

Youth Health Education and Child and Youth Development

July 27, 2015

Louisville Metro Council
601 W. Jefferson Street
Louisville, KY 40202

Dear Honorable Louisville Metro Council Members:

We are committed to bringing violence prevention/health education to more youth in Louisville, Kentucky. We need your financial support to do this and we would like to make a \$25,000 Neighborhood Development Fund request.

In Louisville:

- “There had been **42** criminal homicides in the city as of Monday afternoon, (July 20, 2015), a 44 percent jump compared to this time a year ago and a 75 percent spike versus two years ago, according to local police data. And the data show that homicide and shootings in the city disproportionately affect black youths.” (Louisville Courier-Journal, 2015)
- There were **21,212** Law and School Violations by students (multiple) in Jefferson County Public Schools (JCPS), Louisville, Kentucky, 2012/2013 school year. JCPS student population 99, 767. (Source: Kentucky Center for School Safety, 2014)
- “A new report shows the number of people who died from drug overdoses in Kentucky jumped 7 percent last year while the number of deaths attributed to heroin stayed about the same. According to the report, there were **1,087** overdose fatalities in 2014; 1,010 overdose deaths were tallied in the 2013 report. Louisville had the most overdose deaths with 204, an increase of 12 from 2013.” (WKYT, 2015)

In Kentucky:

- Violent Crime: Assault, Homicide, Kidnapping/Abduction, Robbery, Sex Offences (Forcible), in Kentucky were reported at their highest-level in 2014 with **38,353 offenses**. There were **35,412** violent offences in 2013, **36,956** in 2012 and **37,467** in 2011. Also in 2014, Serious Crimes committed in Kentucky was at it highest-level rising **10.6 percent** from 2011 to 2014, from **198,889** to **220,083**. (Source: Kentucky State Police - Crime in Kentucky Report 2015)

The following is information on our **YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program (VPHP)** "Protecting the whole youth and nothing but the youth" (c). Teaching Violence Prevention and Healthy Lifestyles to Children and Youth. **YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program's** purpose is to reduce youth violence and improve the physical, emotional, and mental health of children and youth.

YouthAlert! (YA!) personnel present this program directly to any number of youth in a school or class environment. YouthAlert! (YA!) presenters include youth and adults from its **YouthAlert! (YA!) Model Youth Mentoring Initiative**.

Extra attention during these presentations is given to male youth, U.S. minorities, and those in the ninth grade. *Over 90% of 3,371 youths, and 100% of 38 school educators, surveyed after participating in this program said it would stop someone from doing violence.*

YouthAlert! (YA!) has met all of GuideStar's Requirements for **Impact** and **Effectiveness** to reach GuideStar's highest level, GuideStar Exchange Gold Participants. YouthAlert! (YA!) is one of only 4,000 of the 1.8 million nonprofits listed in GuideStar to reach this special status.

Our next step is to reach *more* youth in Jefferson County, Kentucky and in the Jefferson County Public Schools (JCPS) this up-coming 2015/2016 school year. JCPS schools open August 3, 2015 and school starts for students on August 12, 2015.

YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program subjects include, Domestic Violence, Dating Violence, Bullying, Suicide/Self Harm, Gang Violence, Sexual Violence, School Violence, Child Abuse, Neglect, Elder Abuse, Safe Surroundings, and more. Over half of the program deals with the subject of youth violence prevention. The remaining sessions cover all other youth health advocacy and prevention topics including, Mental Health, Social Health, Physical Health, Substance Abuse, Unintentional Injuries, Diet, Poverty, Consumerism, and more.

YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program is, first, and foremost, a community outreach program which brings community speakers from the 35 hours of video from our six **YouthAlert! (YA!) Violence Prevention Event and Forum** to students. It also helps youth connect to local and national support and intervention services. The program is continual and interactive both using current technology for out-of-school learning and lesson plans for in-school learning. The program represents the voice of the entire community and all opinions are welcome, and encouraged, from the community, educators, adults, and youth.

YouthAlert! (YA!) Violence Prevention/Health Program begins with its own three-hour, three-day, Introduction Presentation. The Introduction Presentation includes a Live Speaker, Videos, Video Slides, Public Service Announcements (PSA's) Videos, Important Statistical Information, Important Skills Sets to Learn, Role Playing, Question and Answer Periods, Open Discussion, Worksheets, Surveys, Local Youth Service Contact Information, Free Snacks and more.

YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program follows a lesson plan that is aligned with the National Health Education Standards (NHES), which is followed by Kentucky Public Schools. The program is also overseen by a YouthAlert! (YA!) Advisory Board of Health and Education Professionals and follows an Evidenced-Based Blueprint with Outcome Evaluations recommended by the Centers for Disease and Control (CDC). It also designed for a Kentucky school Program Review in Practical Living – Career Studies and Writing. YouthAlert! (YA!) is also EILA approved for Professional Development for Kentucky educators.

YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program matches the National PTA's Resolution on Violence Prevention.

"Resolved, that the National PTA, through its constituent organizations, encourage the Department of Defense Education Activity, local school boards and other school governance bodies to incorporate a violence prevention component into existing courses of study that is age appropriate in a K-12 curriculum."

YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program mirrors the recommendations of both the City of Louisville, Kentucky's Violence Prevention Workgroup and the Public Safety and the State of Kentucky Department of Juvenile Justice's Prevention Principles.

*"The Violence Prevention Work Group's recommendations are for Louisville schools to **implement violence prevention programs** for children in pre-kindergarten to grade 12, more diversity training for teachers and intervention programs for young people who commit their first crimes. (Louisville, KY, October 2012)*

*"To plan for effective delinquency prevention and early intervention, the family, school and community as a whole must be involved in addressing the problems. DJJ's key principles for preventing and reducing juvenile delinquency are: **To promote prevention strategies and programs.**" (Kentucky Department of Juvenile Justice January 2013)*

Violence Prevention Education works:

"Over the past few decades, social scientists have made great strides in uncovering the causes and correlates of youth violence. Numerous programs have demonstrated their effectiveness in reducing risk factors for serious violence. Our review of the scientific literature supports the main conclusion of this report: that as a Nation, we possess knowledge and have translated that knowledge into programs that are unequivocally effective in preventing much serious youth violence. (Office of the U.S. Surgeon General, 2001)

"Universal school-based programs to reduce or prevent violent behavior are delivered to all children in classrooms in a grade or in a school. Similarly, programs targeted to schools in high-risk areas are delivered to all children in a grade or school in those high-risk areas. During 2004--2006, the Task Force on Community Preventive Services conducted a systematic review of published scientific evidence concerning the effectiveness of these programs. The results of this review provide strong evidence that universal school-based programs decrease rates of violence and aggressive behavior among school-aged children. Program effects were demonstrated at all grade levels." (National Center for Injury Prevention and Control, CDC, National Institute of Justice, NIJ, et al, 2007)

Our Program budget for Louisville, Kentucky is \$125,000. The breakdown is as follows:

- To reach at least 25,000 youth in Louisville, Kentucky with our class size, multi-day, **YouthAlert! (YA!) Violence Prevention/Health Community Program.**
- That would be approximately 100 multi-day presentations during the course of 12 months in Louisville, Kentucky. Last school year YouthAlert! (YA!) did approximately 40 presentations.
- These 100 multi-day presentations would be to approximately 250 youth per presentation, which would be approximately 7 classes per day with 35 youth per class.
- Average cost is \$5.00 per youth for reaching 25,000 youth in Louisville, Kentucky, class-size, multi-day, over the course of 12 months.

We target our Programs and Initiatives to youth because in just a short span of ten years, **50 Percent** of violence is committed by those ages **14 to 24** nationwide. Homicide is also the number two cause of death of all **youth** and the number one cause of death among African-American **youth** in the U.S. The highest violent offenders, and victims, of violence, are **youth** ages **18 to 24**. Our focus in on **youth** ages **12 to 17** *before* they reach the most dangerous age of violent offenders and violent victimization.

YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program is just a **small fraction of the cost** of other violence prevention initiatives in the U.S.; **\$2.8 Million**, Monterey County, California, **\$3 Million**, New London City District, Connecticut, **\$2 Million**, Cook County, Illinois, **6 Million**, U.S. 18 Colleges, **1.1 Million** Newport News, Virginia. **26.5 million**, Baltimore, Maryland, **8.25 Million** Boston, Massachusetts, **20 Million**, Oakland, California, **3.1 Million**, Milwaukee, Wisconsin.

YouthAlert! (YA!) spending structure is as follows: **Administrative and Fundraising Costs per Dollar.** Better Business Bureau's Wise Giving Alliance Recommendation for Charities \$.35. USA Office of Personnel Management Recommendation for Charities \$.25. **YouthAlert! (YA!) \$.10.**

Thank you for your time and consideration.

Our Mission: "To bring about a reduction in youth violence and improve the health of children and youth through *education, volunteerism, and teamwork.*"

Yes **37** (97.3%) A Little **0** No **0** Don't Know **0**

One Write In: "Mostly"

8. Would you recommend the Session/Program to other youth groups, schools, or youth organizations?

Yes **38** (100.0%) A Little **0** No **0** Don't Know **0**

YouthAlert! (YA!) Host Survey Analysis: Out of 304 possible individual responses, 38 Public School Hosts Surveys, there were 290 total "Yes" answers, 95.4 percent. There was 1 "No", 2 "Don't Know", and 1 write-in answers. 100 percent of Hosts agree that his Session/Program may **stop** some youth from doing violence, even is just a little with 33 of 38, 86.8 percent, answering "Yes"(question number three). 100 percent of Hosts said "Yes" they would **Recommend** this Session/Program to other youth groups, schools, or youth organizations, (question number eight).

Comments:

"Outstanding program for Middle School. Above & beyond our expectations. Thank you very much!!!" **Diane Redmond, Health Coordinator, Lassiter Middle School, Louisville, Kentucky**

"The three day program covered A LOT of material. Loved the videos in the presentation, students appeared engaged." **Dawn Davis, FRYSC Coordinator, Lassiter Middle School, Louisville, Kentucky**

"Really appreciated your time and energy with the kids. Everyone enjoyed every single minute." **Robert Ward, Health Department Chair, Iroquois High School Magnet Career Academy, Louisville, Kentucky**

"The students were excited and eager to learn with the program. They are looking forward to more sessions." **Cheryl Gilbert, Youth Services Coordinator, Carrithers Middle School, Louisville, Kentucky**

"This is a great presentation for the demographics of our student population. They need to hear these messages!" **Alex Shapiro, Health Department, Crawford Middle School, Lexington, Kentucky**

"The program has excellent information. I use some of the same info when teaching their health class." **Diane Polley, Health, PE Teacher, Fern Creek High School, Louisville, Kentucky**

"Thank you for coming out! It was great." **Emily LaPlante, PE and Health, Western Early College High School, Louisville, Kentucky**

"The program presented real life experience to the students." **Vikki Joslin, Health Instructor, Leestown Middle School, Lexington, Kentucky**

"We are so happy that you brought your program to our school. We thank you so much for your support and your involvement with our youth today. You provided us with a powerful message. WE appreciate you empowering each student with the information. I highly recommend your program to other schools." **Shellie Bryan, PAC Room Instructor, Zachary Taylor Elementary School, Louisville, Kentucky**

"Outstanding powerpoint, great videos. This program would be beneficial to any JCPS school." **John Hinton, P.E. & Health Teacher, Newburg Middle School, Louisville, Kentucky**

"The students thought the program was very inspirational and really enjoyed the program! Thanks again for coming out, look

forward to next year." **Mark Tudor, Health, Atherton High School, Louisville, Kentucky**

"Students were able to identify with the videos and the people in them. Great message." **Krista Ford, Medical Teacher, Waggener High School, Louisville, Kentucky**

"Wonderful patience and ability to "reach" my students." **Rebecca Warnacutt, Health Instructor, Winburn Middle School, Lexington, Kentucky**

"Kids were engaged and moved! Very professional and flexible. I would love to have you back!" **Lisa Hager, Health Instructor, Southern Middle School, Lexington, Kentucky**

"It was very in-tune with the 6th, 7th, 8th grades. I like how the speaker broke up the instruction with the videos" **Dennis Johnson, Physical Education, Jessie M. Clark Middle School, Lexington, Kentucky**

"The program was very beneficial to the students. The presenter was well prepared, profession and did an outstanding job!" **Tony Catalano, P/E Health Instructor, Conway Middle School, Louisville, Kentucky**

"Lots of information that students needed." **Bridgette Jones, Youth Services Coordinator, Conway Middle School, Louisville, Kentucky**

"We thought it was a great presentation and hope that you will be back." **Jennifer Brophy, M.Ed, Career Planner/Louisville Education Employment Partnership (LEEP) Coordinator, Louisville, Kentucky**

"Totally Awesome Program! This program is needed at Each and Every School!!" **Mary Wurst, MAT, M Ed, Health and Physical Education Instructor, University of Louisville, Louisville Kentucky**

"This program provided a positive message for teens in violence prevention. It helped to define violence and bullying with resources as to where to get help." **Kara Stacy, Health Instructor, Beaumont Middle School, Lexington, Kentucky**

"Worked well with issues dealt. Most kids understood big picture of presentation. I appreciate the work you do and keep it up." **Terry L. Williams, M.A.T., Physical Education & Health, DOSS High School, Louisville, Kentucky**

"Awesome use of technology - it keeps the kids engaged. Great job connecting with our students. We all enjoyed the presentations." **Brittany Witt, Health Instructor, Knight Middle School, Louisville Kentucky**

"I truly enjoyed this presentation. It was insightful and informative. Thank you for sharing with our students." **Cierra Parker, Related Arts, Knight Middle School, Louisville Kentucky**

"Very age appropriate and does a great job developing trust with students in a short time." **Matthew Yates, Health & PE, Morton Middle School, Lexington, Kentucky**

"Innovative presentation that captured and maintained the attention of middle school students. Well done!" **Amanda Adams, Health & PE, Morton Middle School, Lexington, Kentucky**

"It engaged the kids and they were very responsive. The information was on target. I like how it adapted to the audience and how it was able to size them and their attitude up so quickly." **Melissa Ratcliff, Health & Wellness Teacher, Bryan Station Middle School, Lexington, Kentucky**

"It is good, some kids don't want to discuss much @ this age. Thank you very much." **Brianna Wolf, Health Instructor, Southern High School, Louisville, Kentucky**

"Very positive!" **Shauna Paul, Youth Services Coordinator, Southern High School, Louisville, Kentucky**

"I thought the session was well received by the students and I thought that the presenter did a great job giving the material." **Larry Poynter, Health/PE Instructor, Paul Lawrence Dunbar High School, Lexington, Kentucky**

"Did a great job keeping the students engaged." **Lee Jonas, Health/PE Instructor, Paul Lawrence Dunbar High School, Lexington, Kentucky**

"Good Presentation." **Emily Coleman, Health/PE Instructor, Paul Laurence Dunbar High School, Lexington, Kentucky**

"Very Good!" **David Hensley, Health/PE Instructor, Paul Laurence Dunbar High School, Lexington, Kentucky**

"Great job! Very informative and age appropriate." **Heather Eaton, Spanish Instructor, Frederick Law Olmsted Academy South Middle School, Louisville, Kentucky**

"Great videos, students really like getting candy for Q's. The material covered was helpful + age appropriate. Very professional presentation. I hope to have YA! present again at OAS!" **Jamie Powell, PE Instructor, Frederick Law Olmsted Academy South Middle School, Louisville, Kentucky**

"Awesome presenter. Great content. The kids loved it. Perfection!" **Eduardo Mateo, ESL Instructor, Frederick Law Olmsted Academy South Middle School, Louisville, Kentucky**

"I was very impressed with the program." **Myron Thompson, District Health & Wellness Coordinator, Risk Management and Safety, Fayette County Public Schools, Lexington, Kentucky**

"You are truly appreciated in this community and the work you do is much needed." **Roy Woods, Chair, Equity Council, Fayette County Public Schools, Lexington, Kentucky**

"Thanks for all your work to benefit our youth and communities" **John Price, Board Chair, Fayette County Public School Board, Lexington, Kentucky**

"This is a great presentation. It is one that I would recommend for all schools to provide for their kids." **Stu Silberman, Executive Director, Prichard Committee for Academic Excellence, Lexington Kentucky**

"Interesting take on violence all together. Good info for youth!" **Ms. Pearson, Fayette Regional Juvenile Detention Center, Lexington, Kentucky**

"Great info! Thanks for coming and speaking with our youth. We look forward to having you again." **Joy Collins, Youth Detention Services, Alternative Placement Services Supervisor, Louisville, Kentucky**

"Youth violence in KY continues to be on the rise. This program is an outstanding step in the right direction to help our youth in the effort to reduce youth violence and I think it should be done in every school in the commonwealth." **Hatim Omar, MD, Professor, Pediatrics & Obstetrics/Gynecology, Division of Adolescent Medicine Chief, Children's Miracle Network Chair, UK Healthcare, Department of Pediatrics, Lexington, Kentucky**

YouthAlert! (YA!) \$25,000 NDF Request Addendum

July 27, 2015

Section 3 - Agency Details – Describe Agencies Vision, Mission and Services:

YouthAlert! (YA!) Mission: To bring about a substantial reduction in violence through education, volunteerism, and teamwork.

YouthAlert! (YA!) Model: People voluntarily using the power of their unique, personal, individual, one-of-a-kind, identity while never compromising any of our good, common, fundamental, principles.

YouthAlert! (YA!) is a group of concerned and caring American adults from many parts of American society whose purpose is help to bring about a substantial reduction in children and youth violence up to 24 years of age. All of YouthAlert! (YA!) initiatives are educational only and rooted in volunteerism. YouthAlert (YA!)'s initiatives are not political, financial, religious or judgmental.

YouthAlert! (YA!) and Win The War! Against Violence (WTWAV) are dba's of War Against Violence Corporation (WAVC), a Nonprofit Public Charity incorporated in the State of Kentucky on March, 14, 2008. Kentucky State ID # 0688025. DUNS # 969082895.

YouthAlert! (YA!) is Tax Exempt under I.R.S. Code 501 (c) (3). Employee Identification Number (EIN)/Federal Tax Identification Number (FID) is 27-5333413. Effective date of exemption is March 14, 2008.

YouthAlert! (YA!) hopes to aid in the instruction and training of individuals for the purpose of improving their lives and help fully develop their capabilities in the area of violence prevention.

YouthAlert! (YA!) also hopes to instruct the public at large on subjects useful to individuals and beneficial to their community.

There may be times when YouthAlert! (YA!) offers particular viewpoints. But it does not merely present a view point, it also intends to offer sufficiently full and fair exposition of pertinent facts to permit an individual or the public to form and independent opinion or conclusion.

YouthAlert! (YA!) intends conduct public discussion groups, forums, panels, lectures and other similar programs to meet these ends.

YouthAlert! (YA!) is a public charity serving the public interest not anyone's private interests. All private benefits are incidental ones. We do not allow more than an insubstantial accrual of private benefit to individual or organizations. And no part of YouthAlert! (YA!) net earnings inure to the benefit of any insider.

YouthAlert! (YA!) does not directly or indirectly participate in, or intervene in, any political campaign on behalf of (or in opposition to) a candidate for public office.

Administrative and Fundraising Costs per Dollar. Better Business Bureau's Wise Giving Alliance Recommendation for Charities \$.35. USA Office of Personnel Management Recommendation for Charities \$.25. YouthAlert! (YA!) \$.10

YouthAlert! (YA!) is a Better Business Bureau (BBB) Accredited charity meets all 20 Standards for Charity Accountability and is a Seal Holder.

YouthAlert! (YA!) is GuideStar Gold Exchange Participants nationally.

YouthAlert! (YA!) are members of the Association of Fundraising Professionals (AFP) and adhere to their "Code of Ethical Principles and Standards" and their "Donor Bill of Rights".

YouthAlert! (YA!) is a member of GoodGiving.net, an initiative of the Blue Grass Community Foundation, Lexington, KY which has additional guidelines we follow and our profile at these sites is quite extensive and where we published many our polices and corporate documents including our; Financial Information, Articles of Incorporation, By-Laws, Conflict of Interest Policy, Whistleblower and Fraud Reporting Policy, Management Succession Outline, Nondiscrimination Policy, Records Retention Policy, Risk Management Outline, Assumed Name Filing, Strategic Plan and more.

YouthAlert! (YA!) is also members of the Kentucky Nonprofit Network (KNN), Lexington, Kentucky, and the Center for Nonprofit Excellence (CNPE), Louisville, Kentucky.

Section 4 – Program/Project Narrative

A: Describe the program/project start and end date, a description of the program/project and the applicable data with regards to specific client population the program will address (attach related flyers, planning minutes, designs, event permits, proposals for services/goods etc.).

YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program (VPH), YouthAlert! (YA!) Model Youth Mentoring Initiative (MYMI). July 1, 2015 to June 30, 2016.

YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program's purpose is to reduce youth violence and improve the overall health of Kentucky youth. The program brings community speakers from the 35 hours of video from our six YouthAlert! (YA!) Violence Prevention Event & Forum to students. It also helps kids connect to local and national support and intervention services. The program continues out-of-school with our YouthAlert! (YA!) Model Youth Mentoring Initiative (MYMI). YouthAlert! (YA!) creates YouthAlert! (YA!) Model Youth who will set the peer standard in their school and community, mentor other youths, and assist in the presentation of YouthAlert! (YA!) Programs.

YouthAlert! (YA!) Violence Prevention/Health Program begins with its own three-hour, three day, Introduction Presentation performed by YouthAlert (YA!) personnel. This Introduction Presentation consists of video slides, narration, YouthAlert! (YA!) Live Speakers, Event Video Speakers, Live Narration, PSA Videos, Question, Answer and Discussion Periods, In-Class Worksheets, In-Class Surveys, and more. It touches on all subjects of youth violence prevention and healthily lifestyles for youth. 94 percent of youth and 100 percent of hosts surveyed this last school year in Kentucky thought this program would stop someone from doing violence. This information is from our formative assessments which 3,371 Youth Surveys and 38 Public School Host Surveys this last school year as of June 8, 2015.

Our next step in our strategic plan is to reach *more* youth in Jefferson County, Kentucky and in the Jefferson County Public Schools (JCPS) this up-coming 2015/2016 school year. JCPS schools open on Monday, August 3, 2015 and school starts for students on Wednesday, August 12, 2015.

YouthAlert! (YA!) Violence Prevention/Health Program subjects include, Domestic Violence, Dating Violence, Bullying, Suicide/Self Harm, Gang Violence, Sexual Violence, School Violence, Child Abuse, Neglect, Elder Abuse, Safe Surroundings, and more. Over half of the program deals with the subject of youth violence prevention. The remaining sessions cover all other youth health advocacy and prevention topics including, Mental Health, Social Health, Physical Health, Substance Abuse, Unintentional Injuries, Diet, Poverty and Consumerism and more.

One-hundred percent of the NDF Request will be for direct programming in Jefferson County, Kentucky. For the \$130,000 Request, \$5,000 from each honorable Louisville Metro Council Members, we hope to reach 26,000 youth in Jefferson County (ages 10 to 24) with our program within one year, July 1, 2015 to June 30, 2016. The locations will be in-school, out-of-school, justice and state facilities inside Jefferson County, Kentucky. YouthAlert! (YA!) has performed

its programming directly to over 3,000 youth in the last 12 months. Most of them in Jefferson County, Kentucky. Council members may designate to our organization where their funds should be used.

\$125,000 Program Budget Breakdown for Louisville, Kentucky:

Reach 25,000 youth in Louisville, Kentucky with our class-size, multi-day, YouthAlert! (YA!) Violence Prevention/Health Community Program.

That would be approximately 100 multi-day, class-size, presentations during the course of 12 months in Louisville, Kentucky. Last school year YouthAlert! (YA!) did approximately 40 presentations during the school year.

These 100 multi-day, class-size, presentations would be to approximately 250 youth per presentation, which would be approximately 7 classes per day with 37 youth per class.

Average cost would be approximately \$5.00 per youth for reaching 25,000 youth in Louisville, Kentucky, class-size, multi-day, over the course of 12 months.

B: Describe specifically how the funding will be spent including identification of funding to sub grantee (s):

NDF would be used for direct programming to youth only. The program has been already developed over two and one-half years so funding would be used exclusively presenting, and performing, the programming directly to youth ages 10 to 24 years of age. Extra attention during these sessions is given to male youths and minorities.

Budget Item A: There are no Personnel or Payroll Costs Including Benefits expenses used in this NDF request.

Budget Item C: Office Supplies are the costs, including printing costs, to administer the YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program only not for the YouthAlert! (YA!) organization itself. YouthAlert! (YA!) has discounts and sales tax-exempt status with Office Depot and will purchase the majority of its office operational supplies for its programming through Office Depot. YouthAlert! (YA!) is not charge a sales tax due to its nonprofit status.

Budget Item D: Telephone costs will predominately be mobile phone/cell phone costs on a separate YouthAlert! (YA!) account for easy tracking and analysis.

Budget Item E: There are no travel or entertainments expenses used in this NDF request.

Budget Item H: Program Materials include a very great deal of paper handouts and instruction manuals given to all involved in the program, including presenters, trainers, student, youth teachers school administrators, community organizers, mentors, volunteers and much more. Program material costs also include all the technology used for the program including the cost of our free mobile phone app to the program web site and many more technical related avenues designed to reach youth where they prefer to get the programming information at any given time.

Budget Item I: YouthAlert! (YA!) Model Youth Mentoring Initiative See Section 5 at the end of Addendum.

Budget Item J: Small equipment is for equipment used at the actual presentation. Programs at a great many different locations and many different settings and variety of small equipment, and their accessories, is needed to perform and record the presentations correctly. Equipment includes: projectors, laptops, video screens, video cameras, etc.

E: Describe the program's benefits to those being served (measurable outcomes). Include the programs process for collecting data and the indicators that will be tracked to measure the benefits to those being served:

YouthAlert! (YA!) goal is a ten percent reduction in all violence with youth who have gone through our program.

We measure with formative and summative assessments with the addition of school and public statistics. Over 94% of youth, 100% of educators, surveyed in a formative assessment after this program said it would help stop someone from doing violence.

YouthAlert! (YA!) Violence Prevention/Health Program follows a lesson plan that is aligned with the National Health Education Standards (NHES), which is followed by the Kentucky Core Academic Standards (June 2010). The progress is measured through schools Program Review Assessment as well as student health grades. It is also EILA approved by the State of Kentucky for Professional Development hours to educators. The program is also overseen by a very active YouthAlert! (YA!) Advisory Board.

YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program matches the National PTA's Resolution on Violence Prevention.

"Resolved, that the National PTA, through its constituent organizations, encourage the Department of Defense Education Activity, local school boards and other school governance bodies to incorporate a violence prevention component into existing courses of study that is age appropriate in a K-12 curriculum."

YouthAlert! (YA!) Violence Prevention/Health Program mirrors the recommendations of both of the Louisville, Kentucky's Violence Prevention Workgroup, the Lexington, Kentucky's Commission for Youth Development and Public Safety and the State of Kentucky Department of Juvenile Justice's Prevention Principles.

"The Violence Prevention Work Group's recommendations are Louisville schools to implement violence prevention programs for children in pre-kindergarten to grade 12, more diversity training for teachers and intervention programs for young people who commit their first crimes." (Louisville, KY, October 2012)

"To plan for effective delinquency prevention and early intervention, the family, school and community as a whole must be involved in addressing the problems. DJJ's key principles for preventing and reducing juvenile delinquency are: To promote prevention strategies and programs." (Kentucky Department of Juvenile Justice January 2013)

YouthAlert! (YA!) will be implementing an evidence-based study called "Blueprints for Violence Prevention developed by the Center for the Study and Prevention of Violence (CSPV) at the University of Colorado-Boulder and supported by the Office of Juvenile Justice and Delinquency Prevention, U.S. Department of Justice (USDOJ). This CSPV Blueprint was recommended to us by the Centers for Disease Control and Prevention (CDC) when meeting with them in Atlanta, Georgia. Our final goal is to be considered a "Model Program" by CSPV when the completed study is submitted to them. CSPV currently only has six programs that touch on the subject of violence that are considered "Model Programs".

Violence Prevention Education works:

"Over the past few decades, social scientists have made great strides in uncovering the causes and correlates of youth violence. Numerous programs have demonstrated their effectiveness in reducing risk factors for serious violence. Our review of the scientific literature supports the main conclusion of this report: that as a Nation, we possess knowledge and have translated that knowledge into programs that are unequivocally effective in preventing much serious youth violence. (Office of the U.S. Surgeon General, 2001)

"Universal school-based programs to reduce or prevent violent behavior are delivered to all children in classrooms in a grade or in a school. Similarly, programs targeted to schools in high-risk areas are delivered to all children in a grade or school in those high-risk areas. During 2004--2006, the Task Force on Community Preventive Services conducted a systematic review of published scientific evidence concerning the effectiveness of these programs. The results of this review provide strong evidence that universal school-based programs decrease rates of violence and aggressive behavior among school-aged children. Program effects were demonstrated at all grade levels." (National Center for Injury Prevention and Control, CDC, National Institute of Justice, NIJ, et al, 2007)

F: Briefly describe any existing collaborative relationships the organization has with other community organizations. Describe what those partners are brings got the relationship in general and to this program/project specifically.

YouthAlert! (YA!) Violence Prevention/Health Community Outreach Program Sponsors already include A & W Restaurants, headquartered in Lexington, Kentucky, Texas Roadhouse, headquartered in Louisville, Kentucky, Cralle Foundation, headquartered in Louisville, Kentucky, LGE-KU headquartered in Louisville, Kentucky UPS Foundation, headquartered in Louisville, Kentucky, Hilliard Lyons, headquartered in Louisville, Kentucky, Forcht Bank, Lexington, Kentucky, Lexmark, headquartered in Lexington, Kentucky, Ale81, Headquartered in Winchester, Kentucky.
