

NOTICE:
 The Architect/Engineer does not define the scope of individual trades.
 The Architect/Engineer is not responsible for the design of any trades which are not specifically identified in the contract documents. It is the responsibility of the contractor to obtain and review the complete set of drawings and specifications when preparing bids.
 Consideration will be given to requests for change orders for items not described and indicated as different locations throughout these documents. No individual trades, subcontractors, material suppliers, and vendors may be detailed.
 It is not intended to define a contractor's scope of work. Information regarding which trades are to be included in the contract documents, and which trades are to be excluded, is to be determined by the Architect/Engineer. Any sheet numbering system used in these drawings, material suppliers, or vendors. Any sheet numbering system used in these drawings, material suppliers, or vendors. Any sheet numbering system used in these drawings, material suppliers, or vendors.
