CW Fowler,

If and when the additional \$55,792.27 shows up for this project, this should enable us to complete the sidewalk up to Rancho Drive. At this end of the project, we are going to need to acquire a Perm. Sidewalk Easement in front of 6107 Ashby Lane (Grace Crossing Church). Would your office like to reach out to them for a "donated" easement? This could save the project (and taxpayers) a little bit of money here. I have often heard that churches are the worst to deal with, but we recently had a church in D10 donate a sidewalk easement to Metro. If they don't want to donate, we can still go through with it with our R/W department and acquire it with payment.

With this new additional funding and expanded scope I am going to move forward with the preparation of the R/W documents now. Please let me know...

Thanks,

There is an additional \$1,038.15 in 8672 410 8105 148375 822702 MAP Match which can also be used. And there is \$5,563.84 in 8126 410 148946 822814 MAP which also is available for reallocation. All the small remaining MAP funds were left from the Greystone, Poplarwood Dr and Deering Rd sidewalk repair MAP050218PW14 and available for redistribution.

Thank you Stephen!  
Rick,  
Do you have an objection to it being heard in appropriations sir? I appreciate your consideration! Cindi

Council Member Fowler,

MAP applications do not go through the full Council. In other words, it is not read into record under New Business. This decision would be entirely up to Appropriations Committee Chairman Blackwell.
