Bob:

This appears to be exactly the same language that everyone approved back in November. I thought that this was already an ordinance by now. Unless there is some change that I don't know about, then I am OK with this language.

John,

I am OK with the amendment but I also wanted to forward to Anna and Ed for their comments before it goes to the Council.

Thanks,

Bob

Hi John—hope you're hanging in there through the latest round of winter weather. I was wondering if you could have this item placed on the next Metro Council Agenda? I think we'd like to go ahead and send it through the approval process. If you recall, we were all in agreement on the language, but I think there was some confusion about when the matter would be filed. We are ready to move forward, and since I don't have access to Granicus, I'd appreciate your help in getting the ordinance filed. Thanks and please let me know if you have questions about this.

Councilman Tandy:

Attached is a draft ordinance addressing the concerns expressed by the DDRO. EGI staff and the County Attorney's office have all reviewed this Ordinance and it is acceptable to each organization.

If it is acceptable to you, it is ready for filing. We can initiate the process if you would like us to. Please let us know.

Thank you, Jeff Mosley.

Thank you both for your sage legal guidance on this change. This change is very helpful to the DDRO in its signage review process and it will still accomplish the desired result of the original revised ordinance.

All my best,

I'm OK with it. My emails with Anna Tatman and Bob Keesaer last month indicate this revision is very helpful for the DDRO Committee.

Ladies and Gentlemen:

Please see the attached, revised Metro Ordinance per our earlier discussion. Jeff Mosley.

Jeff,

I've attached the draft ordinance amending Chapter 155 to clarify the language in 155.41(B) regarding the types of signs that are exempt from the Land Development Code. I've also taken the opportunity to correct a scrivener's error that used the term "Entertainment Activities," where the language should have read "Entertainment Attractions." Please let me know if you have questions.
