RE: 7101 Greenbelt Hwy
20-ZONE-0072

Dear Sir,

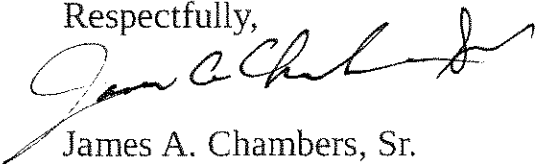

This letter is in regards to the meeting to be held at 1:00 PM Thursday, September 10, 2020 on the above noted property. Our BIG question is now that the big trucks have stopped destroying SANTA FE TRAIL AND ALAMO COURT, when will we get our roads resurfaced.

It is our understanding from Steve Scott, Principle Engineer on the project, that a **BOND** had to be in place to cover any and all damages during the use of our subdivision to access said property above. The heavy trucks and equipment to and from the property have Santa Fe Trail and Alamo Court so cracked up it looks like a jigsaw puzzle. (No pun intended). The reason Alamo Court is listed is because the big trucks turned there first instead of going one more block south to Maravian before turning left.

It would be nice if we could have the two streets repaved prior to the winter rains and freezes. I have enclosed several pictures for your viewing. An in-person inspection from your Board would be even better to see the damage first hand.

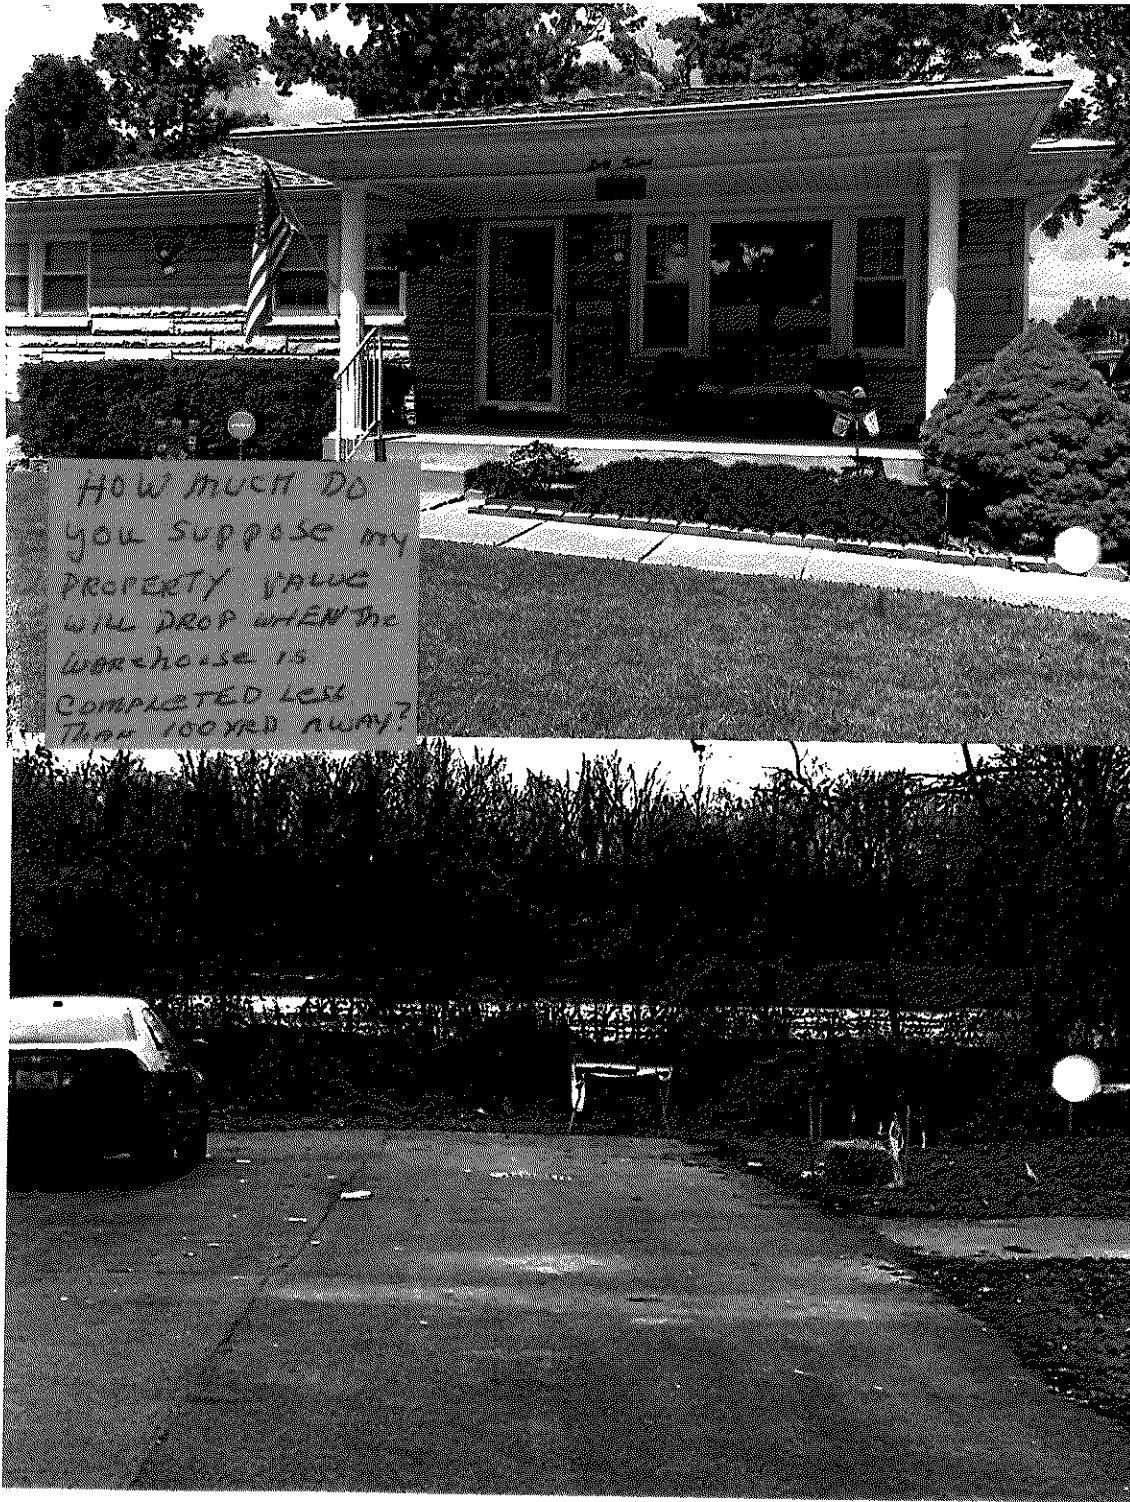

Our ears will be tuned in at one P.M. Thursday. The Commissions assistance in this matter will be greatly appreciated. We would have much rather been there in person like always. Face to Face seems to work better.

Respectfully,

James A. Chambers, Sr.

Some more of what we had
if anyone cares. Now we
have a building.

This is what we had at
the end of Santa Fe Trail
