Jay,

I represent the Willowhurst Place Residents Association, Inc.. That next-door association is opposed to the proposed amendment to the binding elements. As the original 1994 minutes stated; "The binding elements are for the benefit of the surrounding areas." To allow the proposed change would drastically alter the character of the entire commercial area. Many restaurants, including some on this larger commercial tract and nearby along Hurstbourne Pkwy., are doing fine without drive-through windows. There is no reason to change. Customers are still coming to dine-in restaurants. Even with Covid, there is no restriction.

We will be participating in the hearing on Wednesday. We do request additional time so many neighbors can address the issue. Thanks

Steve Porter
