NDF, CIF, MAP OR PAV INTERAGENCY CHECKLIST

Interagency Name: Public Works	
Program/Project Name: 2 stops signs and 2nd & Florence	
	Yes/No/NA
Request Form: Is the Request Signed by all Council Member(s) Appropriating Funding?	Yes
Request Form: If matching funds are to be used, are they disclosed with account numbers in the request form description?	NA
Request Form: If matching funds are to be used, does the amount of the request exclude the matching fund amount?	NA
Request Form: If other funds are to be used for this project, are they disclosed with account numbers in the request form description?	NA
Funding Source: If CIF is being requested, does Metro Louisville own/will own the real estate, building or equipment? If not, the funding source is probably NDF.	Yes
Funding Source: If CIF is being requested, does the project have a useful life of more than one year? If not, the funding source is probably NDF.	Yes
Ordinance Required: Is the NDF request to a Metro Agency greater than \$5,000? If so, an ordinance is required.	NA
Ordinance Required: Is the request a transfer from NDF to cost center? If so, is the amount given for the fiscal year \$25,000 or less?	No
Supporting Documentation: Does the attachment include a valid estimate and description of cost?	Yes

The posts are called "flexible delineator posts". They are posts (see pictures below) to allow the stop sign to be installed safely in the street. That street too wide as is. Less expensive to do this than a curb extension.

Dan,

Yes, Louisville Metro Public Works will accept these funds.

Thanks,

Stuart

Mr. Sparks,

Yes we want to proceed with this 4-way stop at S. 2nd Street & W. Florence Ave. We will appropriate \$1,408.00 for 8 posts at \$176.00 each. You will provide 2 stop signs/posts and installation. Will you accept the funds?

Dan,

I will fund the signage but CM Triplett would have to fund the posts. The cost for the posts would be \$1,408 if we had 8 installed. They are \$176 each.

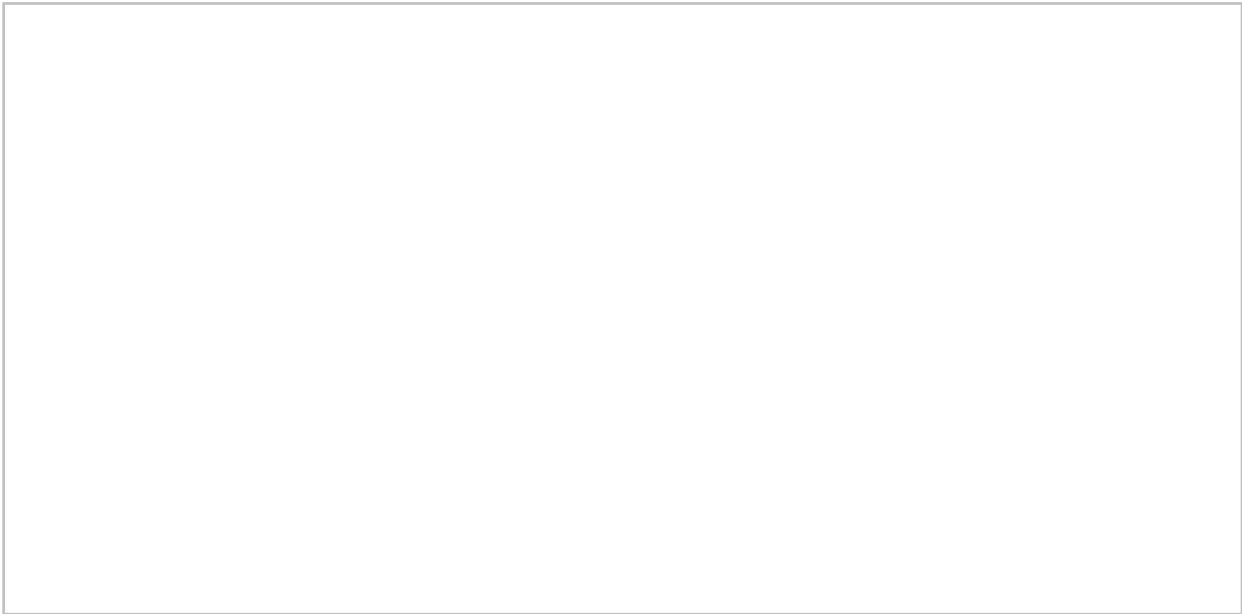

Thanks,

Stuart

Here are two before and after examples of an option to protect the stop sign and ensure adequate visibility if on street parking would limit visibility if placed outside of the road.
