CAUTION: This email came from outside of Louisville Metro. Do not click links or open attachments unless you recognize the sender and know the content is safe

Wanda,

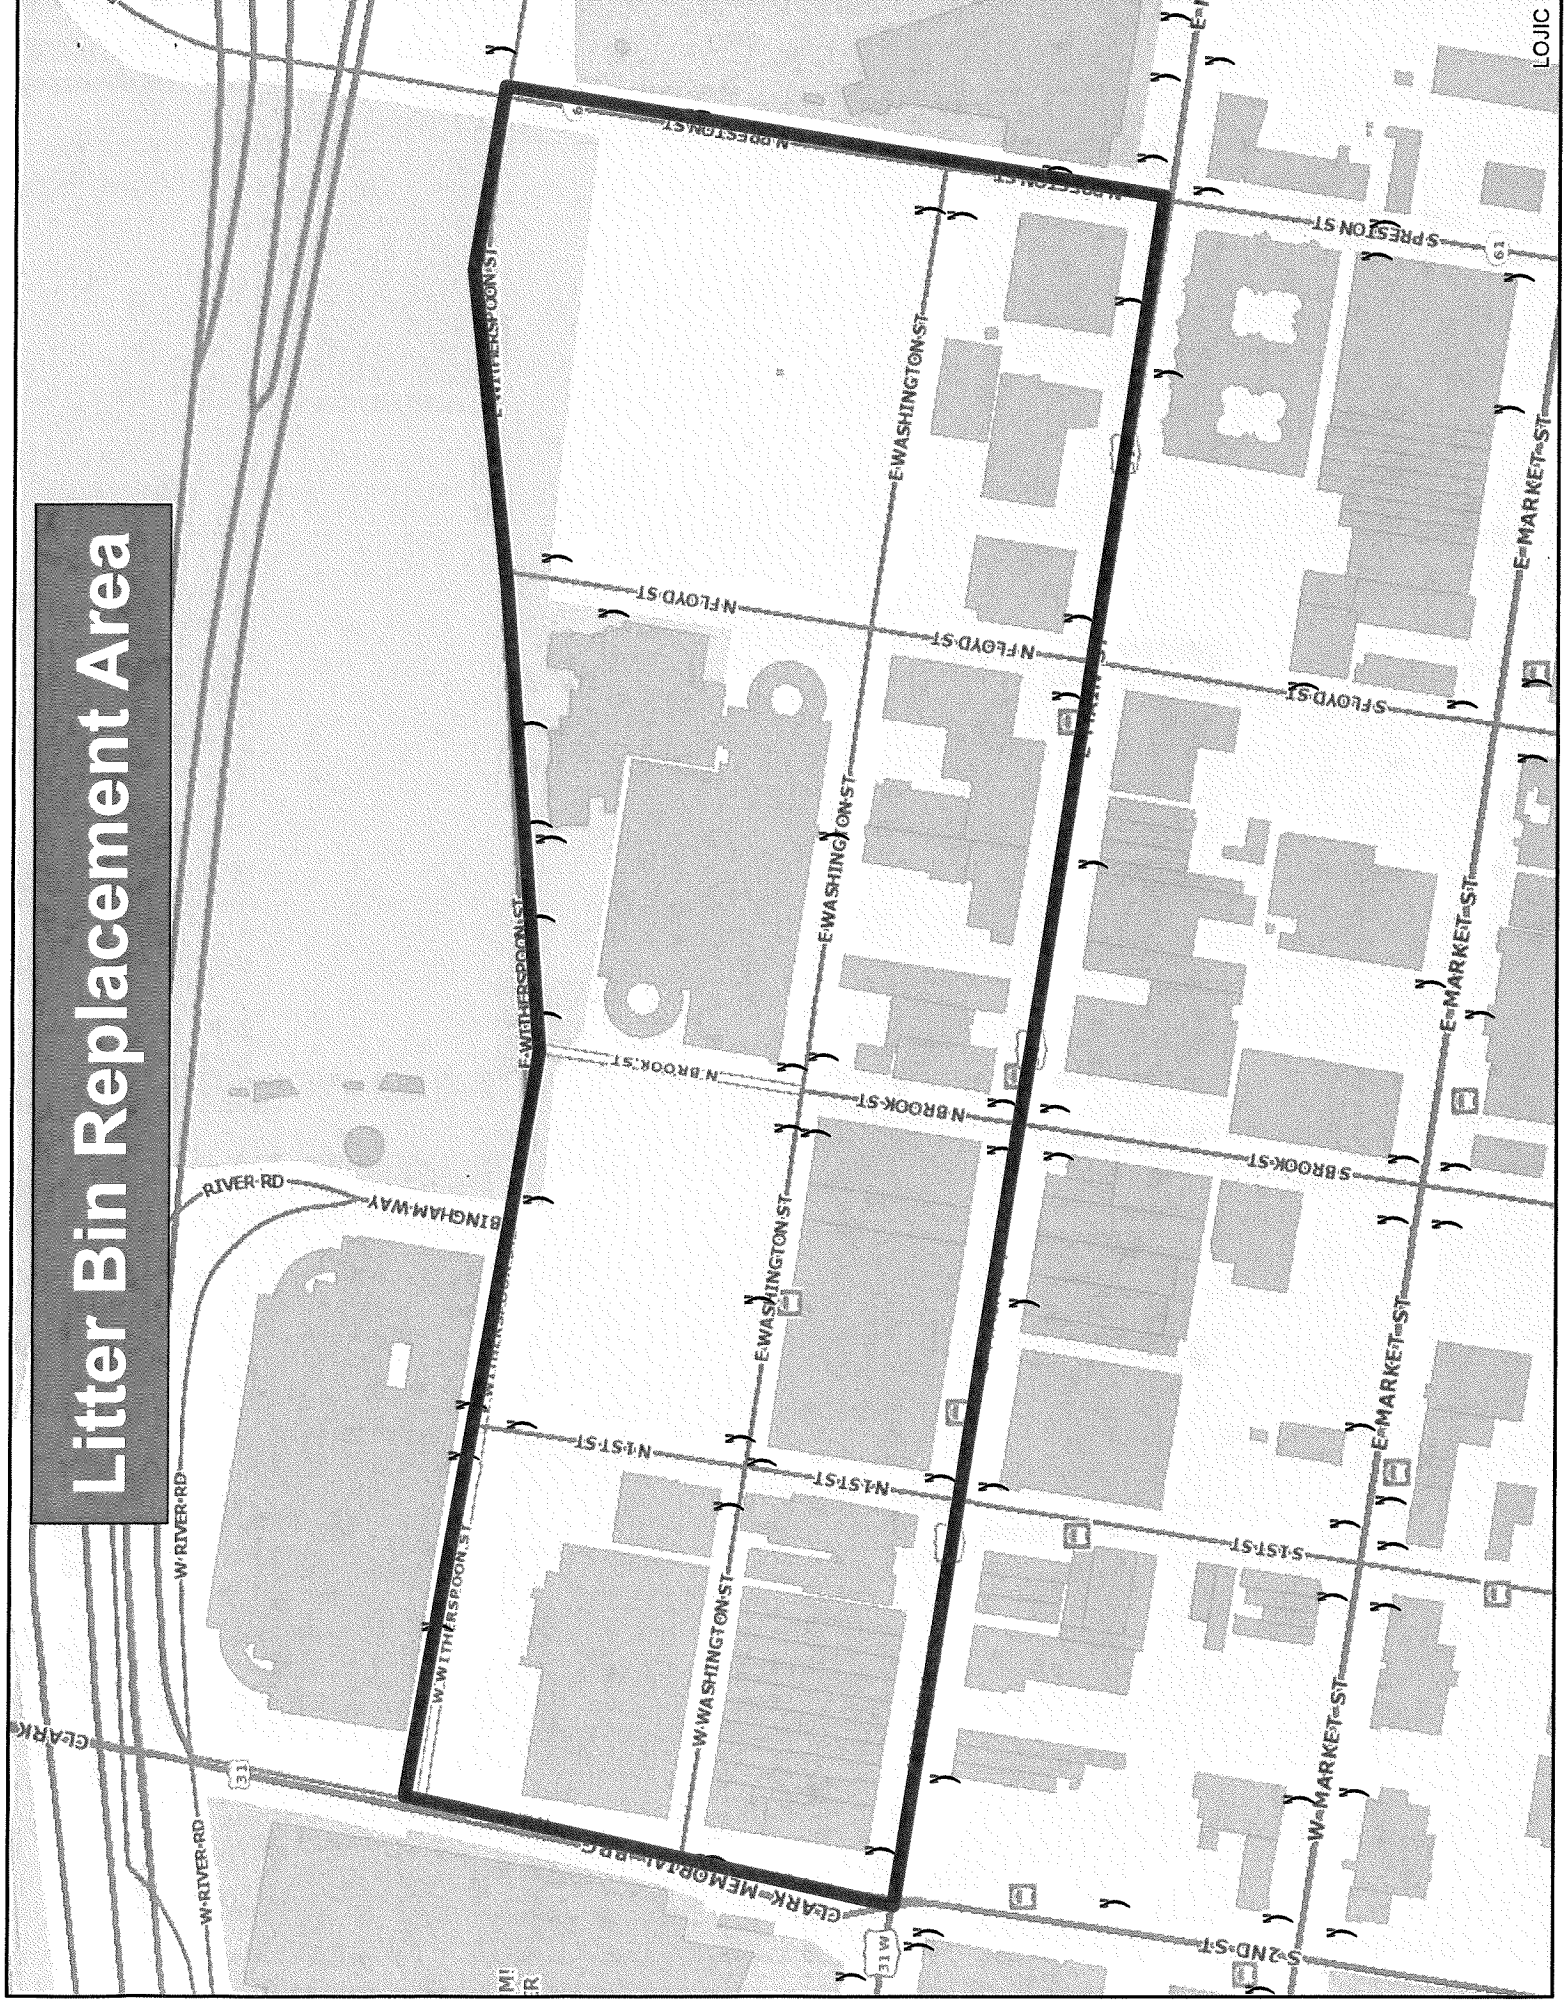

Just as an FYI, I've attached a map of the area where we think the replacement will give us more visual "bang" for our "buck".

With approx.. 21 bins at \$878.00 per bin, plus the cost of freight, we have a total of approximately **\$ 19,800.00.**

Hope you are remaining safe and well,

Chester Hicks

Good Morning all,

I hope everyone is staying safe as we go through these very challenging times. After some discussion and a lot of thought, Public Works will be the department we will move the funds to for this project. I want to also make sure that the amount requested below included the cost of installation for the 21 bins.

Rebecca and Chester, please share with me that the funds requested include labor cost.

Jeff, once we determine the cost, will Public Works be willing to accept these funds for the 21 bins? Please advise.

Thanks to all for your cooperation regarding these and all other matters.

Wanda Mitchell-Smith.

Jeff,

I hope you and yours have been able to remain safe, during these crazy times. I wanted to touch base with you to see if the quoted price for these particular model of litter bins remains the same, or if there needs to be changes. Please let me know as soon as you can.

Thanks,

Chester Hicks
