Jeff,

Do you have any opposition to paying for repaving by the method LaTonya listed below?

Good afternoon,

I recommend that you used the old D3 MAP budgets instead of using the CIF funds for this project.

Please complete a MAP Agency Request form and include the below accounts within the Description section on page 1 of the MAP Agency Request form. Thanks.

\$17,326.67      8672-410-8106-048203-822702  
\$6,838.95      8102-410-8105-148372-822705

\$6,838.95	8672-410-8105-148372-822705
<u>\$3,995.43</u>	8133-410-8111-148222-822705
<b>\$35,000.00</b>	<b>Total</b>

Also, please recall D03 still has \$25,000 remaining budget in the D03 Paving & Sidewalk Projects account # 8101-410-8105-148372-822702 that can be used for other future paving & sidewalk projects instead of using CIF or MAP funds. Please refer to the D3 Financial Information spreadsheet that we discussed in August. Thanks.

Hey LaTonya,

I wanted to check with you on this, if we fund this it would be CIF correct? And, would that be bonded?

Keturah,

For this single block, the paving estimate is going to be \$35,000.00. This includes updating of 3 sidewalk ramps. Just as an aside, I suggest funding a longer stretch of the roadway (or surrounding roadways within ¼ mile), or waiting until we are in the area because I quoted you our highest unit rates since our quantities are low. As our quantities increase, we can utilize a lower unit rate in accordance with our contract prices.

Thanks,

I don't have anything in my records for the last time Montana was paved. This section is rated 10, which is poor (100 is best and 0 is worst), but the surrounding roads are still in fair condition so this section of Montana has not been scheduled for resurfacing yet. We can prepare a cost estimate to just pave this one block if it is something you are interested in funding with CIF

Hi Jeff,

Had a resident call about a portion of his street that needs some attention. He lives at 3109 Montana Ave and complained of potholes and paving. When is the last time Montana Ave between Central and Lillian has been paved? Can we look at resurfacing it?
