## NDF, CIF, MAP OR PAV INTERAGENCY CHECKLIST

**Interagency Name:** Metro Public Works & Assets

**Program/Project Name:** 3500 Block of Algonquin Parkway sidewalks

Yes/No/NA

**Request Form:** Is the Request Signed by all Council Member(s) Appropriating Funding?

Yes

**Request Form:** If matching funds are to be used, are they disclosed with account numbers in the request form description?

NA

**Request Form:** If matching funds are to be used, does the amount of the request exclude the matching fund amount?

NA

**Request Form:** If other funds are to be used for this project, are they disclosed with account numbers in the request form description?

Yes

**Funding Source:** If CIF is being requested, does Metro Louisville own/will own the real estate, building or equipment? If not, the funding source is probably NDF.

NA

**Funding Source:** If CIF is being requested, does the project have a useful life of more than one year? If not, the funding source is probably NDF.

NA

**Ordinance Required:** Is the NDF request to a Metro Agency greater than \$5,000? If so, an ordinance is required.

NA

**Ordinance Required:** Is the request a transfer from NDF to cost center? If so, is the amount given for the fiscal year \$25,000 or less?

NA

**Supporting Documentation:** Does the attachment include a valid estimate and description of cost?

Yes

**Submitted by:** \_\_\_\_\_

**Date:** May 26, 2021

**Subject:** Sidewalk Repair Estimate for the 3500 Block of Algonquin Pkwy

**Categories:** Red Category

Charles,

I got your voice message. The cost to repair the sidewalks on the south side of the 3500 Block of Algonquin, including the sidewalks crossing the asphalt driveway aprons is estimated at \$22,286.52.

Please let me know if you have any questions.

Thanks,

**Attachments:** RE: Sidewalk 3500 Algonquin Parkway

Charles,

Since these sidewalks were reported in September 2018 they aren't scheduled for repair until FY22 with the sidewalk repair budget. However, if Councilwoman Green would like to fix these sidewalks sooner I got an estimate from Precision Concrete Cutting for \$3,393 to bevel the sidewalk trip hazards ¼ inch to 2 inches high. After beveling I would go back and repair the sidewalks that can't be fixed by grinding, particularly the sidewalk involving the tree at the corner of Algonquin Pky & Belquin Rd.

If this process sounds like something the Councilwoman would like to fund as opposed to waiting until next FY, let me know and I'll go ahead and have the tree at Algonquin & Belquin inspected.

If I repair these sidewalks next year I may only bevel the sidewalks that are 1 inch to 2 inches high (rating of a 4 or 5) which would leave quite few trip hazards that some people may be complaining about. But I would still repair the sidewalk at Algonquin & Belquin.

Either now or later the driveway issues referenced in the attached email would remain until an agreement can be made with the property owners.

Thanks,

**Craig Allen, PE**

Hello, Algonquin Parkway is a state road between Belquin Rd and 35<sup>th</sup> St and so I can't use the sidewalk repair budget on Algonquin. But since Belquin is a Metro road and there is a 4 or 5 at the corner of Algonquin & Belquin I'm checking with Jeff Brown to see who's maintenance responsibility this would be.
