REAL Solutions to a Real problem

Join the members of REAL, the Renewable Energy Alliance of Louisville,
to learn what is working in other cities.

RESOLUTION NO. _____, SERIES 2019
A RESOLUTION FOR 100% CLEAN RENEWABLE ELECTRICITY FOR
METRO GOVERNMENT OPERATIONS BY 2025, 100% CLEAN ENERGY
FOR METRO GOVERNMENT OPERATIONS BY 2035 AND 100% CLEAN
ENERGY COMMUNITY-WIDE BY 2040.

SPONSORED BY: COUNCIL MEMBER BRANDON COAN

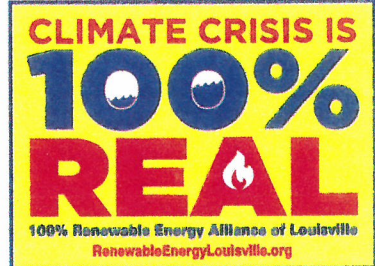

WHEREAS, "clean renewable electricity" is defined as electricity that: (1) can be
extracted, generated, and consumed with minimal carbon emissions or no emissions at all,
and with no current or future threat to life and the natural environment; and (2) is generated
and stored from renewable resources, which are naturally replenished on a human
timescale, such as sunlight, wind, geothermal, tidal and oceanic, biomass, and
hydroelectric; and (3) "clean energy" encompasses electricity, transportation,
buildings, and food systems; and

WHEREAS, overwhelming scientific evidence confirms the existence of climate change
and that the primary cause of recent climate change is human combustion of fossil fuels;
and

WHEREAS, climate change has already brought devastating impacts in our nation,
and globally and, if unchecked, will fundamentally undermine the stability of economic,
national, and social systems, including the possibility of massive disruptions to human life on
Earth; and

WHEREAS, more frequent and severe flooding, storms, and droughts in our own
region pose similar threats to the stability of the local environment and economy, including
human health effects; and

WHEREAS, there is no credible path to a stable climate that includes continued long-
term combustion of fossil fuels and the proliferation of new fossil fuel infrastructure; and
