Subject: 19-DDP-0024 Proposed apartment community with 326 units by Target Middletown

CAUTION: This email came from outside of Louisville Metro. Do not click links or open attachments unless you recognize the sender and know the content is safe

Dear Ms. Gabbard,

I am writing you in regards to the above proposed apartments next to Target in Middletown. My husband and I moved to Middletown (Eastgate Village Subdivision) approximately 3 years ago and since have seen so much unwelcomed growth in our small town. The main problem is the horrific traffic and poorly constructed roads that is not equipped for all the apartments. Middletown Commons is such a poorly designed infrastructure. One puts their lives at risk trying to maneuver through that area as well as English Station Road and Aiken Road. And now you all are proposing to build 326 unit apartments off Aiken Road. This will cause so many more traffic problems that this area cannot handle. We have witnessed so many wrecks in this area and this will only cause many more. People's lives are much more important than making a buck. Would you want these apartments in your neighborhood? If needed, I can get a petition with thousands of names of those who do not want these apartments. Please listen to the residents of Middletown. Do not build these apartments!

Sincerely,

Connie Hayes
13325 Eastgate Village Dr.
