Good morning Charles,

Today I inspected the curb cut request you received from a constituent for a curb cut at the corner of Dover and Rockford; the SR # is 4547809. I attached some pictures for you to see. I recommend that if Councilwoman Green wants to fund the sidewalk ramp she also install a new sidewalk across the road. Currently, pedestrians are walking a dirt path that's dangerously close to the road; this is a dirt path someone in a wheel chair could not use.

The new sidewalk would connect up to an existing sidewalk that crosses a culvert behind a guardrail. The sidewalk that crosses the culvert would need to be replaced. This sidewalk has two major trip hazards (one rated a 5 and the other rated a 4). There is also a steep bank that would need to be regraded (picture attached) and a ditch where a pipe and dirt would have to be added to cross (picture also attached.)

Total the repair and new sidewalk would cost \$20,000. If Councilwoman Green is able to fund this project I will be the project manager.

Thank you,

Craig Allen
