DEPARTMENT OF PUBLIC WORKS AND ASSETS

LOUISVILLE, KENTUCKY

GREG FISCHER

MAYOR

VANESSA D. BURNS

Director

TO: Councilman Stuart Benson
District 20

FROM: Gregory A. Dow
Traffic Engineering

DATE: July 7, 2021

RE: Cost of Speed Humps/Signage for Landis Lakes Drive

| | |
|---------------------------------------|-------------|
| Five (5) Speed Humps x \$2,100.00 = | \$10,500.00 |
| Two (2) Speed Hump signs x \$260.00 = | \$520.00 |
| Total = | \$11,020.00 |

Please consider this letter as our official Statement of Cost for all speed hump related work. Each speed hump, including markings is \$2,100.00 and each sign is \$260.00. Based on our Engineering Studies, a total of five (5) speed humps and two (2) speed hump signs have been proposed for Landis Lakes Drive, between S. English Station Road and Inspiration Way. The total "not to exceed" cost is \$11,020.00.

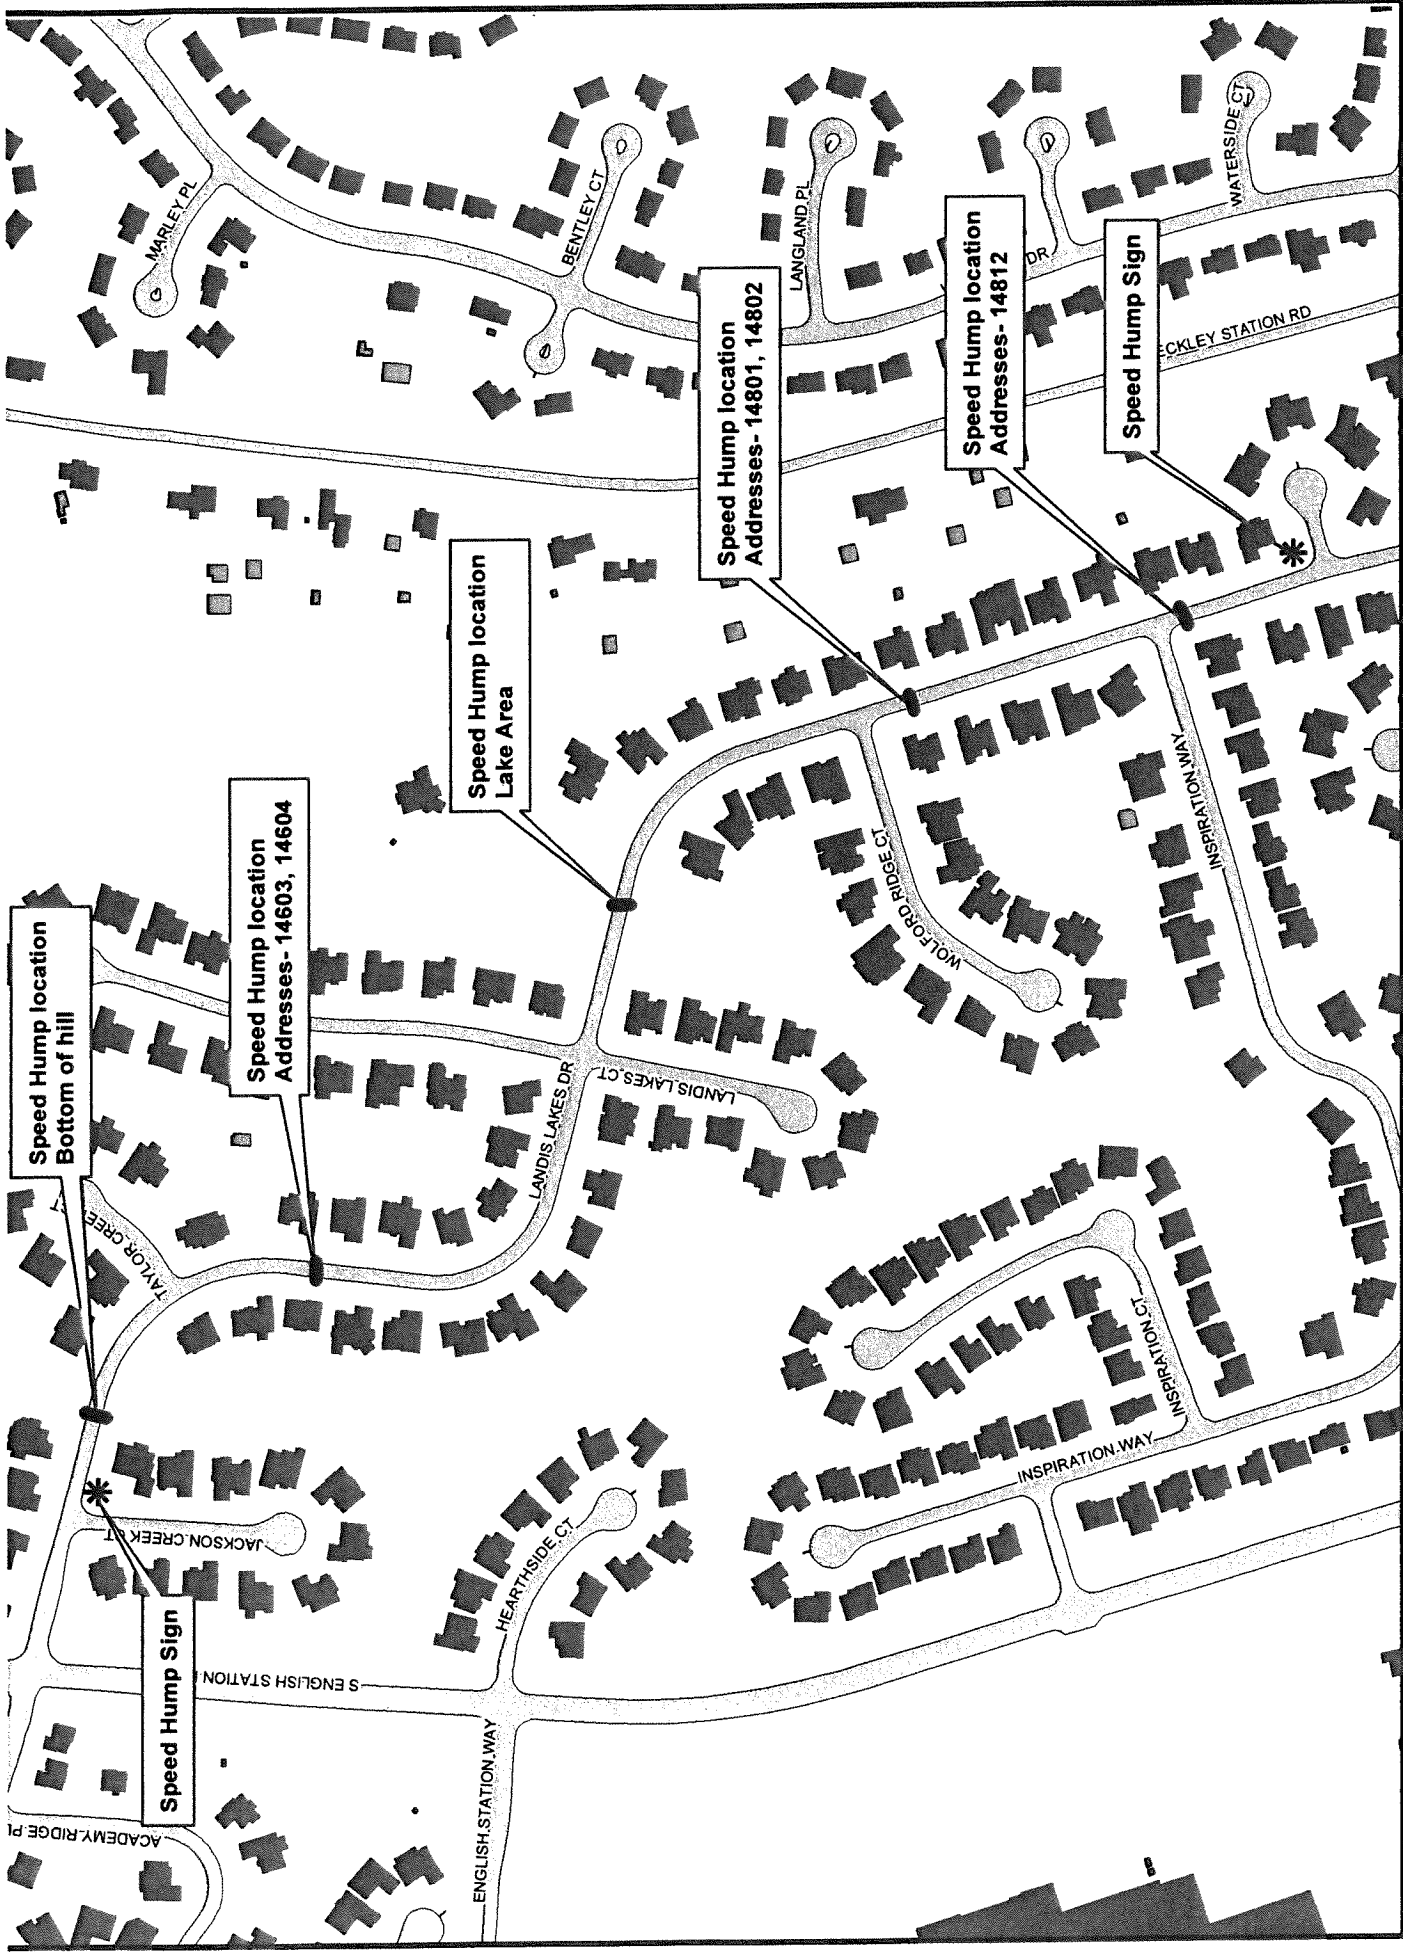

As I understand it, your office will fund half the amount which totals \$5,510.00 and Landis Lakes Community Association has agreed to fund the remaining half, which totals \$5,510.00.

Upon funding approval, the speed humps will be installed as weather permits.

Please let me know if you have any questions. You may contact me at 574-3882.

Sincerely,

Gregory A. Dow
Traffic Engineering

June 9, 2021

support / oppose the installation of speed humps on our street.

I understand that the speed humps with related signage and street markings may be installed in front of my house and may eliminate my ability to park along the street. I understand that installing speed humps may increase traffic noise and slow response time for Emergency Services.

If installed, I understand that the humps will be only considered for removal after receipt of a petition from a substantial majority (70% or more) asking for their removal along with sufficient funds for their removal. Note that Louisville Metro may remove any or all of the humps at any time for safety reasons at no cost to the adjacent property owners.

support / oppose the installation of speed humps on our street.

I understand that the speed humps with related signage and street markings may be installed in front of my house and may eliminate my ability to park along the street. I understand that installing speed humps may increase traffic noise and slow response time for Emergency Services.

If installed, I understand that the humps will be only considered for removal after receipt of a petition from a substantial majority (70% or more) asking for their removal along with sufficient funds for their removal. Note that Louisville Metro may remove any or all of the humps at any time for safety reasons at no cost to the adjacent property owners.

In initial meeting with Mr. Troost, he indicated he was opposed to speed humps, but nothing was signed. Dennis knocked on door several times afterwards and wasn't able to get a response. Mark Snyder offered via email for the Troosts to print copy and return to him.
