waiver of Section 10.2.4 to eliminate the required property perimeter Landscape Buffer Area along the southern and western property lines
- Waiver to use on-street parking spaces that are not directly adjacent or abutting the site
- Detailed District Development Plan with Binding Elements

CASE SUMMARY/BACKGROUND

The applicant is proposing a change in use from currently vacant 2,575 square foot structure to a barber shop in the California neighborhood. The area consists largely of residential zoning with areas of industrial and commercial to the north, west and east. The applicant is proposing no exterior changes to the structures on site and will only be utilizing 1,054 square feet for the barber shop use. Parking will be provided on-street although not directly adjacent to the site.

Previous Cases:

- 9596: Conditional Use Permit for a daycare. Withdrawn.
- 16CUP1035: Conditional Use Permit for a private propriety club. Withdrawn.

STANDARD OF REVIEW FOR REZONING

Criteria for granting the proposed form district change/rezoning: KRS Chapter 100.213

1. The proposed form district/rezoning change complies with the applicable guidelines and policies Cornerstone 2020; OR
2. The existing form district/zoning classification is inappropriate and the proposed classification is appropriate; OR
3. There have been major changes of an economic, physical, or social nature within the area involved which were not anticipated in Cornerstone 2020 which have substantially altered the basic character of the area.

STAFF ANALYSIS FOR REZONING

Following is staff's analysis of the proposed rezoning against the Guidelines and Policies of Cornerstone 2020.

The site is located in the Traditional Neighborhood Form District

The Traditional Neighborhood Form District is characterized by predominantly residential uses, by a grid pattern of streets with sidewalks and often including alleys. Residential lots are predominantly narrow and often deep, but the neighborhood may contain sections of larger estate lots, and also sections of lots on which appropriately integrated higher density residential uses may be located. The higher density uses are encouraged to be located in centers or near parks and open spaces having sufficient carrying capacity. There is usually a significant range of housing opportunities, including multi-family dwellings. Traditional neighborhoods often have and are encouraged to have a significant proportion of public open space such as parks or greenways, and may contain civic uses as well as appropriately located and integrated neighborhood centers with a mixture of mostly neighborhood-serving land uses such as offices, shops, restaurants and services. Although many existing traditional neighborhoods are fifty to one hundred twenty years old, it is hoped that the Traditional Neighborhood Form will be revitalized under the new Comprehensive Plan. Revitalization and reinforcement of the Traditional Neighborhood Form will require particular emphasis on (a) preservation and renovation of existing buildings in stable neighborhoods (if the building design is consistent with the predominant building design in those neighborhoods), (b) the preservation of the existing grid pattern of streets and alleys, (c) preservation of public open spaces.

3. Proposed Binding Elements

1. The development shall be in accordance with the approved district development plan, all applicable sections of the Land Development Code (LDC) and agreed upon binding elements unless amended pursuant to the Land Development Code. Any changes/additions/alterations of any binding element(s) shall be submitted to the Planning Commission or the Planning Commission's designee for review and approval; any changes/additions/alterations not so referred shall not be valid.
2. No outdoor advertising signs, small freestanding signs, pennants, balloons, or banners shall be permitted on the site.
3. Construction fencing shall be erected when off-site trees or tree canopy exists within 3' of a common property line. Fencing shall be in place prior to any grading or construction to protect the existing root systems from compaction. The fencing shall enclose the entire area beneath the tree canopy and shall remain in place until all construction is completed. No parking, material storage or construction activities are permitted within the protected area.
4. Before any permit (including but not limited to building, parking lot, change of use, site disturbance, alteration permit or demolition permit) is requested:
 - a. The development plan must receive full construction approval from Develop Louisville, Louisville Metro Public Works and the Metropolitan Sewer District.
 - b. The property owner/developer must obtain approval of a detailed plan for screening (buffering/landscaping) as described in Chapter 10 prior to requesting a building permit. Such plan shall be implemented prior to occupancy of the site and shall be maintained thereafter.
5. Prior to any site disturbance permit being issued and prior to any clearing, grading or issuance of a site disturbance permit, a site inspection shall be conducted by PDS staff to ensure proper placement of required tree protection fencing in accordance with the approved Tree Preservation Plan.
6. A certificate of occupancy must be received from the appropriate code enforcement department prior to occupancy of the structure or land for the proposed use. All binding elements requiring action and approval must be implemented prior to requesting issuance of the certificate of occupancy, unless specifically waived by the Planning Commission.
7. There shall be no outdoor music (live, piped, radio or amplified) or outdoor entertainment or outdoor PA system audible beyond the property line.
8. The applicant, developer, or property owner shall provide copies of these binding elements to tenants, purchasers, contractors, subcontractors and other parties engaged in development of this site and shall advise them of the content of these binding elements. These binding elements shall run with the land and the owner of the property and occupant of the property shall at all times be responsible for compliance with these binding elements. At all times during development of the site, the applicant and developer, their heirs, successors; and assignees, contractors, subcontractors, and other parties engaged in development of the site, shall be responsible for compliance with these binding elements.
