3-Year Sidewalk Repair Program

FY 19 to FY 21

Overview

The 3-Year Sidewalk Program specifies the Louisville Metro maintained sidewalks that are scheduled to be repaired over the next 3 fiscal years, beginning July 1, 2018, assuming a consistent level of funding for the duration of the plan.

An integral part of our infrastructure is sidewalks since they provide connectivity to public services for the broadest range of our residents. Insuring that our pedestrian facilities are safe and available to everyone is the goal of the Sidewalk Repair Program. This is achieved by eliminating tripping hazards that pose a risk to the traveling public and ensuring that all sidewalks conform to the Americans with Disabilities Act dimensional requirements.

Since the amendment to Ordinance No. 253, Series 2010, passed on 12/16/2010, Public Works has accepted responsibility for sidewalk repairs on all Metro maintained roads. With this amendment, Public Works inherited a backlog of reported sidewalk hazards that had been the responsibility of abutting property owners. Prior to Fiscal Year 2012, sidewalk repair funding was a mix of Metro Council Capital Infrastructure Funds and CDBG funds. A Public Works sidewalk repair budget of \$225,000 was first approved in the FY 12 budget. With this budget, and with increased funding in subsequent years, repairs were prioritized based on the date reported and the severity of the hazard.

Public Works Sidewalk Repair Budget	
Fiscal Year	Funding
2012	\$225,000
2013	\$269,000
2014	\$409,000
2015	\$1,409,000
2016	\$1,227,445
2017	\$3,933,000
2018	\$2,000,000

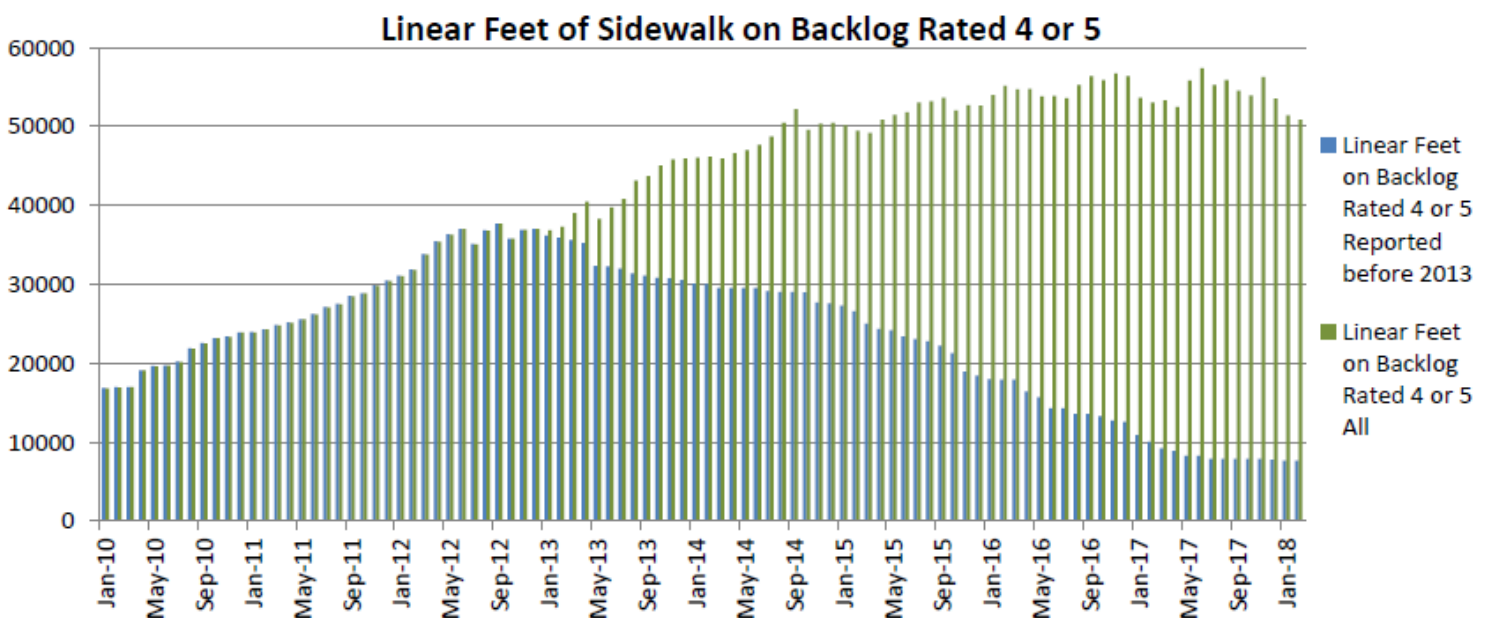

Purpose

This program was developed to prioritize sidewalk repair projects over the next 3 fiscal years based on the sidewalk condition and severity of hazard. Sidewalks rated a 4 or 5, from a scale of 1 to 5 with 5 being the most severe, are considered the highest priority for repair and likely require full replacement. Sidewalks rated a 2 or 3, while still a hazard, may be repaired using an alternative to full replacement with the more economical grinding technique, which is usually performed on an area-wide scale as opposed to specific address locations. Refer to the Sidewalk Repair Process Chart on Pg 4 of this plan for an overview of the inspection and prioritization process. As Public Works wraps up the comprehensive sidewalk inventory that was funded in the FY 18 budget, and as the backlog of reported sidewalk hazards decline, we will begin a proactive approach to sidewalk repair and prioritize projects based on a series of criteria that will result in a greater impact to overall pedestrian mobility and accessibility.

Assets

Public Works estimates that there are about 2,000 linear miles of sidewalks along Metro maintained Rights-of-Way. Since an accurate inventory has never been performed for this asset, the overall condition can only be estimated based on the total number of request for repairs that have been submitted over the years. If just 10% of the total existing sidewalk network were deemed deficient, then the estimated cost to replace would be \$86,000,000.

Since funding has increased over the years, hazards are being addressed but new sidewalk deficiencies continue to be reported to Public Works for repair. The FY 19 plan for repair prioritizes projects chronologically and by severity for the Districts that have reported hazards. In Districts with no reported sidewalk deficiencies, the new sidewalk inventory will be used to identify specific projects based on several criteria. The plans for FY 20 and FY 21 follow a similar format but as reported deficiencies decline all new sidewalk repair projects will move toward the proactive sidewalk repair criteria.

Data collection for a comprehensive sidewalk inventory, funded in the FY 18 budget and identified as Project #38, began in January of 2018. The intent of the inventory was to identify the location and condition of all sidewalks within the Metro maintained Rights-of-Way so that a proactive sidewalk repair plan could be developed that prioritizes repair projects based on the sidewalk condition (tripping hazards, ADA compliance, roughness), the roadway classification, pedestrian demand, and the proximity to pedestrian oriented services. Although the results of this inventory have not been finalized, the final report should be available by July 1, 2018.

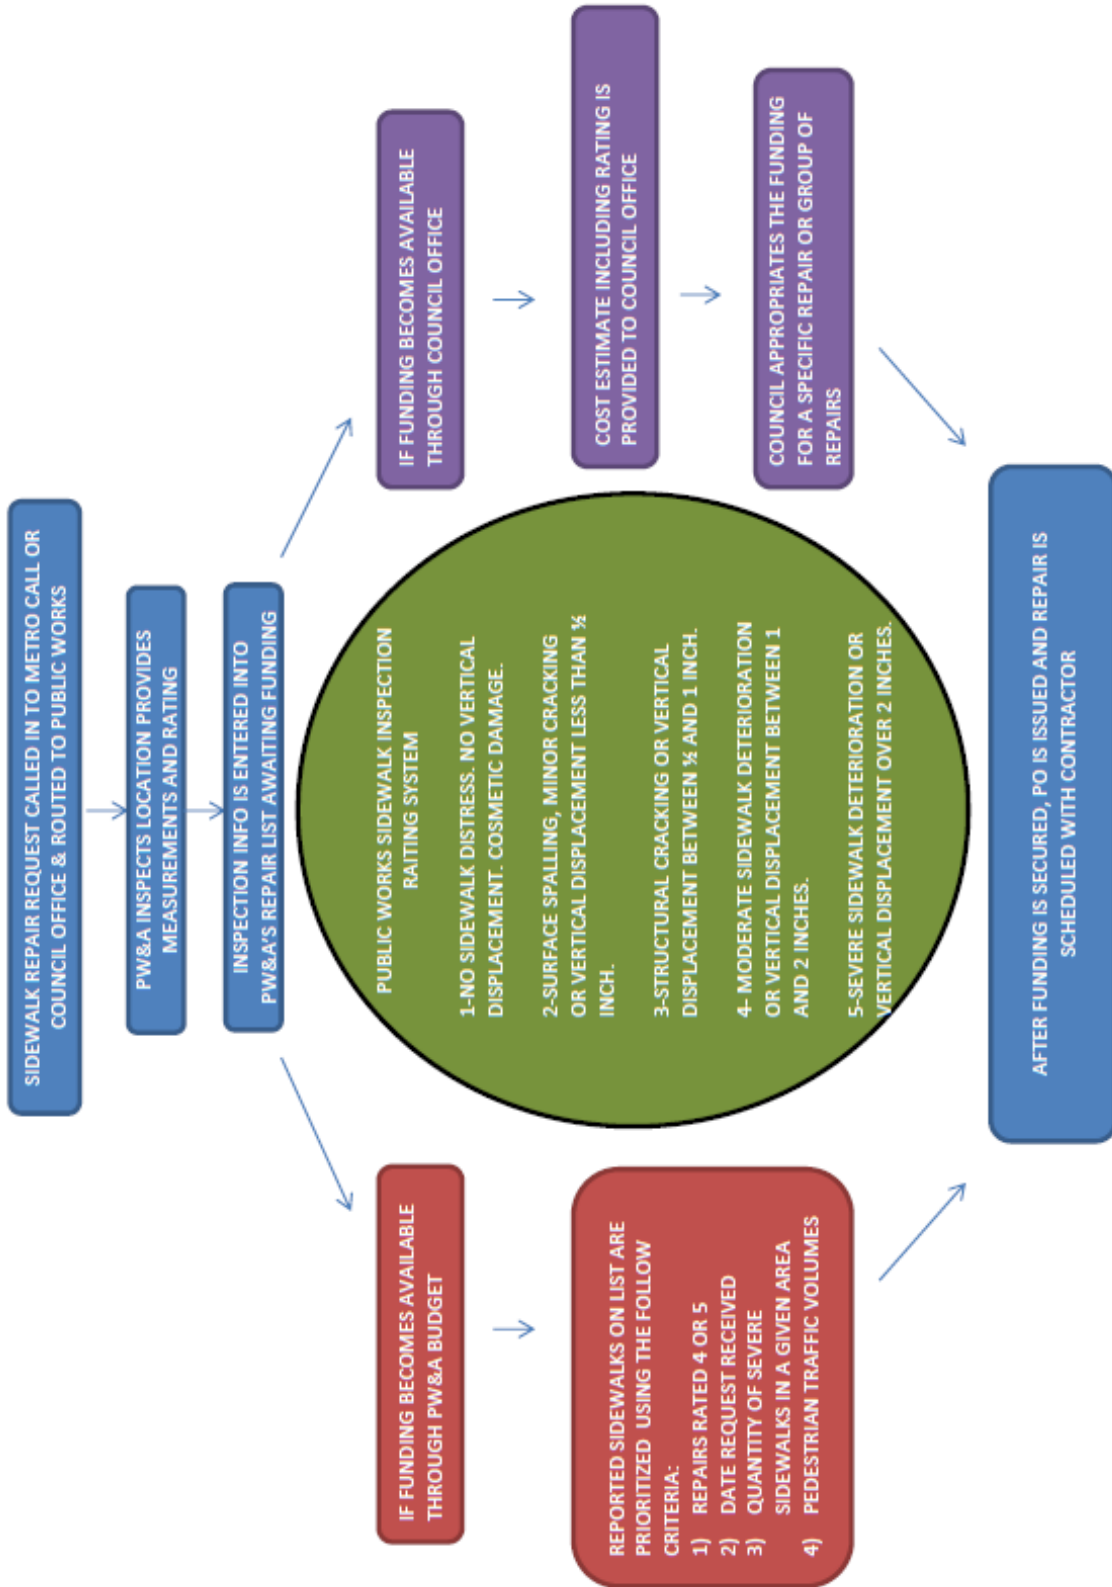

See Appendix A, B & C for the sidewalk locations to be repaired during the 3-Year Sidewalk Repair Program.

Below is the table showing the amount of spending for sidewalk repairs by District:

District	FY 19	FY 20	FY 21	
1	\$48,136	\$64,629	\$41,469	
2	\$25,000	\$25,000	\$40,000	
3	\$25,000	\$25,000	\$40,000	
4	\$293,997	\$180,166	\$147,744	
5	\$239,601	\$259,093	\$178,377	
6	\$178,455	\$178,306	\$71,929	
7	\$25,000	\$25,000	\$40,000	
8	\$176,722	\$250,934	\$112,931	
9	\$29,876	\$30,090	\$90,913	
10	\$27,188	\$25,000	\$40,000	
11	\$25,000	\$25,000	\$40,000	
12	\$31,858	\$25,000	\$40,000	
13	\$30,382	\$25,000	\$40,000	
14	\$25,000	\$25,000	\$40,000	
15	\$29,071	\$25,000	\$40,000	
16	\$25,000	\$25,000	\$40,000	
17	\$25,000	\$25,000	\$40,000	
18	\$25,000	\$25,000	\$40,000	
19	\$32,400	\$43,950	\$40,000	
20	\$25,000	\$25,000	\$40,000	
21	\$25,000	\$25,000	\$40,000	
22	\$27,132	\$25,867	\$40,000	
23	\$25,000	\$25,000	\$40,000	
24	\$25,000	\$25,000	\$40,000	
25	\$25,000	\$25,000	\$40,000	
26	\$26,809	\$25,000	\$40,000	
Subtotal	\$1,496,627	\$1,483,035	\$1,443,363	
	\$3,373	\$16,965	\$56,637	Unscheduled Repairs
Total Budget	\$1,500,000	\$1,500,000	\$1,500,000	

All Districts will receive a minimum of \$25,000.00 /year for sidewalk repairs.
