Hi Dirk,

Can you tell me if the survey fee can be covered using CIF funds? Council Member Armstrong intends to appropriate the funds from her capital funds. Will Public Works accept the appropriation?

Thanks,

Megan Metcalf

Dirk,

Please see the attached preliminary scope and fee for this project. If this looks acceptable, we will get a more formal proposal letter over to you. We can talk more tomorrow if you want to see any changes.

We will get with KYTC folks before we start to make sure we get everything in the coordinate systems they want.

Thank you for the opportunity.

Chad

Dirk,

Here are the proposed locations for bump outs.

Have the surveyors work with Andrew please.

Ben and Kevin,

I put together a slide deck of the 29 locations we identified as potential bump-out locations yesterday with photos. There is also a single map doc attached showing the general locations as well. Please let me know if I got any of them wrong or am missing anything. Just want to confirm these before we start prioritizing locations.

Thanks, Patrick
