Hello Director Kirchdorfer,

Please confirm that you will accept \$1,000 for the date rape drug stickers/test devices. Brad and I discussed, and we think this is a good amount to get started, however LaTonya wants a confirmation in writing that you are willing to accept this amount.

Good morning,

The supporting emails in the NDF packet reference D08 is offering \$1,500 or so for the sticker. Please provide an email supporting the department is accepting the \$1,000.00 in order to support the amount the district is actually appropriating. Thanks.

Councilwoman Armstrong. I am good with it. OMB will have to setup the accounts for funds and then we can order.

T. & Brad, start looking for the best option and delivery times. I know all of us would like to get them out there as soon as possible

Thanks

Thanks for the fast response, Brad. I love the sticker idea! Why don't you all get Director Kirchdorfer to agree, and--as soon as I have something in writing from one of you--I'll transfer money to you all to buy stickers/coasters/whatever you think would be impactful.

Appreciate you all, and thanks for your work on this.

I love the idea. Director Kirchdorfer would have to accept it.

There is a company that makes stickers that can go on the back of your cell phone. One drop and the sticker will change colors. Those were less conspicuous than the coasters and maybe that is something we can explore?

Thanks for being such a great advocate for safety, Councilwoman Armstrong.

Subject: Drink coasters to test for date rape drugs

Hi folks,

Given the PSA about the bars on Bardstown Road, and the concerning rise in violence against women/sexual assault nationwide, I'd like to purchase some of the coasters that test for date rape drugs for y'all to distribute to local bars (I'm assuming this is something ABC is best situated to do, although I'm copying Major Allen with LMPD since we discussed this yesterday).

Can I give you all \$1500 or so (I can check my accounts but I probably have a bit more if needed) to make an initial purchase? I think I just need an email from someone in ABC saying that you're willing to accept the funds for me to get started with the paperwork on my side.

It looks like there are a few companies that make these (Guard My Drink and DrinkSafe were the ones that popped up for me), and that they run around \$1-\$2 per coaster. We could give bars bags of like 100, and, when we drop them off, make them sign an acknowledgement that these aren't a replacement for security

efforts and aren't intended to be any sort of dispositive scientific test or to be represented to customers as such. We could also leave some with ABC and LMPD officers so that they could have them on hand if the need arose.

Thoughts?

Appreciate your all's partnership on this.
