Re: Bowman/Taylorsville Neighborhood Plan

Dear Mr. Coan:

Let this serve as notice of the Airport Authority's Interest in contributing to the costs of a study of the Taylorsville Road neighborhood surrounding Bowman Field, the Airport Authority's reliever airport. It is my understanding that this study and the results would be of benefit to both the Airport Authority and the community we serve. To that end, we are interested in contributing \$20,000 towards the costs, contingent upon our receipt and approval of the written scope of the project.

I look forward to receipt of this information at the earliest convenience.

Sincerely,

A handwritten signature in blue ink that reads "Dan Mann".

Dan E. Mann, A.A.E.  
Executive Director
