Councilwoman Hamilton,

Jerry Barr and I went out yesterday to inspect this sidewalk and take measurements and pictures. Please see the estimate below for these sidewalk repairs.

SR#

LOCATION

200 Block of S 19th St, southwest corner

1

\$5,786.67

Estimate is valid for 90 days from date sent.
will require re-inspection.

Any requests after 90 days

Also please see the attached pictures of the sidewalk.

If appropriations can be made quick enough, we can add this repair with the D5 sidewalk repairs for which funds were appropriated last year. I am working on those now and hope to send a Notice of Work to the contractor by the end of the week.

Thank you,

Craig Allen

Cheri,
Yes, it would be approximately the 200 Block of S. 19th St., southwest corner. You can even see the damaged sidewalk in the google maps street view since 2007. Sorry for the delayed response.

Would the property around the corner possibly be for instance the 200 block of S. 19th St.? The southwest corner? We need to give them an approximate address.

The funeral home is at 1832 W. Market St. It's on the 19th street side. Any help you could do would be great. I look forward to working with you in the future.

Thanks so much! If you could give me an exact address that needs fixing, I'll have someone come out and give an estimate for the cost to repair. They are running so far behind that I would doubt if they would get to it this summer, but we'll try our best.

Thanks again and take care!

Ms. Hamilton, I am seeing if something could be done this summer concerning the public sidewalk on the 19th street side of the funeral home. My insurance company has sited me for it and is going to raise my premiums this renewal year if I don't at least have something stated that there is a plan in fixing it. Could you please see what you may be able to do. also congratulations on the election.
