We have come up with a pretty good playground design that fits in the existing space. This unit is \$30,000 to purchase and install. A much better price than I thought we could get. I've attached a revised version of the estimate of probable cost with the updated costs. Being so close to the new LCFC stadium, I think we can do this in purple, black and gray. Please let me know your thoughts.

Hi Wanda,
This is great news!
We can set up a meeting with some folks here at parks to discuss. Jason Canuel handles all of our capital projects. He is copied.
Thanks,

To Whom It May Concern,

Please, note that the figure on the invoice is greater than the CIF because the Parks Department received a grant for the Play Equipment. The total for the both the equipment and installation for Ginny Reichard Park totals \$43,914.00 a difference of \$13,914 from grant funding and the balance is \$30,000.00 to be taken from District 4, CIF funds. I hope this explains the circumstances pertaining to the amount on the CIF. I will strike the account number on the document as well. Thank you.
