Dear Laura Mattingly.

I am writing this in regards to case # 17devplan1173. I am the property owner right next to this property where Tire Discounter store has been proposed in place of Sonic Restaurant. I am requesting you to review this case thoroughly and please put it in the public meeting as I have a big objection for this store go right next to my property. There are just so many tire stores starting from big o tire ,kentowery, good year, michael tire, discount tire plus, walmart tires etc just few of many tire stores in middletown. This tire store would not enhance but would bring down the area and the development that is happening and happened right here on shelbyville rd in middletown of gene snyder. It would definitely impact our property prices and surrounding's and also we don't know how much environmental impact it would have. We just received the letter in mail today about this development, so we were just in hurry putting out our real quick concerns right away after reading this letter. I don't know how many more concerns we would have once this soaks in and we study about different impacts this tire store may have to us and the surrounding.

Thanks
