

Land Development and Transportation Committee Staff Report April 13, 2017

Case No:	16zone1016
Request:	Change in zoning from R-4 to C-1 with a Variance and Waivers on approx. 1.27 ac.
Project Name:	Curtis Center
Location:	4500 and 4506 Bardstown Road
Owner:	Michael and Rebecca Curtis
Applicant:	Michael and Rebecca Curtis
Representative:	Milestone Design Group; Dinsmore & Shohl LLP
Jurisdiction:	Louisville Metro
Council District:	2- Barbara Shanklin
Case Manager:	Julia Williams, RLA, AICP, Planning Supervisor

REQUEST

- Change in zoning from R-4 to C-1
- Variance from Chapter 5.3.1.C.5 Table 5.3.2 to permit an approximate 10.4' encroachment into the 30' setback as shown on the development plan
- Waiver from Chapter 10.2.4.A to permit the proposed building to encroach into the 25' LBA as shown on the development plan
- District Development Plan with binding elements

CASE SUMMARY/BACKGROUND/SITE CONTEXT

The subject site consists of two parcels of 1.27 acres in the Neighborhood Form District with frontage on Bardstown Road and Havenview Drive(private). The applicant is proposing to change the zoning from R-4 to C-1 to permit retail/office use. Two National Register eligible structures are proposed to be demolished. The subject site is located on the south side of Bardstown Road between Fegenbush Lane and Bannon Crossings Drive. The site is in the Neighborhood Form District with the beginning of a Suburban Marketplace Corridor Form District to the north and across Bardstown Road. The site is bordered on the south by R-4 zoned residentially used parcels. To the east are R-5 zoned parcels within the Bannon Crossings Subdivision that was rezoned under docket #9-18-03. To the west and across Havenview Drive is Resthaven Cemetery. To the north and across Taylorsville Road are C-1 zoned parcels, one is an office use (9-158-85) and the other is a restaurant.

LAND USE/ZONING DISTRICT/FORM DISTRICT TABLE

	Land Use	Zoning	Form District
<i>Subject Property</i>			
Existing	Single-family residential	R-4	Neighborhood
Proposed	Commercial/Office	C-1	Neighborhood
<i>Surrounding Properties</i>			
North	Office/Restaurant	C-1	Neighborhood/SMC
South	Single-family residential	R-4	Neighborhood
East	Single-family residential	R-4	Neighborhood
West	Cemetery	R-6	Neighborhood

APPLICABLE PLANS AND POLICIES

Cornerstone 2020
Land Development Code

STANDARD OF REVIEW FOR REZONING

Criteria for granting the proposed form district change/rezoning: KRS Chapter 100.213

1. The proposed form district/rezoning change complies with the applicable guidelines and policies Cornerstone 2020; OR
2. The existing form district/zoning classification is inappropriate and the proposed classification is appropriate; OR
3. There have been major changes of an economic, physical, or social nature within the area involved which were not anticipated in Cornerstone 2020 which have substantially altered the basic character of the area.

STAFF ANALYSIS FOR REZONING

Following is staff's analysis of the proposed rezoning against the Guidelines and Policies of Cornerstone 2020.

The site is located in the Neighborhood Form District

The Neighborhood Form is characterized by predominantly residential uses that vary from low to high density and that blend compatibly into the existing landscape and neighborhood areas. High-density uses will be limited in scope to minor or major arterials and to areas that have limited impact on the low to moderate density residential areas.

The Neighborhood Form will contain diverse housing types in order to provide housing choice for differing ages and incomes. New neighborhoods are encouraged to incorporate these different housing types within a neighborhood as long as the different types are designed to be compatible with nearby land uses. These types may include, but not be limited to large lot single family developments with cul-de-sacs, neo-traditional neighborhoods with short blocks or walkways in the middle of long blocks to connect with other streets, villages and zero lot line neighborhoods with open space, and high density multi-family condominium-style or rental housing.

The Neighborhood Form may contain open space and, at appropriate locations, civic uses and neighborhood centers with a mixture of uses such as offices, retail shops, restaurants and services. These neighborhood centers should be at a scale that is appropriate for nearby neighborhoods. The Neighborhood Form should provide for accessibility and connectivity between adjacent uses and neighborhoods by automobile, pedestrian, bicycles and transit.

Neighborhood streets may be either curvilinear, rectilinear or in a grid pattern and should be designed to invite human interaction. Streets are connected and easily accessible to each other, using design elements such as short blocks or bike/walkways in the middle of long blocks to connect with other streets. Examples of design elements that encourage this interaction include narrow street widths, street trees, sidewalks, shaded seating/gathering areas and bus stops. Placement of utilities should permit the planting of shade trees along both sides of the streets.

TECHNICAL REVIEW

- Agency comments for this site have been addressed.

STAFF CONCLUSIONS

The proposal is ready for a public hearing date to be set.

3. Proposed Binding Elements

1. Zoning Map

2. Aerial Photograph

3. Proposed Binding Elements

1. The development shall be in accordance with the approved district development plan, all applicable sections of the Land Development Code (LDC) and agreed upon binding elements unless amended pursuant to the Land Development Code. Any changes/additions/alterations of any binding element(s) shall be submitted to the Planning Commission or the Planning Commission's designee for review and approval; any changes/additions/alterations not so referred shall not be valid.
2. No outdoor advertising signs, small freestanding signs, pennants, balloons, or banners shall be permitted on the site.
3. Construction fencing shall be erected when off-site trees or tree canopy exists within 3' of a common property line. Fencing shall be in place prior to any grading or construction to protect the existing root systems from compaction. The fencing shall enclose the entire area beneath the tree canopy and shall remain in place until all construction is completed. No parking, material storage or construction activities are permitted within the protected area.
4. Before any permit (including but not limited to building, parking lot, change of use, site disturbance, alteration permit or demolition permit) is requested:
 - a. The development plan must receive full construction approval from Develop Louisville, Louisville Metro Public Works and the Metropolitan Sewer District.
 - b. Encroachment permits must be obtained from the Kentucky Department of Transportation, Bureau of Highways.
 - c. The property owner/developer must obtain approval of a detailed plan for screening (buffering/landscaping) as described in Chapter 10 prior to requesting a building permit. Such plan shall be implemented prior to occupancy of the site and shall be maintained thereafter.
 - d. A minor plat or legal instrument shall be recorded consolidating the property into one lot. A copy of the recorded instrument shall be submitted to the Division of Planning and Design Services; transmittal of the approved plans to the office responsible for permit issuance will occur only after receipt of said instrument.
5. A certificate of occupancy must be received from the appropriate code enforcement department prior to occupancy of the structure or land for the proposed use. All binding elements requiring action and approval must be implemented prior to requesting issuance of the certificate of occupancy, unless specifically waived by the Planning Commission.
6. There shall be no outdoor music (live, piped, radio or amplified) or outdoor entertainment or outdoor PA system permitted on the site.
7. The applicant, developer, or property owner shall provide copies of these binding elements to tenants, purchasers, contractors, subcontractors and other parties engaged in development of this site and shall advise them of the content of these binding elements. These binding elements shall run with the land and the owner of the property and occupant of the property shall at all times be responsible for compliance with these binding elements. At all times during development of the site, the applicant and developer, their heirs, successors; and assignees, contractors, subcontractors, and other parties engaged in development of the site, shall be responsible for compliance with these binding elements.
8. The materials and design of proposed structures shall be substantially the same as depicted in the rendering as presented at the _____ Planning Commission meeting.
9. No idling of trucks shall take place within 200 feet of single-family residences. No overnight idling of trucks shall be permitted on-site.
