Please ignore my previous email. Don talked to the person from metro and he said the 6th one is being done by TARC. All pads are poured and will be invoiced tomorrow.

Don called me this morning. He said they prep'd the 5 locations listed yesterday & planned to pour them later today, but the map showed a 6th location that was not listed. I asked him if he contacted Mr. Akridge at Metro. He said that he had not and did not know that he needed to coordinate through him. I informed him that it was in my email from Jan 13. He was going to follow up with him. Once these are done, please bill LWC. IF the 6th location is done, I'll get task #6 added to the project for charges. Thanks!
