Comments: Very much do not want this to go through. The traffic on Massie is already too fast and too plentiful. There is also another condo development being built on the west end of Massie near Chenoweth that is going to increase throughput on this road. On top of that, the intersection at Westport and Ridgeway is a mess as it stands!

Comments: This is much too high density for this area! The traffic is already bad and this would make it so much worse. This is right along a traffic pattern for many schools. A student was recently hit in the area with traffic as bad as it already is. This would also ruin the character of the neighborhood. Please don't allow this to go through.
