Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014
Date: Wednesday, October 10, 2018 11:20:07 AM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

William Moore

Greg,

I was disappointed to read yesterday that you support Topgolf at Oxmoor Center!

Oxmoor Center is the wrong location, it is going to destroy the home values in Hurstbourne with noise, lights and the late night cut thru traffic!

You and Kent Oyler seem to think that the only way that Louisville can attract talent to the city is to have Topgolf at Oxmoor Center.

Our city must be in pretty sad shape that the only way we can attract talent to OUR city is to have Topgolf at Oxmoor Center?

I can't believe you would sell out the citizens of Hurstbourne for future unknown talent?

Brooks

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Joel,

I saw this post on Nextdoor Neighbors. The article reports Greenville's City Council voted against a developer who did not have the best interest of the residents. I can send the link also if that would be easier.

Proud of Greenville's City Council for taking a stand.

Would you be able to add to the public record please?

Sincerely,
Jenny Nichols

Case #18 Zone 1014

Homeowners off Greenville's Pelham Road win protection against commercial encroachment

ANNA B. MITCHELL |
AMITCHELL@GREENVILLENEWS.COM
| 1:20 pm EDT May 2, 2018

I won't bombard your emails today I promise!!! But, will share a story I just saw on Louisville Neighbors for Responsible Growth (LNRG) Facebook page. Very good. TopGolf had wanted to build in Greenville (March 2016), they withdrew in October 2016, because "still working through local approvals". Then TopGolf came back and the only way a local developer could build was to buy 42 homes! Thankfully, the city council stood up to him! One member said, "This is a time when we have to start reflecting and saying we were voted as leaders. I'm thinking right now our legacy is mismanagement of growth and infrastructure" Please remember, zoning is supposed to protect the character of a community. I will drop the mic for the rest of today. <https://www.google.com/amp/s/amp.greenvilleonline.com/amp/570170002>

"We are hearing a lot from citizens about roads, infrastructure, quality of life — people worried about things going down even though we are in the midst of prosperity," Council Chairman Butch Kirven said. "The quality of life issue affects everybody."

"This is a time when we have to start reflecting and saying we were voted as leaders," Roberts said. "I'm thinking right now our legacy is mismanagement of growth and infrastructure."

"Zoning is supposed to protect the character of a community," said Willie Durham, one of Larthun's grandsons and a resident of Durham Drive.

Joel,

Please add this to the public record, I feel it's very relevant.

The mayor of Albuquerque realized the city should have a vested interest in the possible development of TopGolf.

<https://www.google.com/amp/s/www.abqjournal.com/1192145/keller-vetoes-topgolf-economic-development-package.html/amp>

“From the beginning, we have expressed our desire to welcome Topgolf, but this project failed to meet our criteria for growing the local economy and creating good-paying jobs. While we were able to improve the deal, we’re still not there yet,” Keller said in a statement.

“This deal also sends the wrong signal that we are prioritizing out-of-state companies over similar local efforts, and that a company can end-run an independent professional vetting process through a political process. It’s our job to protect taxpayers, and I know that we can do it better. We want to work together and take the time to get it this right.”

Thank you.

Sincerely,
Jenny Nichols

<https://www.courier-journal.com/story/money/louisville-city-living/2018/06/29/louisville-most-wanted-retailers-list-includes-ikea-nordstrom-shake-shack/725780002/>

We hear you, Louisville: Give us Ikea! And Publix, Crate & Barrel ...

Maggie Menderski | Louisville Courier Journal Updated 3:34 p.m. EDT June 30, 2018

What You Should Buy And Not Buy At Ikea

Ikea can be great and also self-indulgent. Here's what to buy and not buy there.

Wochit

I just got a glimpse of Ikea's Louisville fan club, and it's a force.

We [asked readers Monday](#) what was missing from Louisville's retail scene, and for the past few days, Ikea has dominated my inbox, voicemail and [the Courier Journal's Facebook page](#) like a song playing on repeat.

One reader wrote:

Ms Menderski -

My three choices for additional retail are:

1. IKEA

2. IKEA

3. IKEA

Thank you!

Some of your wish lists were detailed and hopeful as letters to Santa Claus, featuring brands like Crate & Barrel, The Container Store, Warby Parker and Shake Shack instead of new bikes and baseball gloves.

And in this scenario, Ikea would be the hottest toy of the season.

OK, probably the toy of the decade.

Well over half of the responses we received involved the big, yellow and blue furniture giant. This sampling overwhelmingly showed that shoppers are tired of driving to Cincinnati or Indianapolis to go to our nearest Ikeas, but they're willing to do it.

With that drive and that dynamic following, it's easy to notice the store's 350,000-square-foot footprint is the largest gap in our retail market. Even so, Ikea is not the only hole.

Collectively, our readers identified 73 brands they'd like to see in our market, and it's an interesting lineup to consider with about \$12.5 billion worth of development on the table for our area.

People and businesses are moving to Louisville, so it's natural to expect that

some of these brands might, too.

Even if we may have too few people in the market and are just a little too close to Ikea's Cincinnati and Indianapolis locations to warrant a store of our own, that's not the case for every chain.

You may like: [Kentucky convention center on pace for August opening](#)

More: [The new Main & Clay luxury apartments offer spectacular views](#)

In theory, Louisville could lure a Warby Parker or a Shake Shack, which ranked at No. 8 and No. 10, respectively, among our readers. Those chains are growing, and they already have roots in Lexington. Louisville would be a practical, easy next step.

We might have similar luck with The Container Store, too. The retail storage company, at No. 5 on our wish list, is still expanding its footprint. It's got a grand opening on the books for Oklahoma City in September, and while there aren't immediate plans for a Louisville location, it's worth noting that metropolitan area is comparable to ours in size.

Next to Ikea, Crate & Barrel was the second most coveted brand on our list. Crate & Barrel's public relations team declined to comment on the company's growth plans, but lately its model seems a little more shaky than the three brands I just mentioned.

The chain last year expanded to the Las Vegas market, but it also recently closed its flagship store on Michigan Avenue in Chicago and its Mall at Millennia location shuttered in Orlando. Somehow, if they're closing high profile locations like that, I doubt the company is eyeing our midsized market right now.

That's a shame. Requests for home stores overwhelmingly dominated our reader wish lists.

Nordstrom, at No. 3, was the lone high-ranking apparel player, as companies like Bonobos, Zara, Belk and LL Bean trailed far behind with just a few readers vying for them.

More: [Galan's Meat Market and Deli brings lost art of butchering to Portland](#)

The department store has its openings listed through 2021, and none of them are in Kentucky and almost all of them are the retail darling's discount model Nordstrom Rack.

We've already got one of those, so, sorry Louisville, but we won't be getting the traditional model anytime soon.

Our wish lists also showed that many readers are eager for another major grocery chain to rival Kroger.

Wegmans, which has long been lauded as the pinnacle of grocery shopping, ranked No. 6 on our list, and while I don't see it descending from its northeastern pedestal into bourbon country, it's not entirely unthinkable that Publix, which ranked No. 9, might eventually.

The Florida-based grocer has a history of challenging Kroger, and the company in semi-recent history has aggressively expanded into the Carolinas, Tennessee and Virginia.

I don't think the southeastern grocery giant will be crossing the border into Kentucky anytime soon, but at the same time, anything is possible.

Just ask the people of Jacksonville, Florida.

Consumers there use to make the more than two-hour hike from Northeast Florida to the Ikea in Orlando. It's a pilgrimage not all that unlike the one more than 60 percent of our wish list writers take to Cincinnati or Indianapolis.

The difference is this year, Jacksonville got an Ikea of its own.

Read this: [El Taco Luchador is opening a third restaurant in downtown Louisville](#)

For years Ikea told the community's leadership that they didn't have the population to support one of its stores, according to the Jacksonville Business Journal.

The retailer typically likes areas with more than 2 million people, and an Ikea spokesperson once told the paper the community would have to double in size before the Swedish retailer would go there.

That didn't happen, but a dynamic amount of retail growth did.

That boom, along with the city's status as the gateway to Florida and its proximity to Georgia, pushed Ikea to turn that longstanding no into a yes, the report says.

Even with Jacksonville's retail Cinderella story in mind, I'm not saying we're ever going to get an Ikea, a Publix, The Container Store or even a Shake Shack.

But with \$12.5 billion worth of development on the table in Louisville, I imagine it won't be long before some of those brands we're missing give Louisville another look, too.

So just maybe a few of those 73 wishes are on the verge of becoming a reality.

Store	Requests	Closest Location*
Ikea <i>Home Décor, meatballs</i>	31%	120 miles <i>Cincinnati, OH</i>

Councilwoman Butler,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky—ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time! Evan Noble

Subject: Re: Attachment for Greenville included For: Case# 18 ZONE 1014
Date: Monday, October 8, 2018 12:04:59 PM

Joel,

Please add to Case# 18 Zone 1014

The email was returned indicating your "in box" was too full! So, I will take off the link. To recap... Neil Wilson, a Topgolf developer wanted to build in Greenville so badly, but he didn't just need to change the zoning he needed to possibly have homes moved. He offered to purchase the homes! This ordeal has been tearing the community apart. Thankfully, the City Council passed a resolution that would stop him from continuing. It is nice to see the City Council stand up to him and protect the citizens. Please see the quotes below.

Quotes include, **"Zoning is supposed to protect the character of a community,"** said Willie Durham, one of Larthun's grandsons and a resident of Durham Drive.

"This is a time when we have to start reflection and saying we were voted as leaders," Robers said. "I'm thinking right now our legacy is mismanagement of growth and infrastructure." (one of Greenville City Council members)

"We are hearing a lot from citizens about roads, infrastructure, quality of life-people worried about things going down even though we are in the midst of prosperity," Council Chairman Butch Kirven said. "The quality of life issue affects everybody." (Greenville City Council Chairman)

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Jeremy Jarvi

Comment, question or concern:

Mayor Greg,

While I haven't contacted you in your tenure as mayor I feel very compelled now to contact you now regarding the zoning request of TopGolf.

I would like go on record with my support for the zoning approval of this establishment! I am strongly in favor of this for a number of reasons the least of which is economic development and forward progress for the citizens of this city.

Finding a tenant for this vacant space could prove to be very challenging considering the retail climate and having abandoned retail blight is very undesirable. What a golden opportunity for Oxmoor, the local residents and the city to have this opportunity. If we squander or reject this opportunity we should not ever complain about our cities inability to attract jobs and economic development and opportunities. Please let me know how you stand on this and what you and I can do to move this city forward!!!!

Yours very truly
Brook Tafel

Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Jacob Huff

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Date: Friday, October 5, 2018 12:50:10 PM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Whitney Roberts

Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Madeline Gregory

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014
Date: Friday, October 5, 2018 1:00:23 PM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Miranda Board

Thank you for sharing with us your comments about the proposed Topgolf development. This is a rezoning case (I believe from C-1 to C-2) so members of the Louisville Metro Council will cast the final vote. Rezoning cases are handled a little different than the other legislation before the Council. The best way to describe the rezoning process for councilmembers is that they essentially become judges who can only review comments included in the official record or comments expressed at one of Planning & Design's public hearings. To participate in off record conversations *could* jeopardize a councilmember from casting a vote, or worse, a court judge *could* reverse the final decision on a rezoning case if a councilmember violated the "ex parte communications rule." Also, it's important to know that Council members can only review the process to ensure Planning & Design followed the Land Development Code.

So how will your council representative know if you support or oppose a development? The zoning process includes opportunities for the public to participate by testifying at the public hearings and/or submitting comments to the case manager. It's very important for citizens to formally submit their comments so the Council can review them in the official record.

In this particular case, the applicants for Topgolf submitted revised plans based on public feedback. The case manager is Joel Dock and you can email him at joel.dock@louisvilleky.gov or call him at 574-5860.

Please don't hesitate to call me at 574-1111 if you have questions about the zoning process. I'll be happy to help guide you through it.

It's important that we hear from District 11 residents so thank you for contacting us.

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Councilman Benson,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Scott Lindsay

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Catherine Lindsay

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Sarah Petrosky

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Date: Thursday, October 4, 2018 10:20:11 AM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Sean Downing

Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Scott Lindsay

Date: Thursday, October 4, 2018 10:30:14 AM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014
Date: Thursday, October 4, 2018 10:30:24 AM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Ashley Ernspiker

Thank you for sharing with us your comments about the proposed Topgolf development. This is a rezoning case (I believe from C-1 to C-2) so members of the Louisville Metro Council will cast the final vote. Rezoning cases are handled a little different than the other legislation before the Council. The best way to describe the rezoning process for councilmembers is that they essentially become judges who can only review comments included in the official record or comments expressed at one of Planning & Design's public hearings. To participate in off record conversations *could* jeopardize a councilmember from casting a vote, or worse, a court judge *could* reverse the final decision on a rezoning case if a councilmember violated the "ex parte communications rule." Also, it's important to know that Council members can only review the process to ensure Planning & Design followed the Land Development Code.

So how will your council representative know if you support or oppose a development? The zoning process includes opportunities for the public to participate by testifying at the public hearings and/or submitting comments to the case manager. It's very important for citizens to formally submit their comments so the Council can review them in the official record.

In this particular case, the applicants for Topgolf submitted revised plans based on public feedback. The case manager is Joel Dock and you can email him at joel.dock@louisvilleky.gov or call him at 574-5860.

Please don't hesitate to call me at 574-1111 if you have questions about the zoning process. I'll be happy to help guide you through it.

It's important that we hear from District 11 residents so thank you for contacting us.

Dear Mr. Dock,

Please support Top Golf in Louisville and represent the vast majority of Louisville who supports this development. What does it say to listen to less than 1% of the city's population when 99% support this?

I am hoping you'll make the right choice for our entire city and ensure Louisville develops for years to come. Stopping Top Golf sends a bad message about our city's desire to grow and I personally am tired of seeing other cities nearby grow and prosper while we stay stagnant. This addition could be the start of a huge boom for our city whereas a vote against could be the start of our decline. Please consider the impact of this move on generations to come and those young professionals who really want to stay in Louisville but are starting to feel this city really doesn't want them anymore...

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

John Ballerstedt

Dear Councilman Reed,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Richard White II

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Sam Brewer

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014
Date: Wednesday, October 3, 2018 3:10:12 PM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Albert Klayko

Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Adam Miller

Date: Wednesday, October 3, 2018 3:30:13 PM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Donna Hoover

Date: Wednesday, October 3, 2018 10:20:08 AM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014
Date: Wednesday, October 3, 2018 11:50:06 AM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Julie Kraemer

Dear Mr. Dock,

I know you have received many letters just like this one encouraging you to vote yes to Top Golf at Oxmoor Center. When I have traveled to other cities, I make it a priority to include Top Golf in my activities if one is available. Each time, I've thought of myself, "Louisville is such a cool place that keeps growing, why won't Top Golf bring a location to us?"

Now that Top Golf is finally willing to build a location, it's a shame that a very small group of people in the entire population in our community is putting us at risk for not adding a very fun, family-oriented activity to the mix, but also sending the message that Louisville is anti-growth and development.

Imagine other companies monitoring this situation, wondering if they should come to the Louisville market, and deciding not to because they don't want to jump through the absolutely unnecessary hoops imposed on them.

Top Golf has addressed each one of the Hurstbourne residents' concerns with studies and facts. I live in Lyndon and belong to Hurstbourne Country Club, and no complaint that has been brought up could make me not want Top Golf in Oxmoor Center. I love Top Golf. I have a Top Golf member card from my first experience in Denver, and having it close to my house would be a dream.

The old Sears building has become an eye sore used as an overflow lot for the over-saturation of car dealerships in the area. It's time to bring new business there, and Top Golf is the perfect solution. We cannot send the message that development only happens outside the Gene Snyder. This central location will allow more people to enjoy the great fun Top Golf provides all ages.

I hope you'll share this message with the Planning Commission. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014
Date: Tuesday, October 2, 2018 10:00:07 PM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Robert Waldrige

I was most surprised at the reliance on “studies” of light, noise and traffic at the Top Golf hearing. The business can succeed only if it can have lots of light, lots of noise, lots of alcohol and lots of traffic. “Studies” paid for by the applicant would be suspect in any case, but these don’t meet even basic tests of logic.

TRAFFIC

Bursts of late-night traffic will be an entirely new condition in surrounding neighborhoods. And you know that under the cover of darkness, there will be more intoxicated drivers, more speeding, more mail boxes knocked down, more trash on the streets and more noise, not to mention some people using the restroom or vomiting once they get on the way home.

The traffic “study” apparently ignored the major concern about Top Golf’s presence. As my wife said, it was clearly bogus.

NOISE

The same holds true for the noise “study.” The testing was done with one voice at a certain level? And the level of rap music and rock and roll and the shouting and hollering won’t be too much louder than the birds chirping? Clearly, many nearby households will be forced to listen to Top Golf every night for the rest of their lives. I hate to think that they are just collateral damage for the developers. This isn’t about obtuse zoning regulations. This is about ruining people’s lives. And that’s financial ruin too, because those home will be virtually impossible to sell.

The noise “study” doesn’t meet the most basic tests of logic. It’s bogus too.

LIGHT

And the light study obviously is flawed. On a highway you can be bothered by an approaching car’s high beams a half-mile away or more – long before the high beams light the pavement you are traveling. Top Golf’s lighting will equal hundreds of cars with high beams point right at homes. The study is bogus on its face.

Planners and city officials can’t rely on these “studies.” These “studies,” paid for by the applicants, are not attempts at scientific accuracy, not attempts to determine the true situation. They are a paid part of the effort to get the project approved. They are propaganda, and they demonstrate bad faith.

Thanks for reading and I hope this will be added to the record.

Regarding Top Golf at Oxmoor

Oxmoor was built as a shopping center, not a drinking and entertainment venue. People moved into the surrounding neighborhood and put down roots relying on that use. It should be kept as a shopping center. This development will change the core purpose of Oxmoor Center, and change – for the worse – the residential areas around it.

The win-win solution is for Top Golf to locate in a more suitable location, such as Bluegrass Industrial Park. It could achieve its economic objectives with no harm to its neighbors.

I hope you will familiarize yourself with how other Top Golf locations affected neighborhoods with homeowners (as opposed to more transient apartment renters).

Obviously, surrounding streets, including already jammed Shelbyville Road, will gain congestion and more impaired drivers. The retirement complex along Christian Way almost certainly will be threatened in ways never anticipated.

My neighborhood is Hurstbourne, and there is not one advantage to having this development nearby.

Traffic

Traffic, with its noise and hazards, will increase. The city fights cut-through traffic already.

Traffic, with its noise and hazards, will flow through Hurstbourne into the early morning, long after normal shopping-center hours. That is very harmful to a residential area.

More drivers will be impaired, and given the target audience, more of them will be speeding. Please look for a way to funnel traffic in and out along the western edge of Oxmoor to Shelbyville Road. Also factor in the traffic effects if Hurstbourne became a gated community. At the least, costs will be incurred by Hurstbourne to hire police to rigidly enforce traffic safety well into the night.

Noise

One of the draws for Top Golf is live music. That noise will be constant, especially in the evenings, and will carry into Hurstbourne. This is very harmful to a residential area. I know the promoters of Top Golf claim otherwise, but Americans today thrive on loud music. The noise could be less obtrusive if the entire complex could be shifted to the far west edge of Oxmoor and perhaps even face north or northeast. (I know the driving range must generally face away from the sun)

Visual pollution

Residents closest to Top Golf worry about light pollution. The promoters will tell you that's not a problem. Obviously, there will be a lot more light and that will change the character of the neighborhood around Top Golf.

The huge fence with its many poles and netting will harm the character of Oxmoor. Shopping centers don't have fences more than 100 feet tall. And those fences will be visible from some Hurstbourne homes. It would be less visually obtrusive if Top Golf could be shifted to the far west edge of Oxmoor and face north or northeast.

There will be more trash thrown onto Hurstbourne streets. There is an increase potential for crime, especially such things as vandalism. The city has strong community pride and Top Golf, despite good intentions, would dent that pride.

Property values

Certainly, Top Golf would not enhance property values for homeowners. The additional property taxes generated by Top Golf might be more than offset by the lower tax valuations for surrounding homes. Again, a win-win occurs if Top Golf locates elsewhere. Top Golf brings the county more tax revenue without the offsetting decline in residential property taxes.

I urge you to seek a win-win solution, and the most obvious one is for Top Golf to locate

elsewhere.

Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Dan Melton

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Note also that I LIVE IN HURSTBOURNE and I don't have any concerns or problems with TopGolf coming to Oxmoor.

I think the concerns that have been voiced are unfounded and many seem strange as there will likely be no more traffic than usual cutting through Hurstbourne on either Nottingham Pkwy or Linn Station.

Note as well that although there indeed are signs in yards, these are NOT at every home or house. Ive talked with many in the city of Hurstbourne who wouldn't mind TopGolf coming to Oxmoor.

So bring it on - Ive played TopGolf elsewhere (Cincinnati) and I think it will be a welcome and fun experience and will help keep Oxmoor alive.

Thanks!

Sincerely,

Subject: Top Golf meeting

Joel,

What a disappointment and joke, the zoning commission meeting. Heavily weighed in advance for TopGolf. Over and over we hear from residents who have driven past TopGolf locations that they are in industrial/commercial areas, not adjoining residential areas.

Meeting slated to start at 6:30PM, sort of late for a work night. TopGolf had an hour to speak and they did. Provided information from their paid for studies, no independent information provided. Is this how a zoning commission works, they take the word of the

company who is requesting changes? TopGolf spoke about regional sites, they only mentioned four. Cannot believe that the Fairgrounds is not a regional site. Know that there are acres available for new businesses at the Fairgrounds, a commercial/industrial site. Plenty of parking, plenty of access, plenty of hotels, plenty of potential customers already at the Fairgrounds attending a convention, a concert, the State Fair, Kentucky Kingdom, sports events, shows etc.; sounds like a good fit for the TopGolf people, never mentioned this site. Maybe they were not offered as sweet a financial deal at other sites as they were at Oxmoor Center.

There was a fifteen minute break, then TopGolf supporters had been speaking for an hour and a half rambling about topics other than TopGolf when I had to leave. I was slated to speak but cannot be out all night!! Heard on the news that 11:05 those opposing TopGolf at Oxmoor Center would have only one hour to speak. Is this called fair and just or just you will not get questions answered, you will not have independent studies and you will have a short time to be allowed to speak.

WHY???? Too much money behind TopGolf for the city to do the right thing and be fair to residents of residential

communities.

Hope you never have to have your residential community taken over by big business and you are given no voice!!

Hi Mr. Dock,

I was unable to attend the meeting last night regarding Top Golf at Oxmoor Center. I live at 8217 Nottingham Parkway in Hurstbourne. I am one of the homes closest to the proposed Top Golf. I wanted to voice my support for putting Top Golf at Oxmoor Center. I know several of my neighbors have voiced opposition but I don't believe they are the voice of the entire neighborhood but a loud minority. I would much rather live by a thriving business than be worried the mall has to be shuttered in a few years because a lack of tenants. The Sears spot has been vacant for many months. I am much more concerned about what an empty mall will do for my property value than a Top Golf. I think Top Golf is a wonderful opportunity for our city.

Your Subject:

Topgolf

Your Comment:

I fully support and would frequent the Topgolf driving range at Oxmoor.

Louisville has to start to grow up and stop saying no to the NIMBY voices in our community. They are stopping growth.

I guess they would rather have a vacant shopping center instead of a business.

Sincerely,
James Keane

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014
Date: Monday, October 1, 2018 5:50:41 PM

Dear Mr. Dock,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Joshua Hannah

Mr. Dick,
Please don't turn your back on us. Topgolf does not belong at Outserve Center. We buck up to the proposed Top Golf and would love for the added noise, lights, and safety issues to be a problem for our young children.
Thank you! Amy Cooper

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

-Rob Bergeron, Keller Williams Louisville

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Evan Noble

Re: Case # 18ZONE1014

Dear Mr. Dock,

I was greatly disappointed that I was denied the opportunity to speak at the October 1, 2018 Planning Commission public hearing. I invested a considerable amount of time and effort to prepare a PowerPoint presentation for the Commissioners. Although I am opposed to Topgolf at Oxmoor Mall, my position for such is my own, and I believe discretely different than any presented.

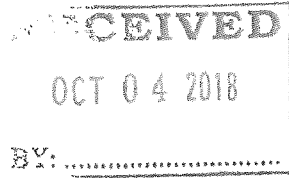

As you are aware, 100% of the supporters of Topgolf were granted their chance to be heard, as were 100% of the "other" speakers. Despite the stated rules, one of the opposition speakers spoke on his father behalf who was not present, and another speaker went on diatribe against Mr. Porter, which was obviously not relevant to the evenings agenda. Despite such I waited for the entire 5 hours and 25 minutes before being informed that the night was concluding and no further speakers would be heard.

Given that my position is deeply rooted in public safety, which has not even been broached, I request that as a concerned citizen that I be granted my right to be heard in earnest at the public hearing on October 15, 2018. My letter addressed to you dated May 6, 2018 can be referenced as my longstanding interest in this conversation.

The favor of immediate reply by yourself or one of the commissioners is requested.

Regards,

Bryce E. Schuster MD, FACS

1103 Colonel Anderson Parkway
Louisville, Ky. 40222
Oct. 2, 2018

Dear Mr. Mayor:

We need you to lead our city to a just, win-win solution to the Top Golf controversy. Top Golf's success depends on lots of noise, lots of light, lots of alcohol and lots of auto traffic.

Just what any sound and stable neighborhood needs!

As the attached reaction to the recent Top Golf hearing tries to make clear, Top Golf has demonstrated bad faith by putting forth "studies" that are not a scientific search for the facts but are simply part of the effort to win approval.

Some nearby households will be visited by Top Golf's light and noise pollution every night for the rest of their lives. Late-night traffic will change negatively impact surrounding neighborhoods.

I urge you to work with Top Golf to find a location, such as the Fairgrounds, that puts no neighborhood at risk. That's the win-win situation. Some of the speakers talked about Louisville always being left behind. Mature leadership in Nashville and other cities brought Top Golf with no harm to other stakeholders. Your mature leadership could make it happen.

Please give it some consideration,

A handwritten signature in black ink, appearing to read "Marcus H. Norton". The signature is fluid and cursive, with a large loop at the end.

Marcus H. Norton

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Taylor King

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Stephen Shunk

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

The people protesting are classic "Not In My Backyard". I've shopped at Oxmoor for over 20 years so I'm more than acquainted with the area. top Golf will not interfere with the enjoyment of their neighborhood.

The distance is great enough that the lights won't shine in their windows and the noise won't penetrate into their homes.

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

Please support Top Golf in Louisville and represent the vast majority of Louisville who supports this development. What does it say to listen to less than 1% of the city's population when 99% support this?

I am hoping you'll make the right choice for our entire city and ensure Louisville develops for years to come. Stopping Top Golf sends a bad message about our city's desire to grow and I personally am tired of seeing other cities nearby grow and prosper while we stay stagnant. This addition could be the start of a huge boom for our city whereas a vote against could be the start of our decline. Please consider the impact of this move on generations to come and those young professionals who really want to stay in Louisville but are starting to feel this city really doesn't want them anymore...

Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Ashton adams

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Allen Harris

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Sarah Petrosky

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Ashley LeGrande

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

James Conklin

October 3, 2018

The Honorable Greg Fischer
Mayor of Louisville
527 W. Jefferson Street, 4th Floor
Louisville, KY 40202

Mayor Fischer:

I hope this message finds you well. As a frequent visitor to Kentucky and the greater Louisville area, I wanted to congratulate you on the prospects of landing a Topgolf in your city.

My name is Paul Lawson, I am a retired minister and Navy veteran, and I reside in Virginia Beach, Virginia. My house is two streets over from the Topgolf facility. Here is the truth: Topgolf has been a wonderful amenity for our community.

I was recently visiting my son and his wife here in Kentucky, where our family traces its roots, and was surprised by the amount of controversy and consternation surrounding this project.

I felt compelled to write and share my experiences living near a Topgolf in the hopes that you can share it with others in your community. It would be a shame for Louisville to miss out on such an exciting opportunity. It seems misinformation is outrunning the truth.

Since it opened, I have had the pleasure of visiting several times. The entire establishment is a high-class, family-friendly venue and true a community partner. Topgolf is a lot of fun and I have personally witnessed every age range and skill level there. The venue is well-designed, modern, and exciting.

It seems that one of the biggest contentions seems to be regarding the lights. Since Topgolf has opened, I've not been bothered once, whether at home in my backyard, or driving around town in the evenings. The facility does a terrific job of keeping light where it is supposed to be.

I also saw in some stories that the neighbors fear that Topgolf will disrupt their neighborhood. I can tell you that the noise has never been an issue for me. I do not hear the people enjoying themselves, I do not hear cars leaving, and in fact, when I visit, I cannot even hear anything from their own parking lot!

Beyond light and sound, I saw in news stories concerns about traffic and net poles.

I have lived in Virginia Beach for many years and have not noticed any changes in my daily experience since Topgolf came to town. They of course chose to locate in a busy area, but that is where successful businesses look to locate—close to the customers!

As far as net poles go, they are not the eyesore they are made out to be. Yes, they are tall, but they are not as imposing as folks have claimed. It is difficult to make out the netting against the sky, and as close as my house is, the poles do not dominate the view from my driveway or backyard. They truly fade into the background.

While I am not terribly familiar with the layout of Louisville or the proposed site, according to information online, I live closer to the Topgolf in Virginia Beach than more than 90 percent of homes in the city leading the opposition movement.

I want folks in that neighborhood to know that they can rest assured that Topgolf will not bother them with light, sound, or traffic, and it is unlikely they will see the poles.

I hope you will share this with the appropriate people on any Boards, Councils, or Committees approving this project. Thank you for your time and again, congratulations on Topgolf choosing Louisville!

Best regards,

A handwritten signature in cursive script that reads "Paul Lawson".

Rev. Paul Lawson, D. Min.
CAPT, CHC, USNR (Ret)
152 Herndon Rd.
Virginia Beach, VA 23462

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky—ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Brittney Stewart

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Councilman Reed,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Tracy Lattis

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Shannon Thomas Layton

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Dan Kosztowny

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Councilman Reed,

I am unable to make the 1 Oct 18 meeting due to a UPS trip. My family and I lived in Lyndon from 2003 to 2017 before moving out near The Paddocks. But our children still go to school in St Matthews, so we are constantly in the area.

I've lived in Louisville my whole life. From high school to today, Oxmoor has been a great mall, my favorite, but with increased online sales it's become a sad ghost town with all the vacancies.

While I think the arguments against this proposal are understandable, I think the strengths of the TopGolf proposal and what it will mean to merchants, particularly local, potential employees, and the Oxmoor Mall property outweigh those arguments.

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky—ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Andrew Noland

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I know you have received many letters just like this one encouraging you to vote yes to Top Golf at Oxmoor Center. When I have traveled to other cities, I make it a priority to include Top Golf in my activities if one is available. Each time, I've thought of myself, "Louisville is such a cool place that keeps growing, why won't Top Golf bring a location to us?"

Now that Top Golf is finally willing to build a location, it's a shame that a very small group of people in the entire population in our community is putting us at risk for not adding a very fun, family-oriented activity to the mix, but also sending the message that Louisville is anti-growth and development.

Imagine other companies monitoring this situation, wondering if they should come to the Louisville market, and deciding not to because they don't want to jump through the absolutely unnecessary hoops imposed on them.

Top Golf has addressed each one of the Hurstbourne residents' concerns with studies and facts. I live in Lyndon and belong to Hurstbourne Country Club, and no complaint that has been brought up could make me not want Top Golf in Oxmoor Center. I love Top Golf. I have a Top Golf member card from my first experience in Denver, and having it close to my house would be a dream.

The old Sears building has become an eye sore used as an overflow lot for the over-saturation of car dealerships in the area. It's time to bring new business there, and Top Golf is the perfect solution. We cannot send the message that development only happens outside the Gene Snyder. This central location will allow more people to enjoy the great fun Top Golf provides all ages.

I hope you'll share this message with the Planning Commission. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Matt Zinser

Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Christina Abney

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Note also that I LIVE IN HURSTBOURNE and I don't have any concerns or problems with TopGolf coming to Oxmoor. I think the concerns that have been voiced are unfounded and many seem strange as there will likely be no more traffic than usual cutting through Hurstbourne on either Nottingham Pkwy or Linn Station. Note as well that although there indeed are signs in yards, these are NOT at every home or house. Ive talked with many in the city of Hurstbourne who wouldn't mind TopGolf coming to Oxmoor. So bring it on - Ive played TopGolf elsewhere (Cincinnati) and I think it will be a welcome and fun experience and will help keep Oxmoor alive.
Thanks!

Sincerely,

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen. Thank you for your time!

Sincerely,

Robert M Wilga

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Mr. Fischer,
Topgolf does not belong at Oxmoor Center. We back up to the proposed Top Golf and would hate for the added noise, lights, and safety issues to be a problem for our young children.
Thank you! Amy Cooper

Subject: Case# 18Zone2014 - in favor of Topgolf at Oxmoor

I want to make sure you know that there's at least one citizen that is in favor of Topgolf at Oxmoor Mall.

1. I think this could be a great addition to the Mall, at a time when I think it will be very difficult to find a replacement tenant for Sears.
2. I think the developers have been responsive to the concerns expressed about about lighting and noise.
3. I think having Topgold at Oxmoor would make Hurstbourne more attractive as a neighborhood for young families that like golf.
4. I am suspicious of such a well-organized and -funded group against this development. I've heard a rumor that it's being funded and orchestrated by a rival developer who wants Topgolf to go to his site in Louisville.

I intend to attend the hearing tonight to express these opinions.

Regards,
Mike Harlan

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

I am a resident of the City of Hurstbourne and I live by the Country Club. The Hurstbourne Country Club's lighting, traffic and noise level during outings and events at the club is tolerated by the City so can Topgolf.

I do not want to see the Oxmoor Center turned into parking lot for dealerships.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

In a few short months, Topgolf has already demonstrated it is prepared to continue the Oxmoor Center tradition of being a good neighbor. They have made changes to their plan and undertaken several impact studies to ensure their design fits with the existing footprint of the mall.

Beyond all of that, this investment represents 500 new jobs for Louisville and Kentucky-ensuring that patrons from across the region will spend their money here and not Cincinnati, Indianapolis, or Nashville.

I hope you'll share this message with the Planning Commission. It would be a shame for them to get confused by the small number of vocal opponents who seem opposed to any type of development at this location.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen.

Do not hesitate to contact me at 502-387-0653 or at 616 Hatherleigh Lane, Louisville, KY 40222. Thank you for your time!

Sincerely,

Douglas J. Voet, CPA, CGMA

Subject: Support for Topgolf at Oxmoor Center – Case# 18ZONE1014

Dear Mayor Fischer,

I am excited to share my support for Topgolf at Oxmoor Center and the zoning changes needed to make it happen. Please add this letter to the docket for Case# 18ZONE1014 and preserve in your records ahead of any Metro Council activity.

Oxmoor Center represents the perfect location for Topgolf in Louisville and a significant upgrade over a closed department store. The mall is centrally located and already planned for this type and density of development, per the Regional Center Form Area specifications of Cornerstone 2020.

Topgolf is an exciting and fun addition to Louisville that will help give new life to Oxmoor Center, ensuring it remains a thriving economic engine for years to come. Further, attracting investment from Topgolf and other signature brands demonstrates the city's appeal and helps attract additional investment.

Louisville wants Topgolf, we want it at Oxmoor Center, and we want you to know you have our support for making it happen.

Louisville needs more development like Top Golf to compete and attract people as our surrounding Cities do. It would send a very bad message and create an image for the City if this were not to be approved. Future Developers and Companies will look elsewhere in doing business where it is easier to get things done.

Thank you for your time!

Sincerely,
