

To whom it may Concern,

I have learned that there is a proposal to subdivide or split the lot which is at 5466 Bruce Ave., Louisville, KY 40214.

I find the proposal to be contrary and harmful to the neighborhood. I suspect the value of the new houses as being built for maximum resale profit as opposed to a permanent single family residence as the rest of the block. The owner was spoken with and he stated he intended to more of these on the block as well.

We the undersigned do not approve of this proposal:
