<del>13</del> 16	Google Fiber Restitution	AG. REC.	3,840,000	
<del>14</del> 17	Metro Sidewalk Repair Program	BOND	1,500,000	
	a.	<u>Included in project 17 is sufficient funding to repair all 4s and 5s reported through July 17, 2017. Public Works &amp; Assets is proposing to dedicate the full sidewalk repair budget for fiscal years 2020, 2021 &amp; 2022 to eliminate the sidewalk repair backlog that are reported sidewalk hazards that pre-date the detailed sidewalk inventory. Sidewalk hazards reported after the sidewalk inventory, 12/31/18, will not receive a higher priority than sidewalk hazards discovered as a result of the inventory. Prioritization of sidewalk repairs using the sidewalk inventory will consider the following criteria: #1 – Latent demand using the Pedestrian Demand Map, #2 – Proximity to origin/destination – Transit, Hospital/Assisted Living Facility, School/Community Facility/Government Building, Employment Centers &amp; Business Zones, Residential, Concentration of damage &amp; injury claims. #3 – Quantity of severity in the area (we will focus on areas with a concentration of 4’s &amp; 5’s for efficiency).</u>		
		<u>As opposed to the spot repairs currently performed under the Sidewalk Repair Program, the proactive inventory-based program will address full block lengths and attempt to eliminate all barriers to accessibility in the area. The inventory created a massive amount of data, identifying almost 10,000,000 ft of sidewalk, so it will take Public Works &amp; Assets time to develop the proactive plan that is meaningful and give Public Works &amp; Assets the biggest bang for the buck. Using the raw data, Public Works &amp; Assets estimates about \$68,333,874 in work that needs to be done to upgrade all of the Metro maintained sidewalks. Once the proactive, inventory-based program plan is completed, nothing shall restrict Public Works &amp; Assets from dedicating fiscal year 2021 or fiscal year 2022 sidewalk repair budgets to the new plan instead of the sidewalk repair backlog.</u>		
	b.	<u>Public Works &amp; Assets will continue to provide the Council with a monthly status report of all sidewalk repair projects funded from any source.</u>
