NDF, CIF, MAP OR PAV INTERAGENCY CHECKLIST

Interagency Name: Public Works & Assets

Program/Project Name: Reallocate Republican Caucus Pooled CIF Funds

	Yes/No/NA
Request Form: Is the Request Signed by all Council Member(s) Appropriating Funding?	Yes
Request Form: If matching funds are to be used, are they disclosed with account numbers in the request form description?	NA
Request Form: If matching funds are to be used, does the amount of the request exclude the matching fund amount?	NA
Request Form: If other funds are to be used for this project, are they disclosed with account numbers in the request form description?	Yes
Funding Source: If CIF is being requested, does Metro Louisville own/will own the real estate, building or equipment? If not, the funding source is probably NDF.	Yes
Funding Source: If CIF is being requested, does the project have a useful life of more than one year? If not, the funding source is probably NDF.	Yes
Ordinance Required: Is the NDF request to a Metro Agency greater than \$5,000? If so, an ordinance is required.	NA
Ordinance Required: Is the request a transfer from NDF to cost center? If so, is the amount given for the fiscal year \$25,000 or less?	NA
Supporting Documentation: Does the attachment include a valid estimate and description of cost?	Yes

To: Smith, Chanelle Emily
Cc: Brown, Jeffrey E
Subject: N English Station Rd

Chanelle,

It is my understanding that D19 is going to submit for funding of \$75,000.00 to make various improvements on N English Station Rd between Aiken (closest to Shelbyville Rd) and where the roadway turns into Old Henry Rd. With this funding, Public Works intends to repave the section of roadway between Middletown Industrial Blvd and Aiken Rd (furthest away from Shelbyville Rd). Additionally, we will complete various base failure reconstruction repairs on the section heading north of Aiken towards Old Henry Rd.

Thanks,

Matthew R. Haines, PE

Jeff,
Councilwoman Parker has \$100,000 in republican pooled funds that she would like to use for paving of Hallsdale Drive. I have asked Latonya for the account string for that funding, and will pass it on asap.

This road is very near the area where we are adding the right turn lane on Lowe Road as well as the sidewalk project on Taylorsville Road; is there any way we might be able to have the contractor pave this while they are out there? Thanks

Subject: RE: Funding for Steve K projects

Good evening,

I'm working with Ben Tipton on resolving some discrepancies relating to a future Republican pooled reallocation ordinance that will provide funding for the following projects along with a future Republican pooled CIF request:

- ~~\$15,000.00 future ordinance - D22 Development Feasibility Study - Brentlinger Ln area - Replenish funds used for South Pointe Commons~~
- ~~\$2,251.75 future ordinance and \$12,748.25 future CIF, total \$15,000.00 - Additional needed for South Pointe Commons project for Water Line relocation at Brentlinger Lane and Leaders Lane.~~
- **\$6,300.00 future CIF - D18 Additional needed for Lowe Rd Safety Improvements (*Beth's spreadsheet references \$16,300 additional for this project. Steve K., do you only need \$6,300 additional?*)**

Beth, left the \$25,000 for the smaller library project in account 8102-410-8105-148838-821345.

Thank you

Maxwell B. <Maxwell.Bradley@louisvilleky.gov>

Subject: Funding for Steve K projects

All,

Beth Stenberg was able to find some extra money for some of my various projects (see her correspondence to me below):

“So I have for you the \$15,000 to pay back the permanently borrowed funds; \$15,000 for the water line problem, \$6,300 for the right of way on Lowe Rd and \$25,000 (not \$25,544) for the smaller library project and will not expect the \$2,520 to be released...”

I talked to LaTonya last week about them. I could use the account strings ASAP for the following projects:

\$15,000 perm. borrowed: This is D22 project for YMCA study ???...Not my project, but apparently I was led to believe I could use that original funding for Leaders Lane.

I do not know what is meant by “perm. borrowed”? Such studies are typically under Develop Louisville. Beth casually accused me of stealing that \$15,000. I said I didn’t “steal it””I permanently borrowed it”

I don’t know anything about this project – there is not a specific D22 amount/project that I can find in LEAP for such a study.

\$25,000 for smaller library project: D18 or R-Pool reduced original funding for S/W to new NE Library.

Not sure what involvement PWA would have with a library project. Belinda? See attached e-mail

This is the appropriate Republican Council Pooled funds for sidewalks which has just enough for a smaller sidewalk project. The account referenced on the attached CIF form is for Republican Council Metro Street Improvements.

Subject: RE: Paving Estimate - Wolf Pen Branch Rd

Debbie,

I am coming up with an estimate of \$135,000.00 to repave Wolf Pen Branch Rd from River Rd to US 42.

Please note also, that we only have \$175k for Barbour Ln and have estimated that we can only extend paving limits from Wolf Pen Branch Rd to approximately where Little Goose Creek crosses the roadway. We have instructed our contractor of these limits and I believe the project should begin in the next few weeks. As previously discussed the remainder of Barbour Ln will cost approximately \$200,000.00.

Cc: Kramer, Kevin
Subject: Funding for Hunsinger Gardens Road Repair project
Attachments: Curb Feb 2019.jpg; Q-CMA-Jennifer Birkemeier-Hunsinger Gardens-Road Repair.pdf; Hunsinger curb.JPG

Matt,

LaTonya is working on an appropriation for Councilman Kramer that will secure *some* of the needed funding for the Hunsinger Gardens Road Repair project. The attached engineer study that was paid for the association estimates repair costs between \$22,000 and \$40,000.

When we spoke yesterday, you mentioned visiting the site to evaluate whether or not you'll need an additional study to determine how best to proceed with repairs.

For us to begin securing funds, LaTonya needs documentation from you agreeing that Public Works will accept funds in the amount of \$20K for the Hunsinger Gardens Road Repair project (for repairs and/or study). Councilman Kramer and I understand that the preliminary estimate was provided by an outside company and that you'll be providing a more accurate estimate once you've had an opportunity to review this further. If you think an additional study is warranted, then you'll be able to use some of those funds. Councilman Kramer requests that you inform him of the cost of the study prior to moving forward with any study.

If you agree to accept funds for this project, would you please simple reply "agree" to this email so this satisfies our appropriation/documentation requirement?

Thank you!

Scott

PS – LaTonya – this one is more complicated than the typical street paving project because a sink hole has formed so Matt can't provide better estimates until he knows more with what he is dealing with. The \$20K we want to secure now will help get us started though.

RE: Hunsinger Gardens Road Repair

Hanka Builders appreciates the opportunity to quote on the above referenced work. We propose to furnish labor, material and equipment to complete the following work based on the specs provided:

Scope:

In putting together an estimate to repair the road, I figured, worst case scenario, the affected area to be 75' x 25 x 2' deep'. I fully understand that in reality we probably will only need to excavate about half. If we had to repair the entire area I came up with a figure around \$40,000(including asphalt/ \$20,000 in Concrete Fill/14 dump trucks haul off).

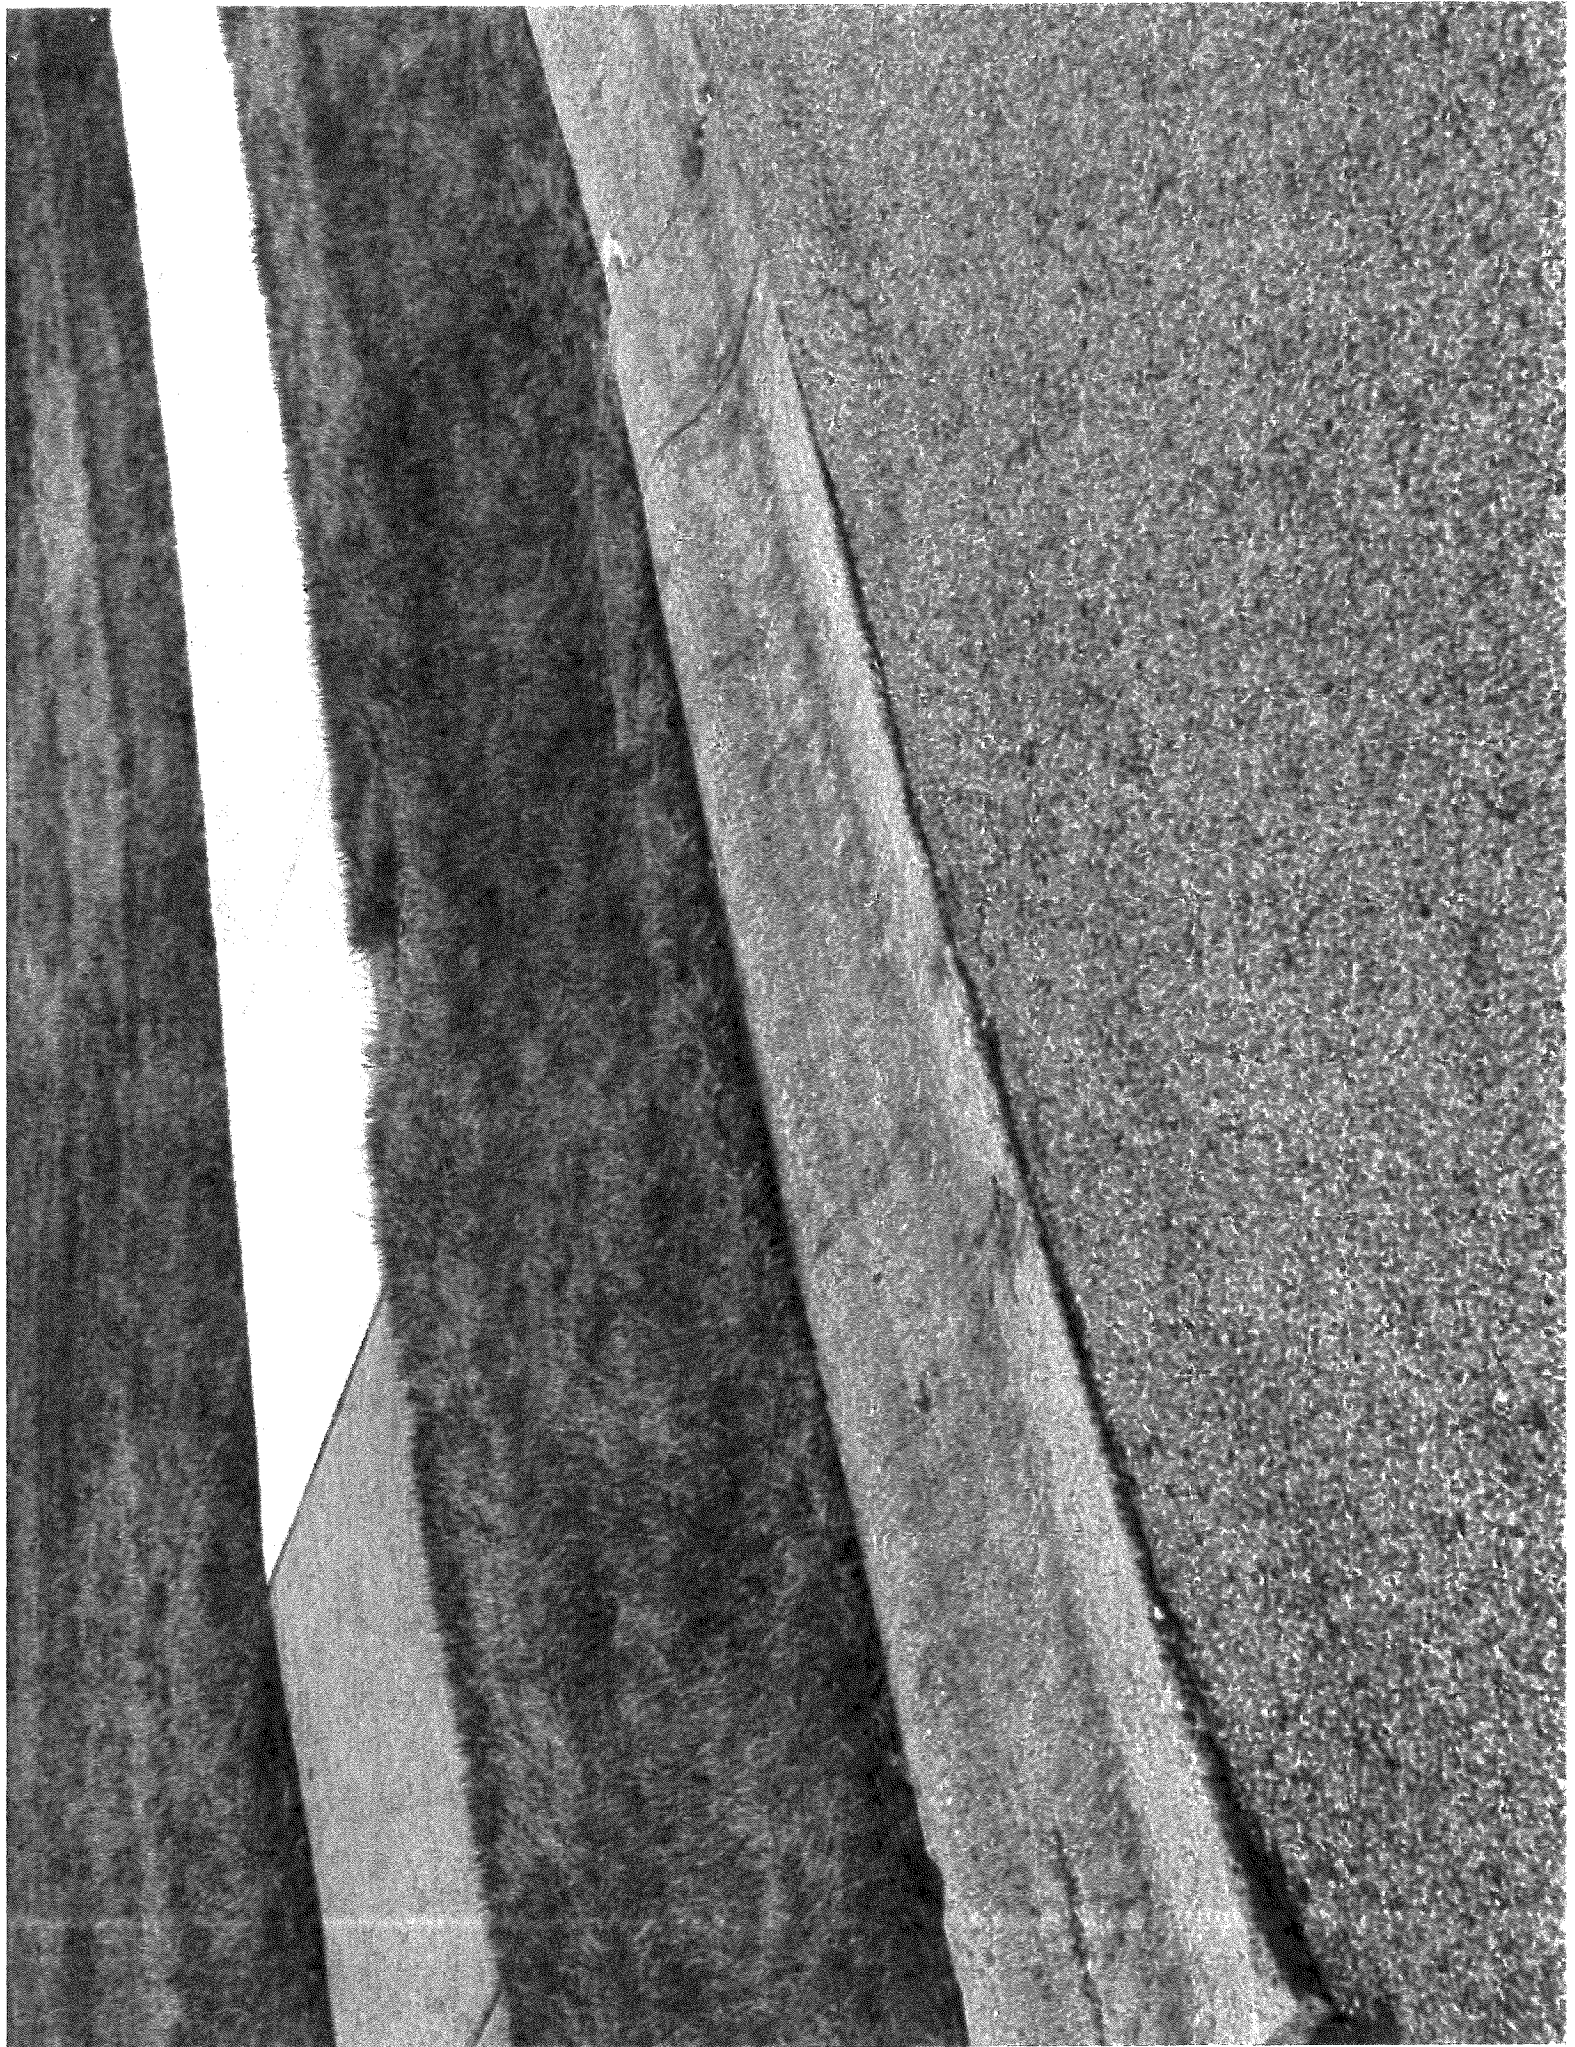

My sense is that we can repair a much smaller area once we get a good look under the asphalt. I think the actual smaller repair plus the asphalt would come in around \$22,000. Once again this is just a guess. If you have a budget we could work together to optimize our time.

NOTE:

- Price for excavation are for favorable working conditions. If conditions such as rock formations, high water table or any other unforeseen problems requiring additional materials, time and labor, the responsible individual will be notified and any additional costs will be added to the invoice.
- Does not include Irrigation Damage/Repair

Respectfully Submitted,

Mark Westenhofer

This account is from two CIF:

\$110,147 CIF081616PW19 Paving Booker Road, Robert Road, Church Lane and Plainview Avenue

\$12,000 CIF102914PW19 Pave Polo Field Court

Matt, please confirm these projects are complete and unused funds can be returned to the D19 CIF. My records show a remaining balance of \$31,188.28 from CIF081616PW19 and zero from CIF102914PW19.

Thanks

Beth
