There will be regular maintenance and upkeep of the property are crucial to prevent hazardous conditions, such as deteriorating structures. Property will be mindful of noise, waste disposal, to avoid becoming a nuisance to neighboring properties.

Explain how the variance will not allow an unreasonable circumvention of the requirements of the zoning regulations.

~~The~~ goal is to maintain the orderly development of the community, protect public health and safety, preserve neighborhood character. A few properties have been used for commercial such as Airbnb. We are making it a fourplex - surrounding the property.

With the construction of the four-plex it will be constructed by approval and ~~will~~ follow rules and regulation, similar to other homes on the street.

We are complying with all necessary updates and changes to be up to code with the City of Louisville. We are making the changes necessary to be a fourplex
