

SHOP WITH A COP 6th DIVISION NDF REQUEST

Martha Metcalf is the mother to Debra and Teresa Metcalf. She is a single mom who is also struggling, she often struggles to provide food. I took food to her residence from Dare 2 Care, and I have seen the small apartment that the three live in. She truly is trying to do the best that she can for her kids, but she needs help.

Danetta Matthews is the guardian to Khalid Matthews, Yasser Amr, and Martez Boyd. The mother of the three boys lost custody of them and Danetta gained guardianship of the three boys. She is also a single mother to her own children but didn't want these boys to get lost in the system.

Vanity Woodson is the mother of Vontre Hines and Jaziah Woodson. She is a single mother and living in and out of hotels. She is struggling to make it for her and her kids. She currently stays in a hotel off Preston Highway.

Officer Ben Shelton recently came across two children that reside in a mobile home. The ages of the children are 7 and 10, he said that they could benefit from Shop with a Cop. Officer Shelton is working to identify other families in need.

All NDF funding provided by Metro Council for this request will be utilized to help these and other families in need during their hard times. The 6th division LMPD is happy to be able to help these families with the Shop with Cop program utilizing NDF funds appropriated by Metro Council Districts.

Thank you,
